Johnny Miller was 23 when he died the first time. The truck hit him as he pedaled along a Texas road, on a long-distance bike ride as he attempted to find a new life. His old life had vanished like a vapor. He thought he had lost everything on the day he lost his dear Annie. But he will lose far more before finally finding the way that leads to home ... and to life and peace. This is the second book in Paul Stutzman's *Wandering Home Series*, the story of a young Amish man's search for the life he was called to live.

The *Secret History of Marvel Comics* digs back to the 1930s when Marvel Comics wasn't just a comic-book producing company. Marvel Comics owner Martin Goodman had tentacles into a publishing world that might have made that era's conservative American parents lynch him on his front porch. Marvel was but a small part of Goodman's publishing empire, which had begun years before he published his first comic book. Goodman mostly published lurid and sensationalistic story books (known as "pulp") and magazines, featuring sexually-charged detective and romance short fiction, and celebrity gossip scandal sheets. And artists like Jack Kirby, who was producing Captain America for eight-year-olds, were simultaneously dipping their toes in both ponds. The *Secret History of Marvel Comics* tells this parallel story of 1930s/40s Marvel Comics sharing offices with those Goodman publications not quite fit for children. The book also features a comprehensive display of the artwork produced for Goodman's other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon, Alex Schomburg, Bill Everett, Al Jaffee, and Dan DeCarlo, plus the very best pulp artists in the field, including Norman Saunders, John Walter Scott, Hans Wesso, L.F. Bjorklund, and Marvel Comics #1 cover artist Frank R. Paul. Goodman's magazines also featured cover stories on celebrities such as Jackie Gleason, Elizabeth Taylor, Liberace, and Sophia Loren, as well as contributions from famous literary and social figures such as Isaac Asimov, Theodore Sturgeon, and L. Ron Hubbard.

With its fresh new look, the third edition of the Summit program helps develop confident English speakers who are able to navigate a host of social and professional situations. This two-level course provides high-intermediate learners with an integrated set of global communication skills. It delivers immediate, demonstrable results through its goal- and achievement-based pedagogy and continual recycling of language. The two levels of Summit can be used with Top Notch as the fifth and sixth books in a complete six-level series. Summit 1 covers competencies from B2 to B2+ and Summit 2 introduces C1 competencies in the Common European Framework of Reference. The entire Summit course can be tailored to blended learning with its integrated online component, MyEnglishLab (access code provided in the Student Book). Highlights New Conversation Activator videos build communicative competence. New Discussion Activator videos increase range and depth of expression. Test-taking Skills Booster and extra challenge exercises help students succeed on the reading and listening sections of standardized tests. Greatly increased grammar, reading, listening, and writing practice plus digital grammar exercises give students the additional practice opportunities they've requested. Memorable models build natural, social language and conversation strategies. 50+ listening tasks at each level develop critical thinking and crucial listening comprehension skills, such as listening for details, confirmation of content, inference, and understanding meaning. ActiveTeach includes a digital Student Book for whiteboards with lesson plans, assessment tools and access to audio, video, and exercises to make learning more focused and interactive. Fluency-building planning activities such as idea framing help students express themselves with confidence. More ready-to-use teacher resources (including a broad range of print and digital components) than other courses make Summit easy to use for busy teachers.

**Top Notch 2 Workbook** Allyn & Bacon

Planning is one of the most important roles of management, and a company's marketing plan is a key input to their business strategy. It should identify the most promising business opportunities and outline how to

penetrate, capture and maintain positions in identified markets. Yet many books on marketing plans are overly academic, long on theory and short on examples. The Marketing Planning Workbook is an antidote to that approach. Highly practical and only including as much theory as is necessary, it will help anyone to understand the principles of marketing planning so that they can assemble any type of plan. The whole planning process is dealt with step by step, using models of six small businesses in a range of industries. Topics covered include: what is a marketing plan, the marketing audit, setting marketing objectives, devising marketing strategies, distribution, advertising, sales promotion, planning for a new product, developing new sales areas, budgets, income statements, and writing and presenting a plan. Small businesses do not have surplus people to do their marketing planning. This book will enable busy people to prepare marketing plans in a time-effective manner.
