How can teachers make sure that all students gain the reading skills they need to be successful in school and in life? In this book, Karen Tankersley describes

the six foundational "threads" that students need to study in order to become effective readers: phonemic awareness, phonics and decoding, vocabulary, fluency, comprehension, and higher-order processing. For each area, the author explains how students acquire the reading skills they need and offers a series of skill-building strategies and activities that teachers can use in the classroom. Although reading is perhaps most intensely taught in the kindergarten and 1st-grade classrooms, Tankersley emphasizes that helping students become lifelong readers is a task for all teachers, including content-area teachers in middle and high schools. The Threads of Reading addresses key questions about literacy, such as * What makes a difference in reading achievement? * How much reading time is enough? * How can teachers use writing to build reading skills? * How can teachers help students make meaning from their reading? The strategies in this book address many situations, from individual instruction to small- or large-group instruction, from kindergarten to high school. Teachers will appreciate the multitude of activities provided, and administrators will learn to better evaluate the reading programs in place in their districts and schools. Grounded in both research and "teacher lore" from actual classrooms, this book is a solid guide to helping students become lifelong readers. Note: This product listing is for the Adobe Acrobat (PDF) version of the book.

Reinforce your understanding of basic nursing concepts and skills! Corresponding to the chapters in Fundamental Concepts and Skills for Nursing, 6th Edition, this study guide provides the review and practice you need to master essential LPN/LVN knowledge. Engaging exercises and questions help you learn to apply the nursing process, set priorities, practice critical thinking, make good decisions, and communicate effectively. With this practical review, you will get more out of your textbook and prepare for success on the Next Generation NCLEX-PN® exam. Review Questions for the NCLEX-PN® Examination let you practice for the exam with multiple-choice and alternate item format questions based on real-life situations. Word Attack Skills offer practice in pronouncing difficult terms and phrases, with emphasis on stress and intonation. Clinical Situations use realistic sample practice situations to stimulate critical thinking, clinical judgment, and practical application of nursing concepts. Critical Thinking Activities provide nursing scenarios and questions to help build your problem-solving skills. Developing Clinical Judgment activities help you meet the clinical practice objectives of the corresponding chapter. Communication Exercises let you practice using realistic nurse-patient dialogues, and are especially useful when paired with a partner. Cultural Points summarize issues and ask questions about customs that may differ across the cultures found in patient communities. Grammar Points exercises offer a refresher on common grammatical errors, such as the use of the past tense in taking case histories. Completion exercises boost your vocabulary by offering more opportunities to use key terms. Priority Setting questions ask you

to rank tasks in order of importance. Short answer, identification, multiple-choice, and matching questions test and reinforce your knowledge of concepts conveyed in the text. Application of the Nursing Process questions ask you to use critical thinking skills and apply the steps of the nursing process to real-life patient care. Review of structure and function of the human body helps you remember what you learned in previous classes and how it applies to nursing. NEW! Updated exercises reflect content in the new edition of the Fundamental Concepts and Skills for Nursing textbook. NEW! UNIQUE! Next Generation NCLEX Exam-style questions are included in every chapter, reflecting the Clinical Judgment Measurement Model, and include each of the five new approved question types: enhanced hotspot, cloze (drop down), matrix, extended multiple-response, and extended drag-and-drop question types.

It has been nearly 5 years since the Pathfinder Ship Pegasus left the Eventide system; more than a century since it entered the Orion Quadrant on its quest to find Earth. The worlds it has called upon have been, in turn, abandoned, primitive, and desolate. At Eventide, the crew of Pegasus detected a signal and decided to follow it. They hope it will lead to an opportunity to reconnect with their homeworlds. In fact, the signal is calling the ship to its end. A lot has changed in the galaxy since the ship left its home quadrant. Those now in power have determined that Pegasus is an obsolete relic of another Era. Its mission to find Earth is no longer important. Pegasus is to be decommissioned, its crew scattered, its mission concluded. Some of the crew refuse to accept this destiny, and will resort to defiance, mutiny, even sabotage to prevent it. At the center of the storm, Lt. Commander David Alkema finds himself caught in the crosswinds of personal ambition, family drama, dirty politics, and forbidden lust. Saving his ship may require sacrificing everything and everyone he loves. What will be the final destiny of Pegasus? Scrapyard? Museum? Orbital brothel? Or, will the ship live to fight another day against something more terrible than any of them can imagine. The eleventh and penultimate Worlds Apart book is about the way fate smashes through our best-laid plans like a Tyrannosaurus Rex through a church window, shattering them into fragments that glitter in the light just long enough to taunt us with what almost was before they fall to the ground and ruin it for everybody who was planning on going barefoot.

Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6–12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6–12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.
