World Geography Games - Let's play and learn Geography!

Location. Where is it?

Absolute: A location can be absolute (specific) as in coordinates of a map using longitude and latitude.

Relative: A location can be relative - examples: next door, nearby, a short drive, down the road a ways. Or, it can be in the same general location as another location - example: next to the post office. Place. A place is an area that is defined by everything in it.
