Offering a new and diverse perspective on the war and including source notes and a bibliography, Double Victory is an invaluable addition to any student's or history buff's bookshelf. D-Day Girls Random House Trade Paperbacks For fans of Radium Girls and history and WWII buffs, The Girls Who Stepped Out of Line takes you inside the lives and experiences of 15 unknown women

heroes from the Greatest Generation, the women who served, fought, struggled, and made things happen during WWII--in and out of uniform, for theirs is a legacy destined to embolden generations of women to come. The Girls Who Stepped Out of Line are the heroes of the Greatest Generation that you hardly ever hear about. These women who did extraordinary things didn't expect thanks and shied away from medals and recognition. Despite their amazing accomplishments, they've gone mostly unheralded and unrewarded. No longer. These are the women of World War II who served, fought, struggled, and made things happen--in and

out of uniform. Liane B. Russell fled Austria with nothing and later became a renowned U.S. scientist whose research on the effects of radiation on embryos made a difference to thousands of lives. Gena Turgel was a prisoner who worked in the hospital at Bergen-Belsen and cared for the young Anne Frank, who was dying of typhus. Gena survived and went on to write a memoir and spent her life educating children about the Holocaust. Ida and Louise Cook were British sisters who repeatedly smuggled out jewelry and furs and served as sponsors for refugees, and they also established temporary housing for immigrant families in London. Retired U.S. Army Major General Mari K.

Eder wrote this book because she knew their stories needed to be told--and the sooner the better. For theirs is a legacy destined to embolden generations of women to come.

The Unsung

Heroines of World War II Macmillan Publishers Aus.

Angels of the underground' tells the story of two such members of this lesser-known resistance movement--American women known only as Miss U and High Pockets. Incredibly adept at skirting occupation authorities to support the Allied effort, the very nature of their clandestine wartime work meant that the truth behind their

dangerous activities had to be obscured as long as the Japanese occupied the Philippines. Were their identities revealed, they would be arrested, tortured, and executed.

Throughout the war, Miss U and High Pockets remained hidden behind a veil of deceit and subterfuge.

The Untold Story of the American Women Code Breakers of World War II Shadow Mountain A New York Times bestseller!

" Lively and absorbing. . ." — The New York Times Book Review

"Engrossing."  
—Wall Street Journal

" Entertaining and well-researched . . . "

—Houston Chronicle Three noted Texan

writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head.

Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its

---

myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as Forget the Alamo definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. Forget the Alamo provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few

---

years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

16 Remarkable Resisters, Soldiers, Spies, and Medics  
Chicago Review Press

An introduction to the brave heroes of World War 2 for kids ages 8 to 12  
Sometimes all it takes to make a difference is a single person willing to risk

their life and take a stand. This inspiring collection of biographies explores the stories of some of the most amazing heroes of World War 2. From Anne Frank and Oskar Schindler to our forgotten African allies, these soldiers, spies, and freedom fighters helped change the world and save millions of lives. What will kids learn from their stories of selflessness and bravery? 50 incredible tales--Kids will learn about what happened in World War II through the eyes of the people who lived and fought during it.

Powerful quotations--Help kids better understand who these people were and what they stood for with direct quotes included in each story. Learn more--Kids can find out even more about the heroes in this book thanks to suggestions for further reading at the end of each biography.

Introduce kids to the incredible stories of heroic men and women in this standout among biography books.

The events of World War 2 are often associated

---

with male endeavor, particularly in war books however extraordinarily brave and courageous women not only assisted their male counterparts but had played key roles that had ultimately contributed to the success of winning the war. This book provides a platform on which to remember those fearless, forgotten WW2 women, whose stories deserve to be told. Who were these courageous

women who laid their lives on the line in WW2 history? 10 unbelievably brave and resolute heroic women prepared to face danger, spies such as: Virginia Hall Nancy Wake Vera Atkins As well as less celebrated heroines whose stories are rarely told, some of which were not typical military women, such as: Margaret Bourke-White - World War II photo journalist Elsie Ott - medical pioneer. Clare Philips - Entertainer and

spy Aleda Lutz - Flight nurse who had logged 814 combat hours. Susan Travers - Member of the French Foreign Legion Eileen Nearne and Jacqueline Nearne - sisters assigned by the SOE to France Rose Valland - Art historian and member of the French resistance Fascinating and inspiring accounts of World War 2 Women who went beyond their duty with unique courage. These accounts highlight each woman's heroic role during

---

World War 2, starting with their early life, covering the influences, decisions and circumstances which shaped their paths and finally focusing on the women they ultimately became. These were Women whose desire to contribute and affect change made them instrumental to the cause. World War 2 History's 10 Most Incredible Women is an essential resource for anyone interested in history or simply wanting

to understand and appreciate these respected, tenacious and resolute women. Includes recommended resources for further reading. Scroll up and Add to Cart! Women Warriors and National Heroes Chicago Review Press More than 800,000 Soviet women fought against Hitler's onslaught during the 'Great Patriotic War,' 1941-45. Female participation in military conflict on

such a scale is historically unique. This is the first comprehensive study of the hitherto largely hidden history of the crucial role women played in the defeat of fascism on the Eastern Front. Forget the Alamo Arcade Publishing When you think of the American Revolution, perhaps you envision the Boston Tea Party, Paul Revere's infamous ride, or George Washington crossing the Delaware River.

