Spy Runner Holt McDougal

"This rich and engaging book looks at instances of sanctified violence, the holy wars related to religion. It covers it all, from ancient to present day, including examples of warfare among Sikhs, Hindus and Buddhists, as well as Christians, Jews and Muslims. It is a comprehensive and readable overview that provides a lively introduction to the subject of holy war in its broadest sense—as 'sanctified violence' in the service of a god or ideology. It is certain to be a useful companion in the classroom, and a boon to anyone fascinated by the dark attraction of religion and violence." —Mark Juergensmeyer, University of California, Santa Barbara Contents: Introduction: What Is Holy War? Chapter 1: Holy Wars in Mythic Time, Holy Wars as Metaphor, Holy Wars as Ritual Chapter 2: Holy Wars of Conquest in the Name of a Deity Chapter 3: Holy Wars in Defense of the Sacred Chapter 4: Holy Wars in Anticipation of the Millennium Epilogue: Holy Wars Today and Tomorrow Also included are a description of the Critical Themes in World History series, Preface, index, and suggestions for further reading.

From Jim Holt, the New York Times bestselling author of *Why Does the World Exist?*, comes an entertaining and accessible guide to the most profound scientific and mathematical ideas of recent centuries in *When Einstein Walked with Gödel: Excursions to the Edge of Thought*. Does time exist? What is infinity? Why do mirrors reverse left and right but not up and down? In this scintillating collection, Holt explores the human mind, the cosmos, and the thinkers who've tried to encompass the latter with the former. With his trademark clarity and humor, Holt probes the mysteries of quantum mechanics, the quest for the foundations of mathematics, and the nature of logic and truth. Along the way, he offers intimate biographical sketches of celebrated and neglected thinkers, from the physicist Emmy Noether to the computing pioneer Alan Turing and the discoverer of fractals, Benoit Mandelbrot. Holt offers a painless and playful introduction to many of our most beautiful but least understood ideas, from Einsteinian relativity to string theory, and also invites us to consider why the greatest logician of the twentieth century believed the U.S. Constitution contained a terrible contradiction—and whether the universe truly has a future.

What is the purpose of studying history? How do we reflect on contemporary life from a historical perspective, and can such reflection help us better understand ourselves, the world around us, and the God we worship and serve? Written by an accomplished historian, award-winning author, public evangelical spokesman, and respected teacher, this introductory textbook shows why Christians should study history, how faith is brought to bear on our understanding of the past, and how studying the past can help us more effectively love God and others. John Fea shows that deep historical thinking can relieve us of our narcissism; cultivate humility, hospitality, and love; and transform our lives more fully into the image of Jesus Christ. The first edition of this book has been used widely in Christian colleges across the country. The second edition provides an updated introduction to the study of history and the historian's vocation. The book has also been revised throughout and incorporates Fea's reflections on this topic from throughout the past 10 years.

"Money may seem hopelessly mundane and culturally meaningless, but it has dominated—and documented—world history since the time of the ancient Greeks. This heavily illustrated book provides a spirited account of the first coinages and their living descendants in our pockets and purses. It explains how people from Jesus to The Beatles have used numismatics to explore the social, political, economic, and religious history of the world"—

*Profiles in History Activities with Answer Key* Modern World History

An accessible child-centred story about self-acceptance and the importance of opening up to those closest to you. Becky and Josh are almost-twins, with two mums and the same anonymous donor dad. Josh can't wait until he's eighteen, the legal age when he can finally contact his donor, and he'll do anything to find out more - even if it involves lying. Becky can't stop thinking about her new friend, Carli. Could her feelings for Carli be a sign of something more? Becky and Josh both want their parents to be proud of them...but right now, they're struggling to even accept themselves. Praise for Sarah Hagger-Holt's debut, *Nothing Ever Happens Here* "A barrier-breaking, empathy-inducing story for all." LoveReading4Kids "I can't wait for kids to read it - it's a book a lot of people need right now." Jay Hulme, award-winning poet "Compassionate and sweet and full of people trying their best. Highly recommended." Robin Stevens "Pitch perfect as far as I'm concerned. I wish there'd been books like this in my day." Christine Burns MBE, British Political Activist
