Advanced Placement World History: Modern Bright Ideas Press

The Book of the Ancient World is an account of our common heritage from the dawn of civilization to the coming of the Greeks. It is

the story of how human beings began their great adventure of learning how to live; of how they have sought to satisfy the practical needs of their bodies, the questioning of their minds, and the searching of their spirits.

To this end it subordinates details of political events to the record of things that lie at the foundation of our modern civilization.

Dorothy Mills had an uncanny and unique ability to write history that is

interesting and at the same time based on sound scholarship. Her direct, engaging approach is valued increasingly by the many parents in our day who are looking for reliable materials for home study, as well as by many private school educators. The highly-prized six volumes of her historical works (see below) have become very scarce on the used book market, and so Dawn Chorus has undertaken to reprint them as part of its effort to offer texts ideally suited to the needs of a new generation of teachers and students. In a world where the quality of education has so deteriorated, may the reissue of this wonderful historical series shine as a beacon to a new generation of young (and not so young) scholars. Dawn Chorus publishes these five other books by Dorothy Mills: *The Book of the Ancient Greeks*; *The Book of the Ancient Romans*; *The People of Ancient Israel*; *The Middle Ages*; and *Renaissance and Reformation Times*. Dawn Chorus has also republished another outstanding, and long-out-of-print historical series perfectly suited for home or school use (and highly recommended in home-school curricula), entitled *The Picturesque Tale of Progress*, by Olive Beaupre Miller. It is available in large format (9 volumes), or smaller, double-bound format (5 volumes).
