Wise Up EPS

Is your child getting lost in
the system, becoming
bored, losing his or her
natural eagerness to
learn? If so, it may be time
to take charge of your
child's education—by

doing it yourself. The Well-
Trained Mind will instruct
you, step by step, on how
to give your child an
academically rigorous,
comprehensive education
from preschool through
high school—one that will
train him or her to read, to
think, to understand, to be
well-rounded and curious
about learning. Veteran
home educators Susan
Wise Bauer and Jessie
Wise outline the classical
pattern of education called
the trivium, which
organizes learning around

the maturing capacity of
the child's mind and
comprises three stages:
the elementary school
“grammar stage,” when
the building blocks of
information are absorbed
through memorization and
rules; the middle school
“logic stage,” in which the
student begins to think
more analytically; and the
high-school “rhetoric
stage,” where the student
learns to write and speak
with force and originality.
Using this theory as your
model, you'll be able to

instruct your child—whether in their care. This full-time or as a supplement to classroom education—in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. Thousands of parents and teachers have already used the detailed book lists and methods described in *The Well-Trained Mind* to create a truly superior education for the children

extensively revised fourth edition contains completely updated curricula and book lists, links to an entirely new set of online resources, new material on teaching children with learning challenges, cutting-edge math and sciences recommendations, answers to common questions about home education, and advice on practical matters such as standardized testing, working with your local

school board, designing a high-school program, preparing transcripts, and applying to colleges. You do have control over what and how your child learns. *The Well-Trained Mind* will give you the tools you'll need to teach your child with confidence and success.

"This text follows the premise that the central theme of history is to build the kingdom of God and that all of history is Gods. It begins with the creation story and the Fall of Adam. It then uses the Bible as the foundation to how mankind and nations spread throughout the world. Finally it looks at His church and how it developed, the

Reformation, and the founding and growth of the United States" --
