### **Introduction to Geography**

Place an "L" next to descriptions of the location. Place a "P" next to those that describe place. 3. Discuss the location and

---

place of your classroom using the 5 Ws and a geographic perspective.

Continue to model a geographic perspective by asking students to think about how the location and place of their classroom affects them.

### Activities - Geography - Google Sites

Location. Where is it? Absolute: A location can be absolute (specific) as in coordinates of a map using longitude and latitude. Relative: A location can be relative - examples: next door, nearby, a

short drive, down the road a ways. Or, it can be in the same general location as another location - example: next to the post office. Place. A place is an area that is defined by everything in it.

30 Fun Geography Activities for Kids - Imagination Soup  
Geography Skills Handbook Throughout this text, you will discover how geography has shaped the course of events in United States history. Landforms, waterways, climate, and natural resources all have helped or hindered human activities. Usually people have learned either to adapt to their environments or to transform it to meet