---

But there are many other, lesser-known stories of the war that engulfed women's lives as it did the lives of their fathers, husbands, and sons. Some women served as spies, nurses, and water carriers; some helped as fundraisers, writers, and couriers; and still others functioned as resistors, rescuers, and—surprisingly—even soldiers. Most often, their names did not make it into history books. In *Women Heroes of the American Revolution*, these fascinating women step into the spotlight they deserve. You'll learn about such brave rebels as Martha Bratton, who blew up a supply of gunpowder to keep it out of the hands of approaching British troops and boldly claimed, "It was I who did it!"; 16-year-old Sybil Ludington, who rode her horse Star twice as far as the legendary Paul Revere did in order to help her father, Colonel Ludington, muster his scattered troops to fight the British; and Deborah Sampson Gannett, who bound her chest, dressed as a man, enlisted in the Continental Army as Robert Shurtliff, and served undetected for three years alongside her fellow soldiers. These and 17 other inspiring stories of women and girls contributing to our nation's independence are recounted through energetic narrative and revealing letters and documents that allow us to hear the voices of the women themselves and those who knew and admired them.

Women with Wings: Women Pilots of World War II Chicago Review Press True Stories Of World War 2 Women In Action: The Women Heroes And Spies Of World War 2 From the dawn of time, women have been perceived as the caretakers, as nurturers and as mothers. They are seen as delicate creatures, to be protected and taken care of. Many a time, this argument has served more than one chauvinist who sought to keep

the woman bound to his wishes, unable to do anything beyond the quintessential cooking and cleaning and rearing of the children. Yet, given the chance, women have proven themselves time and time again, going above and beyond the call of duty. For all that they are perceived to be the physically weaker of the two sexes, it is the female who carries a full human being within her and it is the female who births that

and creates life. It was women like these who helped win some of the nastiest wars mankind has ever faced. Both the world wars left an indelible mark on the earth; the face of humanity was forever altered, both during and in the aftermath. Millions lost their lives, and rebuilding was an effort that took decades. There were a number of women who became spies, particularly during the Second World War, sneaking

---

behind enemy lines to gather information and performing other duties to help win the war. These are unsung heroes, often forgotten in the face of their more famous, 'stronger' male counterparts. Women Heroes of World War II Oxford University Press "[A] narrative of unfathomable courage... Ms. Strauss does her readers—and her subjects—a worthy service by returning to this appalling history of the courage of women caught up in a time of

rapacity and war." —Wall Street Journal "Utterly gripping." —Anne Sebba, author of Les Parisiennes "A compelling, beautifully written story of resilience, friendship and survival. The story of Women's resistance during World War II needs to be told and The Nine accomplishes this in spades." —Heather Morris, New York Times bestselling author of Cilka's Journey The Nine follows the true story of the author's great aunt Hélène Podliasky, who led a band of nine female resistance fighters as they escaped a German forced labor camp

and made a ten-day journey across the front lines of WWII from Germany back to Paris. The nine women were all under thirty when they joined the resistance. They smuggled arms through Europe, harbored parachuting agents, coordinated communications between regional sectors, trekked escape routes to Spain and hid Jewish children in scattered apartments. They were arrested by French police, interrogated and tortured by the Gestapo. They were subjected to a series of French prisons and deported to

---

Germany. The group formed along the way, meeting at different points, in prison, in transit, and at Ravensbrück. By the time they were enslaved at the labor camp in Leipzig, they were a close-knit group of friends. During the final days of the war, forced onto a death march, the nine chose their moment and made a daring escape. Drawing on incredible research, this powerful, heart-stopping narrative from Gwen Strauss is a moving tribute to the power of humanity and friendship in the darkest of times.

Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her invention of “ a new kind of literary genre, ” describing her work as “ a history of emotions . . . a history of the soul. ” In *The Unwomanly Face of War*, Alexievich chronicles the experiences of the Soviet women who fought on the front lines, on

the home front, and in the occupied territories. These women—more than a million in total—were nurses and doctors, pilots, tank drivers, machine-gunners, and snipers. They battled alongside men, and yet, after the victory, their efforts and sacrifices were forgotten. Alexievich traveled thousands of miles and visited more than a hundred towns to record these women ’ s stories. Together, this

symphony of voices reveals a different aspect of the war—the everyday details of life in combat left out of the official histories. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *The Unwomanly Face of War* is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. THE WINNER OF THE NOBEL PRIZE IN LITERATURE “ for her

---

polyphonic writings, a monument to suffering and courage in our time.” “ A landmark work.” —Timothy Snyder, author of *On Tyranny: Twenty Lessons from the Twentieth Century* “ An astonishing book, harrowing and life-affirming . . . It deserves the widest possible readership.” —Paula Hawkins, author of *The Girl on the Train* “ Alexievich has gained probably the world ’ s deepest, most eloquent understanding of the post-Soviet

condition. . . . [She] has consistently chronicled that which has been intentionally forgotten.” —Masha Gessen, National Book Award – winning author of *The Future Is History 32 Stories of Espionage, Sabotage, Resistance, and Rescue* ABDO In 1918 the U.S. Army Signal Corps sent 223 women to France to help win World War I. Elizabeth Cobbs reveals the challenges

these patriotic young women faced in a war zone where male soldiers resented, wooed, mocked, saluted, and ultimately celebrated them. Back on the home front, they fought the army for veterans ’ benefits and medals, and won. *Invisible Heroes of World War II* Palgrave Macmillan The award-winning New York Times bestseller

---

about the American women who secretly served as codebreakers during World War II--a "prodigiously researched and engrossing" (New York Times) book that "shines a light on a hidden chapter of American history" (Denver Post). Recruited by the U.S. Army and Navy from small towns and elite colleges, more than ten thousand women served

as codebreakers during World War II. While their brothers and boyfriends took up arms, these women moved to Washington and learned the meticulous work of code-breaking. Their efforts shortened the war, saved countless lives, and gave them access to careers previously denied to them. A strict vow of secrecy nearly erased their efforts from history; now,

through dazzling research and interviews with surviving code girls, bestselling author Liza Mundy brings to life this riveting and vital story of American courage, service, and scientific accomplishment.
