The 100+ Series, Algebra II, offers in-depth practice and review for challenging middle school math topics such as factoring and polynomials; quadratic equations; and trigonometric functions. Bonus activities on each page help extend the learning and activities, making these books perfect for daily review in the classroom or at home. Common Core State Standards have raised expectations for math learning, and many students in grades 6-8 are studying more accelerated math at younger ages. The 100+ Series provides the solution with titles that include over 100 targeted practice activities for learning algebra, geometry, and other advanced math topics. It also features over 100 reproducible, subject specific, practice pages to support standards-based instruction.

Kids love the Emoji theme workbook! If you are looking for a supplemental spelling book that will keep your child busy all school year or at least most of the year (depending on how advanced they are, then this book will be perfect for you! What you will like is this book has 36 spelling word units - with 9/10 words per unit. At the front of the book there are vocabulary list words that you should make sure your child knows before moving forward with the book. This is to make sure your child is on track academically. Within each unit the child is able to get more familiar with their spelling words by completing: Spelling words unscramble puzzles Word searches Circle the correct spelling Handwriting practice sheets Grocery spelling words list sheet and Blank spelling quiz pages so you can test the child after each unit. And a grade tracker sheet so you can keep up with their spelling grades There is also coloring book pages at the back of the book. Your child will enjoy taking a break from studying. The spelling words in this book is from easy to more advanced for your child to practice. This book will help your child learn, practice, and improve skills in spelling.
