"O'Reilly Media, Inc."  
The fast and easy way  
to pin down the sport  
of wrestling Wrestling  
is a fast-paced sport  
with many

technicalities, rules,  
and ways to score  
points—making it  
difficult for  
spectators to follow  
the score and  
understand whistles  
and restarts. In  
Wrestling For Dummies,  
author and 2008  
Olympic Gold medalist  
Henry Cejudo explains  
the scoring system and  
unique rules of  
wrestling to new  
competitors, confused

---

parents, and fans of this ancient and captivating sport. Wrestling For Dummies also explains the rich history of the sport and covers the six styles of competitive wrestling and their distinction from the modern entertainment-based "pro wrestling." Covers Greco-Roman and freestyle wrestling Plain-English explanations of wrestling rules Details the history of wrestling Whether you're just getting started as a wrestler or enjoy it as a spectator sport, Wrestling For Dummies makes this sport accessible and easy to understand.

The essential interaction design guide, fully revised and updated for the mobile age About Face: The Essentials of Interaction Design, Fourth Edition is the latest update to the book that shaped and evolved the landscape of interaction design. This comprehensive guide takes the worldwide shift to smartphones and tablets into

account. New information includes discussions on mobile apps, touch interfaces, screen size considerations, and more. The new full-color interior and unique layout better illustrate modern design concepts. The interaction design profession is blooming with the success of design-intensive companies, priming customers to expect "design" as a critical ingredient of marketplace success.

Consumers have little tolerance for websites, apps, and devices that don't live up to their expectations, and the responding shift in business philosophy has become widespread. About Face is the book that brought interaction design out of the research labs and into the everyday lexicon, and the updated Fourth Edition continues to lead the way with ideas and methods relevant to today's design practitioners and developers. Updated information includes: Contemporary interface, interaction, and product design methods Design for mobile

---

platforms and consumer electronics State-of-the-art interface recommendations and up-to-date examples Updated Goal-Directed Design methodology Designers and developers looking to remain relevant through the current shift in consumer technology habits will find About Face to be a comprehensive, essential resource.

The fast and easy way to grasp this evolving and growing language American Sign Language (ASL) is something we've all seen deaf people use in restaurants, hospitals, airports, and at work. The communication is fascinating to watch; to see people sharing ideas by using handshapes and body language is remarkable in a world so defined by sound. This new edition of *Signing For Dummies* gives you a general understanding of the properties of Sign, as well as an understanding of deaf culture. Designed to act as an

introduction or a refresher, the book focuses solely on ASL, which is the most commonly used sign language in the United States. Categorized by subject, this illustrated guide covers grammar and sentence structure, along with the tools to get you going in basic conversation by knowing how to introduce and greet people; ask questions and make small talk; order food and chat with salespeople; handle medical emergencies; talk on the phone; get around town for fun or business; and much more. Plus, it stresses how ASL isn't just about using your fingers, hands, and arms, but also about facial expression and body language. More than 25 percent new and revised content, including the latest technological advances for the deaf; contact signing, code mixing, code switching, interpreting as a profession, and regionalism in signing Packed with "Fun & Games" sections that invite you to practice specific signs Hundreds of illustrations

---

throughout, plus a video CD featuring demonstrations by ASL signers showing actual conversations Signing For Dummies is the fast and fun way to get you moving your hands, body, and face to convey meaning that reaches beyond linguistic barriers.

The fun and easy guide to using Evernote for everything that's noteworthy

Voicemail, email, things to do, things to get, people you know, places you've been, places to be... Who can remember it all? You can, with Evernote. Evernote is a free suite of software and services that makes it easy to remember things big and small using your computer, phone, tablet, and the web. If you can see it or think of it, Evernote can help you remember it. Type a text note. Clip a web page. Snap a photo. Grab a screenshot. Evernote makes it easy to keep track of it all, and Evernote For Dummies makes Evernote even easier. Written in the fun and informative For Dummies style, Evernote For Dummies introduces you to the key features of Evernote, from getting started and opening your own Evernote account to the essentials of capturing information and creating a

---

simple text note. The book shows you how to capture everything—clip a web page, create a voice note, scan a note, even capture a note from a picture. Author David Sarna reveals the secrets of letting Evernote help you organize all your information including how to synchronize; import, export, and merge notes; and store to-do lists, business cards, even items from Facebook and Twitter—plus find it all superfast. *Evernote For Dummies* makes it easy to use Evernote everyday. Explains how to download and install Evernote on all your devices, open an account, create notes, clip a web page, save a photo, grab a screenshot, even collect items from social media like Facebook and Twitter Shares tips on organizing your information by using tags or different notebooks, and on finding what you need—even printed and handwritten text inside images—fast Includes advice on enhancing Evernote with third-party applications, troubleshooting common problems, and more Unless you're an elephant who never forgets, you'll want to remember *Evernote For Dummies*, the most useful guide to the program that remembers it for you. *French All-in-One For Dummies* John Wiley & Sons Align HR practices with your objectives and keep your company competitive A company's ability to grow and stay on top of customer demand has always depended heavily on the quality of its people. Now, more than ever, businesses recognize that finding (and keeping) a highly skilled and motivated workforce is pivotal to success. Maybe you're a business owner

