There is nothing extraordinary about Travis Taylor, a thirteen-year-old who has a knack for telling a good adventure story. But Travis' ordinary life is about to change forever when he and his two best friends, Abigail and Joshua, witness a peculiar looking bird that hovers above them and then quickly disappears into thin air-right before their very eyes. Just when Travis starts to believe that what he saw was just his imagination, the orange and red feathered bird reappears, eventually drawing him to a large portal that suddenly opens in front of him, revealing a seven-foot horseman wearing a suit of armor. When the bird unexpectedly digs his claws into Travis' back and carries him into the portal, it seems that Travis is lost forever. Led by his enigmatic protector Raven Phoenix, a brave elf named Syd, and a spirited pixie named Labyrinth, Travis embarks on a quest to find his way back home, only to discover the magic world he has entered holds many secrets from his past. Join Travis as he embarks on an adventure filled with knights, a princess in distress, a tyrant emperor, an evil sorceress, and of course, a mighty dragon!

Warring with Words Partridge Publishing Singapore
Weaving together three wisdom traditions–Native American spirituality, depth psychology, and Buddhism–into a profound understanding of the soul’s journey, this resource offers vision quests and other nature-based experiences as a way to reestablish an intimate connection with the earth, humankind’s original home. The knowledge and beauty of an ancient Sioux story, which serves as the guiding thread of the book, teaches the value of setting out on a quest in the natural world to discover who and what one truly is, while notions of a Buddhist path illustrate how to free oneself from constraining beliefs and conditioning. Seeking to explore the core center of any spiritual quest—a direct, unmediated experience of the sacred—rather than ascribe to one religion or dogma, this inspiring guide is a timely voice that advocates an equitable, sustainable way of living on the earth.

This book is about an empowering journey that has been awaiting you throughout eternity. A journey

unlike any other that you have ever taken. I am going to take you into the center of your creative power and introduce you to the life that has been awaiting you as its master. This power will change your physical, mental, emotional, social, spiritual, psychological, sexual, financial, occupational, experiential self, and change the relationship that you have with people, places, things and situations that you encounter in your life. You have this power and wisdom instilled within you that has been awaiting for you to claim it, but you were unaware of it until now. The question I have for you, are you ready to lay claim to it and begin to live the life that you came here to live and experience the power you were meant to have?
Hieroglyphic Words of Power University of Toronto Press
What was the best way to teach others? What could I have done better? How should I proceed with teaching people? My answer was write a story. But it cant be a simple, boring tale that can be finished selfishly without interacting with anyone else. There must be a better way, I thought. And it hit me. Actors in a script take turns to read their lines, and readers can take turns role-playing my characters. Ergo, writing in a script-like format could spawn a new social activity altogether, even if it costs me sales. But that too is alright. I do not write because I need the income. I write with these incapable hands of mine because the stories deserve every opportunity to exist.

Words, Worlds, and Narratives: Transmedia and Immersion offers an interdisciplinary discussion of the way in which narrative is transmitted, transformed and translated through the wide variety of technologies and media platforms available in the 21st century. This volume critically engages with the field of transmedia studies and addresses the significance of media to narrative and authorship to immersion. What emerges is a unique look at collaborative scholarship and storytelling which is both disruptive and immersive. Using a diverse archive of narrative forms, including video games, fan fiction, film adaptation and social media, the chapters in this volume explore the narratological, social, political and economic implications of transmedia narrative in the public and private spaces of the digital and the immersive media communities.
Words, Worlds, Narratives: Transmedia and Immersion Que Publishing
This book brings together twelve authors who look at the concept of the "word" from several different perspectives, inspiring in the reader a sense of wonder - to think of the lowly word, which we toss away in yesterday's newspaper, which we ignore on street signs, which we utter without giving a thought to the consequences of the power carried by the word. Moving from a psycholinguist explanation of the acquisition of language, the volume presents the function of the word in "bad" jokes, in ...

Scholars in many of the disciplines surrounding politics explicitly utilize either a narrative perspective or a metaphor perspective (though rarely the two in combination) to analyze issues -- theoretical and practical, domestic and international -- in the broad field of politics. Among the topics they have studied are: competing metaphors for the state or nation which have been coined over the centuries in diverse cultures; the frequency with which communal and international conflicts are generated, at least in part, by the clashing religious and historical narratives held by opposing groups; the cognitive short-cuts employing metaphor by which citizens make sense of politics; the need for political candidates to project a convincing self-narrative; the extent to which the metaphors used to formulate social issues determine the policies which will be developed to resolve them; the failure of narratives around the security of the nation to take account of the individual experiences of women and children. This volume is the first in which eminent scholars from disciplines as diverse as social psychology, anthropology, political theory, international relations, feminist political science, and media studies, have sought to integrate the narrative and the metaphor perspectives on politics. It will appeal to any scholar interested in the many ways in which narrative and metaphor function in combination as cognitive and rhetorical instruments in discourse around politics.
Word Power A&C Black
"Reading the Bible as Literature provides the ideal entry-point to the process of reading, understanding, and assessing what many recognize to be the important and powerful literature of the Bible. Such reading holds potential for helping students understand literature generally and the Bible in itself. The book introduces the tools of literary analysis, including: language and style, the formal structures of genre (narrative, drama, and poetry), character study, and thematic analysis. The book emphasizes the act of reading itself, focusing upon the whole text as it exists in its current form. It invites an experiential entering into and reliving of the Bible's stories, encourages analytical and holistic reading, explores multiple interpretations, and embraces a power of language originating in the mythological, metaphorical, and symbolic. Above all, the book seeks to return the Bible to the common reader and to build in that reader an appreciation for a collection of ancient, literary texts often trivialized by competing theologies or marginalized by a relentless insistence upon fact, science, and history." -- Back cover.
I Am That I Am timeless books
For the first time in English, the secrets of the sacred sounds that unlock the principles and spiritual strength of aikido • Explains the nature of the five vowels that govern the physical manifestations of universal consciousness • Uses more than 300 photographs to demonstrate a unique approach to aikido techniques that supports advanced spiritual practice • Author is a 6th dan aikido instructor Aikido founder Ueshiba Morihei described the discipline as one spirit, four souls, three origins, and eight powers. One spirit and four souls are the five vowel dimensions of infinite space, the source of the sacred sounds of Kototama. Now, for the first time in English, William Gleason explains how to use the sounds of Kototama in the practice of aikido. Aikido is often approached as a purely physical discipline, but it is a truly profound spiritual vehicle for those who approach it with sincerity of purpose. The five vowels represent various dimensions and stages of awareness, whose different powers are revealed through aikido practice. Using more than 300 photographs, Gleason sensei presents physical routines that provide an introduction into the Kanagi, Sugaso, and Futonorito levels of spiritual development. Understanding the sacred sounds related to each of these dimensions, the adept

