*Electronics & Wireless World*  
Hachette UK

Penryn's search for her kidnapped sister, Paige, leads her into the heart of the angels' secret plans, while Raffae must choose between reclaiming his wings--and his role as the angels' leader--or helping Penryn survive.

## **World After** John Wiley & Sons

The official print edition of the internet phenomenon. Already over 8,000 five star different reader reviews. (And counting.) It's been six weeks since the angels of the apocalypse destroyed the world as we know it. Only pockets of humanity remain. Savage street gangs rule the day while fear and superstition rule the night. When angels fly away with a helpless girl, her seventeen-year-old sister Penryn will do anything to get her back...

**Cruising World** Hodder Paperbacks  
Debut collection of poems by Ella Frears

**Cruising World** AuthorHouse  
Offering thorough coverage of atomic layer deposition (ALD), this book moves from

basic chemistry of ALD and modeling of processes to examine ALD in memory, logic devices and machines. Reviews history, operating principles and ALD processes for each device.

Available together as a digital-only package for the first time.

## **Cruising World**

Mankind is using a greater variety of metals in greater quantities than ever before. As a result there is increasing global concern over the long-term

---

availability of secure and adequate supplies of the metals needed by society. Critical metals, which are those of growing economic importance that might be susceptible to future scarcity, are a particular worry. For many of these we have little information on how they are concentrated in the Earth's crust, how to extract them from their ores, and how to use, recycle and dispose of them effectively and safely. Published with the British Geological Survey, the Critical Metals Handbook brings together a wealth of knowledge on critical metals and provides a foundation for improving the future security and sustainability of critical metal supplies. Written by international experts, it provides a unique source of authoritative information on diverse aspects of the critical metals, including geology, deposits, processing, applications, recycling, environmental issues and markets. It is aimed at a broad non-specialist audience, including professionals and academics working in the exploration and mining sectors, in mining finance and investment, and in

mineral processing and manufacturing. It will also be a valuable reference for policy makers concerned with resource management, land-use planning, eco-efficiency, recycling and related fields. [Cruising World](#)  
A non-fiction account of the human experience of light in theology, philosophy, physics, medicine, and near-death experiences. Light, the foundational stuff of all that exists, an elusive, pervasive something and someone calling each of us into life. [Angelfall Trilogy](#)
