The back country can be an extremely intimidating place even in the best conditions and in the best-case scenario. In my 30 plus years as a NOLS student(not to mention I'm a 25 year veteran as a Red Cross Instructor) I have learned what I can expect from Mother Nature: Don't take Her lightly, and above don't disrespect Her! When discussing back forty survival on the other-hand, we can have a tad bit of fun and a humorous attitude when learning about how to NOT die out there! This tongue and cheek book is humorous but information packed; the contents are taken from my actual script of wilderness survival classes I taught at cross country lodge, with each chapter addressing a different survival skill that can help you in the event of a back country adventure going wrong and you find yourself lost or stranded in a wilderness setting. I kept it very basic and very short; the idea is you can bring this light weight booklet with you in your pack and have it on hand when you venture forth into the great outdoors.

How many times have you and your friends asked one another these questions without ever coming up with any good answers?

Your girlfriends just tell you what you want to hear. At the end of the day, the only person who can give you insight into man problems is—that 's right—a man! But guys have hidden agendas. What guy would give up all his dating advantages by spilling the goods? Steve Santagati would. A self-confessed serial dater and Bad Boy, Steve is telling all for the benefit of womankind.

Every guy is at least part Bad Boy, and in The Manual, this prime specimen reveals what every woman needs to know to counter Bad Boy tactics, both amateur and professional. Steve is never condescending or callous, but honest, perceptive, and street-smart. His guidance is straightforward and his insights are dead-on, giving women tools they can immediately put to work. Discover what you may not want to know but need to know about:

- The Heart of the Bad Boy (i.e., the nature of the beast)
- The Male Mind: how he sees you and how you can make this work to your advantage
- Guys on the Hunt: the male modus operandi, from the grocery store to Home Depot
- When Boy Meets Girl: how to handle dating, from flirting to “ sext ” messaging to learning his weaknesses
- Mating: so you 've got him . . . should you keep him?

Why learn from a Bad Boy instead of, say,

a psychologist? Because there 's no replacement for “ in the field ” experience. You 'll benefit from (and laugh at) stories of real things Steve has done in relationships with women as well as of women turning the tables on him when he least expected it.

The book also includes a question-and-answer section, in which Steve explores some of the toughest dating issues. To understand Steve is to understand the Bad Boy, and that will take you a long way in understanding all men. Find out how much more fun dating can be when you get the upper hand on Bad Boys . . . for good.

Jamgön Kongtrul Lodrö Taye presents practical teachings from a variety of Tibetan Buddhist traditions in this volume of The Treasury of Precious Instructions. The Treasury of Precious Instructions by Jamgön Kongtrul Lodrö Taye, one of Tibet's greatest Buddhist masters, is a shining jewel of Tibetan literature, presenting essential teachings from the entire spectrum of practice lineages that existed in Tibet. In its eighteen volumes, Kongtrul brings together some of the most important texts on key topics of Buddhist thought and practice as well as authoring significant new sections of his own. In this, the eighteenth volume, Kongtrul expands on The One Hundred and Eight Guidebooks, a collection of teaching manuals compiled by the sixteenth-century Tibetan master Kunga Drolchok, adding Indic source texts, Tibetan antecedents, and later interpretations. Though compiled by a Jonangpa abbot and transmitted by the Jonang tradition, these teaching manuals are actually drawn from the Kadam, Sakya, Kagyu, and, to a lesser extent, Nyingma traditions. They are succinct and impart practical wisdom, as transmitted by key figures like Kunga Chogdrub and Lowo Khenchen Sonam Lhundrub. Gyurme Dorje, the translator, provides extensive notes and helpful context throughout. The resulting volume preserves and integrates the diverse

lineages of Tibetan Buddhism while providing useful advice to practitioners.