gains not only the ability to realize the stages inherent in spiritual mastery but also the ability to maintain health and balance in his or her own life. "When fish move through water, there is no end to the water; when birds fly, there is no end to the sky." Similarly, humans swim and fly in an ocean of sounds. Understanding Kototama allows human beings to view the world without distortion and allows the creative powers of the mind to flourish.

For centuries, ancient cultures embarked on rites of passage to gain entrance to the spiritual realms and attain self-knowledge. Now international lecturer and healer Denise Linn and Meadow Linn draw on their Native American roots, as well as the teachings of other cultures, to create a carefully crafted spiritual program for anyone wishing to venture on a retreat or create a uniquely personal Quest of his or her own. This practical, engaging book will show you how to:

- Discover your life's purpose
- Find mystery at the core of your life
- Release limiting beliefs about yourself
- Call for a vision
- Harness the power of the Sacred Circle
- Confront and free yourself from fears
- Heal emotional wounds
- Develop peace of mind

This book gives you the necessary tools to prepare for a Vision Quest that will take you to the center of your soul.

Words of Power Quest BRILL
Six people, from very different backgrounds, get thrown together in a series of tumultuous events. A Pulse fal'Cie (a demi-god) has been found in the seaside town of Bodhum, a place where the fates of everyone converge and the discovery sets in motion a chain of events that will change the world forever. An innocent fireworks display in the town soon turns nasty when government soldiers storm the peaceful celebration and commit everyone to the Purge (sending individuals "contaminated" by the Pulse fal'Cie into exile). This is where your story and legend begins. Can you fight fate? Our guide covers everything you need to complete the game 100% including:

- A complete walkthrough of all thirteen chapters.
- All Cie'th stone marks and missions completed, with detailed strategies for every one.
- Weapons and Shop lists and much more!

Coming Soon Version 1.1

- A detailed guide on the optimum Crystarium paths for all characters as well as optional uses for them.
- An upgrade guide for the most efficient way to level up your weapons to save you time and a lot of Gil.
- Complete trophy/achievement guide.

Network World Policy Press
A guide to harnessing the ancient power of hieroglyphs

- Reveals hieroglyphs as magical tools for manifesting ideas in the material world
- Offers in-depth interpretations of 60 hieroglyphs and guidelines for understanding them as words of power, oracles, and dream symbols
- Explains how to create your own hieroglyph cards and amulets and use them for divination, meditation, and manifestation work

Words are magic. They operate on many levels through both sound and symbol. Egyptian priests understood that language and thought could create realities if the exact words are uttered at the right time, properly intoned, and filled with intention. They called their magical language of hieroglyphic symbols medju neter, meaning "the Word of God." These symbols were said to have been created by Isis and Thoth and were presided over by the goddess Seshet, keeper of the Akashic records. Through their chant lines and repetitions, sound vibrations, and hypnotically recurring images, hieroglyphs, such as those found inside the pyramids, were intended to activate a trancelike state that allowed the individual to ascend into the heavens and thus, riding on this incantatory language, converse with the ancestors and the Creator. In this detailed guide, author Normandi Ellis explores how to use hieroglyphs as words of power for manifesting ideas into the material world as well as how to utilize them in magic, meditation, divination, and dream work. She offers a deep look at the many layers of meaning contained within 60 important hieroglyphs, breaking down the elements within each symbol and explaining the myths behind them, the gods and goddesses they are connected to, their initiatory significance, and their oracular and dream meanings. She also shares guidelines for interpreting hieroglyphs so readers will be able to come to their own understandings about the secrets they hold. Providing instructions for creating your own hieroglyph cards, amulets, and other magically empowered objects, Ellis offers practices and strategies to use them, with

detailed explanations for the historical, magical, practical, and symbolic reasons why each method is effective. She offers several layouts and card spreads for divination readings based on Egyptian myth, numerology, and astrology. Revealing the depth of meaning behind each of these powerful ancient symbols, Normandi Ellis shows that we can still harness their millennia-old magic today.

The Word in the Desert Harper Collins
