Concise World Atlas National Geographic Books  
With superbly crafted maps covering the entire globe, this new edition of Oxford's Essential World Atlas offers thorough geographical coverage at an affordable price. In addition to topographic and political maps, city maps, and satellite imagery, the Essential Atlas features dozens of thematic maps, charts, and graphs that explain many fundamental concepts in human geography. The new Eighth Edition has been updated to show the latest transportation information, administrative boundary changes, new flags, name changes, national parks, major tourist sites, and historical places of interest. The Essential World Atlas is packed with information, including statistics on the area, population, and annual income of every country in the world. Metro maps of 70 cities provide detailed information on tourist sites, transportation hubs, and other aspects of interest to the traveler. Enhancing its utility, the maps are fully indexed, allowing for quick reference. The atlas also features a selection of

stunning satellite images that provide an impression of our world from above, offering insight into how cities expand and rivers create life in the desert, with cities including Canberra, Kingston, Philadelphia, Shanghai, Tehran, Toronto, and Venice. Finally, the atlas includes a thematic "World in Focus" section, with maps and diagrams exploring topics such as Climate, Energy, Oceans, Population, Travel and Tourism, and Quality of Life. Meticulously crafted and thoroughly updated, the Eighth Edition of Oxford's Essential World Atlas is an indispensable resource for students, teachers, armchair travelers, tourists, and anyone else curious about all corners of the globe.

and airports.

*The Times Atlas of World History* Penguin  
Combining cartographic technology with physiographic and cultural content, this atlas has a section on the physical and natural world with core topics such as evolution of earth, geology, climate and biodiversity, a section on human activities such as population and migration as well as the seven continents

National Geographic Concise Atlas of the World Simon & Schuster  
With more than 550 maps and graphics, all completely revised, this atlas provides accurate coverage of the whole world. Introductory sections for each continent are also fully updated and feature stunning images that

portray unique physical geography and highlight the sprawling extent of major cities. The flags and country facts at the end of each continental section reflect the latest statistics from national and international sources.

Atlas of the World New York : Oxford University Press

"The most useful single volume on wine ever published... If I owned only one wine book, it would be this one." - Andrew Jefford, Decanter  
Few wine books can be called classic, but the first edition of The World Atlas of Wine made publishing history when it appeared in 1971. It is recognized by critics as the essential and most authoritative wine reference work

---

available. This eighth edition will bring readers, both old and new, up to date with the world of wine. To reflect all the changes in the global wine scene over the past six years, the Atlas has grown in size to 416 pages and 22 new maps have been added to the wealth of superb cartography in the book. The text has been given a complete overhaul to address the topics of most vital interest to today's wine-growers and drinkers. With beautiful photography throughout, Hugh Johnson and Jancis Robinson, the world's most respected wine-writing duo, have once again joined forces to create a classic that no wine lover can afford to be without. "The World Atlas of Wine is the single most important reference book on the shelf of any wine student." - Eric

Asimov, New York Times "Like a good bottle of wine, you'll find yourself going back to it again and again... Perfect for anyone who has a thirst for greater wine knowledge." - Edward Deitch, NBC/today.com "The World Atlas of Wine belongs on your shelf... The essential rootstock of any true wine lover's library. A multi-layered snapshot of wine and how it has evolved." - Dave McIntyre, Washington Post

Student World Atlas Mitchell Beazley

The atlas of everything you need to know about our planet today. This encyclopedic view of our planet, fully revised and updated for the 8th edition, sets new standards in cartographic excellence. Created using the latest digital techniques and satellite data,

---

high-definition maps of the whole world are complemented by superb photographs, diagrams, and topic maps. First published in 2001, this extensive atlas is an invaluable reference for home, school, and office. The opening section is a fascinating introduction to our world with a series of maps that illustrate its physical, political, economic, and demographic geography. The main section is a series of beautifully clear and concise maps that give a superb overview of the world's continents. Each page contains a wealth of extra information that helps to separate this atlas from so many others, including inset maps, photographs, and text to help give a real flavor of the geography and culture of a region. New information in this edition includes everything from revised

country names, such as Eswatini for Swaziland, to updated country statistics and population numbers. Linking all of this together is a fully cross-referenced index containing 80,000 place names, making Concise World Atlas a truly in-depth portrait of our planet.

National Geographic Compact Atlas of the World  
National Geographic Books

Over 50 full-colour world maps and graphics break down hardcore statistics to provide a compelling analysis of all the political, social, economic and ecological nightmares that keep us awake at night. The world's car population has grown five times as fast as the human population over the last 50 years. Wal-Mart's sales revenue exceeds the GDP of 150 countries. Climate change may put 2.7 billion at risk of armed conflict. Germany generates more tourists than anywhere else. Americans use 160 times more water than people in Rwanda. If you

Finally, an index with over 64,000 items make searching for lesser-known locales quick and easy. Truly international in scope, created with meticulous care, and reflecting the very latest political developments and census information, Oxford's New Concise World Atlas, Sixth Edition achieves the highest standard among international map resources. This engaging and affordable resource is second to none in the superb quality of its maps, the breadth of its coverage, and its easy-to-use convenience.

National Geographic Kids Beginner's World Atlas

National Geographic Books

Hailed by critics worldwide as "extraordinary" and

"irreplaceable," there are few volumes that have had as monumental an impact in their field as Hugh Johnson's *The World Atlas of Wine*: sales have exceeded four million copies, and it is now published in thirteen languages. World-renowned authors Hugh Johnson and Jancis Robinson once again combine their unrivalled talents to enhance this masterpiece of wine knowledge. There are now 48 extra pages, including 17 new color illustrations, 20 new maps, and-for the first time ever-double page spreads and full-page photos in the atlas section for maximum visual impact. New World coverage has been extended for both Australia and South America; some New World regions even have their own entries for the first time, including Rutherford, Oakville, and Stag's Leap from California; Mendoza (Argentina); Limestone Coast (Australia); Central Otago and Martinborough (New Zealand); and Constantia (South Africa). And Old World coverage has grown too, with the addition of Toro (Spain), the Peloponnese (Greece),

---

and Georgia. It's a truly incomparable book, and an essential addition to every wine lover's or professional's library.