---

and your company is growing, or you're an employee at a small- to midsize-company and management has asked you to take on some—or all—of their HR functions. Either way, knowing how to set up and implement successful HR practices (not to mention navigating the legal minefields in today's increasingly regulated environment) can be tricky. *Human Resources Kit For Dummies* is your one-stop resource for learning the nuts and bolts of HR. It gives you forms and templates that you can put to immediate and productive use. New information on anti-discrimination legislation; measuring performance; hiring, firing, and retaining employees; and training and development plans. The latest info on online and social media policies

Updated forms and contracts, from job application forms and sample employee policies to performance appraisals and benefit plan worksheets. If you're currently working in Human Resources or are responsible for employees in your business, the tools presented here help you maximize the effectiveness of your own HR program.

*WordPress For Dummies*  
John Wiley & Sons  
Learn how to build a beautiful and feature-rich website or blog with WordPress all on your own.

About This Book  
Learn how to build a WordPress site quickly and effectively, and how to create content that's optimized for publication on the web. Learn the basics of working with WordPress themes and plugins, and even create your own. Beginner-friendly layout and advice you can apply

---

from day 1. Packed with screenshots and examples. Who This Book Is For This book is for anyone who wants to learn how to create a functional website, without having to hire a developer or a designer. The best thing about WordPress—the open source software that we're going to be using—is that it has a minimal learning curve and that everyone can master it quickly. No specific website building experience is required. Having said that, this book will also appeal to everyone who wants to get a bit more in-depth with WordPress development and start working on their own plugins and themes. What You Will Learn What WordPress is, where to get it, and how to launch your website quickly using it. How to publish your first content (a blog post or article). What the most

important sub-pages of a quality website are, and how to create them in WordPress. How to upload multimedia content such as images, audio, and video. How to install and work with plugins and widgets. Where to find quality themes and how to install them. How to develop your own WordPress plugins and themes. In Detail WordPress Complete, Sixth Edition is a practical guide for everyone who wants to start their journey as an online publisher, website owner, or even a website developer. It takes you step-by-step through the process of planning out and building your site, and offers loads of screenshots and examples along the way. It's also a beginner's guide to theme and plugin development. This book begins with the basics of WordPress, followed by the different

---

components that you as a developer will need to use to work swiftly and efficiently. The book starts by introducing WordPress to new readers in this field. You are then shown how to set it up, implement a blog, and use plug-ins and widgets. You'll use themes to make any website look and feel better and more original. You also learn how to create your own themes and perform testing to ensure your website is bug-free. You will also acquire some idea of how to use WordPress for non-blog-like websites. By the end of the book, you will feel confident enough to design high-quality websites and will be familiar with the ins and outs of WordPress. Style and approach This is a step-by-step tutorial, where we show you how you build a professional-grade website from the ground up, adding

more and more complex features as we move on.

## **Portuguese For Dummies** John Wiley & Sons

A complete guide to dominating search engines with your WordPress site About This Book Everything you need to get your WordPress site to the top of search engines and bring thousands of new customers to your blog or business Learn everything from keyword research and link building to customer conversions, in this complete guide Packed with real-world examples to help get your site noticed on Google, Yahoo, and Bing Who This Book Is For This book is for anyone who runs any of the over 90,000,000 WordPress

---

installations throughout the world. If you can login to your WordPress website, you can implement most of the tips in this book without any coding experience. What You Will Learn The elements that search engines use to rank websites—and how to optimize your site for premium placement Harness social media sites to extend the reach of your site and gain more visitors Discover the high-volume, high-value search phrases that customers use when searching for your products or services Avoid dangerous black-hat optimization techniques and the people who advocate and purvey them Build high-quality, high-value links from other websites to raise your

rankings in search engines Create optimized and engaging content that both search engines and readers will love Avoid common SEO mistakes that can get your site penalized by search engines In Detail WordPress is a powerful platform for creating feature-rich and attractive websites but, with a little extra tweaking and effort, your WordPress site can dominate search engines and bring thousands of new customers to your business. WordPress Search Engine Optimization will show you the secrets that professional SEO companies use to take websites to the top of search results. You'll take your WordPress site to the next level; you'll brush

---

aside even the stiffest competition with the advanced tutorials in this book. Style and approach This is a practical, hands-on book based around sound SEO techniques specifically applied to WordPress. Each chapter starts with a brief overview of the important concepts then quickly moves into practical step-by-step actions you can take immediately. Throughout the book, you'll get clear instructions and detailed screenshots, so you can see exactly what to do each step of the way.
