Wireless World Penguin Group Australia

The survivors of the angel apocalypse begin to scrape back together what's left of the modern world. When a group of people capture Penryn's sister Paige, thinking she's a monster, the situation ends in a massacre. Paige disappears. Humans are terrified. Mom is heartbroken. Penryn drives through the streets of San Francisco looking for Paige. Why are the streets so empty? Where is everybody? Her search leads her into the heart of the angels' secret plans, where she catches a glimpse of their motivations, and learns the horrifying extent to which the angels are willing to go.

'You look the type to break your father ' s heart.' 'Yeah, but he broke mine first. ' When Rosie Gennaro first meets Jimmy Hailer, she has walked away from life in Sydney, leaving behind the place on Dalhousie that her father, Seb, painstakingly rebuilt for his family but never saw completed. Two years later, Rosie returns to the house and living there is Martha, whom Seb Gennaro married less than a year after the death of Rosie ' s mother. Martha is struggling to fulfil Seb ' s dream, while Rosie is coming to terms with new responsibilities. And so begins a stand-off between two women who refuse to move out of the home they both lay claim to. As the battle lines are drawn, Jimmy Hailer re-enters Rosie ' s life. Having always watched other families from the perimeters, he ' s now grappling, heartbreakingly, with forming one of his own . . . An unforgettable story about losing love and finding love; about the interconnectedness of lives and the true nature of belonging, from one of our most acclaimed writers.

Offering thorough coverage of atomic layer deposition (ALD), this book moves from basic chemistry of ALD and modeling of processes to examine ALD in memory, logic devices and machines. Reviews history, operating principles and ALD processes for each device.

Electronics & Wireless World Independently Published

London, 1966: A different world. A world where style kills and a country's security rests in the hands of perhaps the most unlikely people imaginable. Leslie Howarth: Spy, fashionista and first-class coward. Any more self-centred, and he'd start to rotate around his own axis. When top-secret plans are stolen, it's up to this most unlikely of James Bond-wannabes to save the day. And save the girl, of course... Apart from making it big in the fashion world and not having to return to sleepy Devon, Dinah Johnson doesn't know what she wants. What she most certainly doesn't want is to be chased halfway over London, shot at, tied up and left to the mercy of a bunch of maniacs, all for the sake of a bunch of papers a dying man thrust into her unwilling hands. With the help of the two most incompetent spies in British history, can they prevent these papers falling into enemy hands? And can Leslie learn there's more to life than just dressing for the part?

This succinct, accessible two-volume set covers all aspects of Celtic historical life, from prehistory to the present day. The study of Celtic history has a wide international appeal, but unfortunately many of the available books on the subject are out-of-date, narrowly specialized, or contain incorrect information. Online information on the Celts is similarly unreliable. This two-volume set provides a well-written, up-to-date, and densely informative reference on Celtic history that is ideal for high school or college-aged students as well as general readers. The Celts: History, Life, and Culture uses a cross-disciplinary approach to explore all facets of this ancient society. The book introduces the archaeology, art history, folklore, history, linguistics, literature, music, and mythology of the Celts and examines the global influence of their legacy. Written entirely by acknowledged experts, the content is accessible without being simplistic. Unlike other texts in the field, The Celts: History, Life, and Culture celebrates all of the cultures associated with Celtic languages at all periods, providing for a richer and more comprehensive examination of the topic.
