Pious Fashion Basic Books (AZ)  
This devotional is a fun and feminine piece,  
creatively laid out like your favorite fashion  
magazine. In this magazine you will find 12  
sections. Each section begins with a devotional that  
includes raw stories of real women as they lean into  
their relationship with Jesus for strength and  
wisdom to walk their runway of life in love. The  
devotional ends with a prayer and journal prompts  
to help the reader internalize the message, followed  
by an inspiration page packed with fun and  
meaningful content to inspire your closet and your  
spirit. It ends with four separate Design Board  
pages with space for guided journaling and daily  
scripture meditation to navigate the path of love  
with God's Truth as our plumb line. It is a fun and  
unique way to study and explore scripture as we  
endeavor to fully grasp what it means to Wear  
Love.  
Weldon's Ladies' Journal of Dress, Fashion,  
Needlework, Literature and Art Smithsonian  
Books (DC)  
Since the dawn of western fashion in the  
Middle Ages, women's dress has never stopped  
evolving, yet menswear has seen far fewer style  
revolutions. At the centre of the male  
wardrobe is the suit: relatively unchanged since  
the 17th century, its cut and cloth suggest  
athleticism, seriousness, sexuality and strength

---

– qualities which contrasted with the perceived superficiality and frivolity of female dress, and eventually led to the adoption of the suit into the female wardrobe where it remains to this day. In *Sex and Suits* brilliant essayist and art critic Anne Hollander charts the development of men's and women's fashion from their divergence in the medieval period to their convergence through to the late 20th century. Challenging the idea that the suit's success is merely down to its practicality, this trailblazing book argues that men have been fashion's true style-setters and that as women's fashion has taken on elements of men's style through tailoring, so men have reclaimed the embellishment and colour of past eras. First published in 1994 to great acclaim, this classic text is as fresh and provocative as ever and remains a must-read for students, scholars and anyone fascinated by the history of fashion and gender.

Little Black Dress Magazine Harvard University Press

Originally serialized in 1915 in *The Forerunner*, and never before published in book form, *The Dress of Women* presents Gilman's feminist sociological analysis of clothing in modern society. Gilman explores the social and functional basis for clothing, excavates the symbolic role of women's clothing in patriarchal societies, and, among other things, explicates the aesthetic and economic principles of socially responsible clothing design. The introduction, by Hill and Deegan, situates *The Dress of Women* within Gilman's intellectual work as a sociologist, and relates her sociological ideas to the themes she

---

developed in some of her other works. Although written in 1915, Gilman's treatment of clothing and dress remains relevant. This pioneering effort adds substantially to Gilman's reputation as a sociological theorist and feminist. In addition, it represents one of the earliest full-length specifically sociological analyses of clothing and the fashion industry. Ultimately, the author concludes that harmful and degrading aspects of women's dress are amenable to reform if men and women will work together rationally to change the controlling institutional patterns of the society in which they live. This groundbreaking work will appeal to those interested in Gilman, feminist theory, sociological theory, social psychology, women's literature, and women's studies.

Fashion and Politics Yale University Press  
Clothing is often an indication of an individual's status, and gender. By the early nineteenth century clear definitions had developed regarding how American women and men were supposed to appear in public and how they were meant to lead their lives. As men's style of dress moved from the ornate to the moderate, women's fashions continued to be decorative and physically restrictive. This visible separation of the sexes was paralleled in other arenas - social, cultural, and religions. Some women defied this convention and cut their skirts short, abandoned their corsets, and

put on trousers. In *Pantaloon and Power* Gayle V. Fisher shows how the reformers' denouncement of conventional dress highlighted the role of clothing in the struggle of power relations between the sexes. [The Woman's Journal](#) Springer

Fashion Journal Intellect Books

For many Westerners, the veil is the ultimate sign of women's oppression. But Elizabeth Bucar's take on Muslim women's clothing is a far cry from this attitude. She invites readers to join her in three Muslim-majority nations as she surveys pious fashion from head to toe and shows how Muslim women approach the question "What to wear?" with style.

Beauty of Women Journal/Notebook Anchor  
Starting life as a Victorian needlework pattern company, Weldon's Ladies' Journal supplied dressmaking patterns and fashion inspiration to women across Britain until 1954.
