each. 2. Complete the diagram below 3. Tick or Cross to show which states have which properties Property Solid Liquid Gas Fixed Shape x x Fixed Volume x Easily compressed x x States of Matter for KS3

Free Worksheets All About States of Matter - Homeschool ...

1. Matter is composed of small particles (molecules). 2. The molecules are in constant motion. This motion is different for the three states of matter. Solid - Molecules will bend and/or vibrate, but will stay in close proximity. Liquid - Molecules will flow or glide over one another; the motion is a bit more random than that of a solid.
