The Revel -- Print Offer Sticker -- For Heritage of World Civilizations McGraw-Hill/Glencoe

Based on Bentley and Ziegler's best-selling, comprehensive survey text, *Traditions & Encounters: A Brief Global History* provides a streamlined account of the cultures and interactions that have shaped world history. An effective part structure organizes developments into seven eras of global history, putting events into perspective and creating a framework for cross-cultural comparisons, while the strong themes of traditions (the formations and development of the world's major societies) and encounters (cross-cultural interactions and exchanges) bring focus to the human experience and help turn the giant story of world history into something more manageable. With an engaging narrative, visual appeal, extended pedagogy, and a strong emphasis on critical thinking, this concise version offers enhanced flexibility and affordability without sacrificing the features that have made the complete text a favorite among instructors and students alike.

Cambridge Scholars Publishing

In 1412, Europe was a miserable backwater ravaged by plague, bad sanitation and incessant war, while the Orient was home to dazzling civilizations. Yet, somehow, the West came to dominate the Rest for most of the next half millennium. In this vital, brilliant book, Niall Ferguson reveals the six 'killer applications' that the Rest lacked- competition, science, property rights, medicine, consumerism and the work ethic. And he asks- do we still have these winning tools? Or is this the end of Western ascendancy? Winner

World History Pearson

Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union, Vladimir Putin and Russia ' s Imperial Revival argues that Russia ' s recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War. At the least, Russia ' s actions represent the potential for renewal. This book explains these developments in a historical context. The book begins by describing Russia ' s initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression. It identifies today ' s Russia as a nation determined to re-establish itself as a political and military force. As a prominent figure in the development and continuation of its current foreign policy, Vladimir Putin plays a central role in the topics covered. Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police, but here David E. McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies. He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia. These tactics include the use of energy as a weapon, cyber terrorism, and military support for ethnic Russian separatists in other sovereign nations, most recently exemplified by Russia ' s annexation of Crimea from Ukraine via armed invasion. In an attempt to demystify Russia ' s re-emergence as an international political force, Vladimir Putin and Russia ' s Imperial Revival grounds its analyses in history. It explores as far back as the establishment of the first Russian empire, and regards Putin as a leader determined to establish a fifth imperial incarnation. It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events.

This edition is even more focused on the needs of AP® students, with AP® Skills Workshops, a DBQ-aligned Working with Evidence feature, and more opportunities to hone AP® skills and practice for the exam.

Traditions & Encounters + Activities Bundle Routledge

With 83 additional outline and four-color maps, *World Civilizations: The Global Experience, Fifth Edition, Atlas Edition*, helps students with geography, one of the most difficult aspects of World history courses for many. The maps are accompanied by review questions that call on students to identify important geographical areas and think critically about the connection between geography and historical events. The maps are on perforated pages and are organized by chapter so that they can be assigned easily and collected. The primary goal of *World Civilizations* is to present a truly global history—since the development of agriculture and herding to the present. Using a unique periodization, this book divides the main periods of human history according to changes in the nature and extent of global contacts. This global world history text emphasizes the major stages in the interactions among different peoples and societies, while also assessing the development of major societies. Presenting social and cultural as well as political and economic aspects, the book examines key civilizations in world history. *World Civilizations* balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact.

World Civilizations University of Chicago Press

The Rise of the West, winner of the National Book Award for history in 1964, is famous for its ambitious scope and intellectual rigor. In it, McNeill challenges the Spengler-Toynbee view that a number of separate civilizations pursued essentially independent careers, and argues instead that human cultures interacted at every stage of their history. The author suggests that from the Neolithic beginnings of grain agriculture to the present major social changes in all parts of the world were triggered by new or newly important foreign stimuli, and he presents a persuasive narrative of world history to support this claim. In a retrospective essay titled "The Rise of the West after Twenty-five Years," McNeill shows how his book was shaped by the time and place in which it was written (1954-63). He discusses how historiography subsequently developed and suggests how his portrait of the world's past in *The Rise of the West* should be revised to reflect these changes. "This is not only the most learned and the most intelligent, it is also the most stimulating and fascinating book that has ever set out to recount and explain the whole history of mankind. . . . To read it is a great experience. It leaves echoes to reverberate, and seeds to germinate in the mind."—H. R. Trevor-Roper, *New York Times Book Review*
