From the everyday to the fantastical—it's all here. “A very handy book that could honestly, save their life—or just answer all those questions they’re maybe too embarrassed to even google.” —Buzzfeed

This Will Kill You Minotaur Books

A Finalist for the NAACP Image Award A Finalist for the Hurston/Wright Legacy Award for Nonfiction A Finalist for the Thurber Prize for American Humor Longlisted for the PEN/Diamonstein-Spielvogel Award for the Art of the Essay An NPR Best Book of the Year A Washington Independent Review of Books Favorite of the Year From the host of podcast “Stuck with Damon Young,” cofounder of *VerySmartBrothas.com*, and one of the most read writers on race and culture at work today, a provocative and humorous memoir-in-essays that explores the ever-shifting definitions of what it means to be Black (and male) in America For Damon Young, existing while Black is an extreme sport. The act of possessing black skin while searching for space to breathe in America is enough to induce a ceaseless state of angst where questions such as “How should I react here, as a professional black person?” and “Will this white person’s potato salad kill me?” are forever relevant. *What Doesn’t Kill You Makes You Blacker* chronicles Young’s efforts to survive while battling and making sense of the various neuroses his country has given him. It’s a condition that’s sometimes stretched to absurd limits, provoking the angst that made him question if he was any good at the “being straight” thing, as if his sexual orientation was something he could practice and get better at, like a crossover dribble move or knitting; creating the farce where, as a teen, he wished for a white person to call him a racial slur just so he could fight him and have a great story about it; and generating the surreality of watching

gentrification transform his Pittsburgh neighborhood from predominantly Black to “Portlandia . . . but with Pierogies.” And, at its most devastating, it provides him reason to believe that his mother would be alive today if she were white. From one of our most respected cultural observers, *What Doesn’t Kill You Makes You Blacker* is a hilarious and honest debut that is both a celebration of the idiosyncrasies and distinctions of Blackness and a critique of white supremacy and how we define masculinity.

To Kill a Mockingbird St. Martin's Press

“Should be read by anyone with a body. . . . Relentlessly researched and undeniably smart.” —The New York Times Named one of BuzzFeed's “Best Books of 2021” *What Doesn't Kill You* is the riveting account of a young journalist’s awakening to chronic illness, weaving together personal story and reporting to shed light on living with an ailment forever. Tessa Miller was an ambitious twentysomething writer in New York City when, on a random fall day, her stomach began to seize up. At first, she toughed it out through searing pain, taking sick days from work, unable to leave the bathroom or her bed. But when it became undeniable that something was seriously wrong, Miller gave in to family pressure and went to the hospital—beginning a years-long nightmare of procedures, misdiagnoses, and life-threatening infections. Once she was finally correctly diagnosed with Crohn’s disease, Miller faced another battle: accepting that she will never get better. Today, an astonishing three in five adults in the United States suffer from a chronic disease—a percentage expected to rise post-Covid. Whether the illness is arthritis, asthma, Crohn's, diabetes, endometriosis, multiple sclerosis, ulcerative colitis, or any other incurable illness, and whether the sufferer is a colleague, a loved one, or you, these diseases have an impact on just about every one of us. Yet there remains an air of shame and isolation about the topic of chronic sickness. Millions must endure these disorders not only physically but also emotionally, balancing the stress of relationships and work amid the ever-present threat of health complications. Miller segues seamlessly from her dramatic personal experiences into a frank look at the cultural realities (medical, occupational, social) inherent in receiving a lifetime diagnosis. She offers hard-earned wisdom, solidarity, and an ultimately surprising promise of joy for those trying to make sense of it all.

**This Lie Will Kill You** Simon and Schuster

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his

decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré  
*Would You Kill the Fat Man?* Cjm Books

The personal story of one of Hollywood's key players recounts Steel's early life on the wrong side of the tracks, entrance into the business world as a college dropout and secretary, and rise to the presidency of Columbia Pictures. Reprint.

**I Don't Want To Kill You** Ink Worlds Press

"They always agreed to meet me. Of course, I told them I was bringing them money. I said it was cash and I didn't want to send it through the mail. They might have hesitated at first about meeting me, but I never had to work very hard to convince them. Why? . . . It was the only way they could prolong their pathetic dreams of someday becoming rich, famous models." Shelby's life in Soundview has always been comfortable. Her dad provides a luxurious lifestyle for his family through his photography business. He makes a ton of money taking headshots of pretty young teens who are desperate to become models. Shelby has always enjoyed driving around town in a red sports car, shopping with her best friend at her side. And her Mom is laidback, so it's all good. However, as reports of girls disappearing from nearby towns start to appear on the news, Shelby's seemingly perfect life begins to fall apart. The three missing girls have one thing in common--they were all clients of her dad's photography business. Secrets begin to surface as the investigation continues. Shelby receives threatening e-mails, battles the nosy media, and tries to keep her family together. Now that her dad is implicated in the disappearances, can Shelby figure out a way to clear his name? Or is dad not as innocent as he seems?  
PRAISE FOR BLOOD ON MY HANDS: "[A] rare teen thriller with an actual mystery, this is as quickly paced as it is heart-wrenching." - Booklist  
"Author recognition, teen love of mystery, and a stellar cover will...make this a well-circulating title." - School Library Journal  
PRAISE FOR WISH YOU WERE DEAD: "Hits all the right notes of a teen thriller[...] his gripping plot will keep readers turning pages late into the night" - School Library Journal  
"Carefully plotted; this suspenseful novel blends the traditional with new tech details to successful end [...] will keep readers guessing right up to the satisfying conclusion." - Kirkus Reviews

*Would It Kill You to Say Please?* Simon and Schuster

*I Don't Want to Kill You* is the third darkly comic novel in the John Wayne Carver series by Dan Wells, the first of which - *I Am Not a Serial Killer* - is now a major motion picture. Sixteen-year-old John Wayne Cleaver has always known he's different, but not because he only has one friend (and doesn't much like him) and not because he regularly helps out in his mother's mortuary. He's different because he recognizes the classic signs of an incipient serial killer in his own personality, and he's created a rigid set of rules to follow to keep his darker nature, the one he calls Mr Monster in check. But John discovers it's the personality traits he so fears that put him in the best position to save the people of his town from a series of horrific and disturbing killers...

**Would It Kill You to Stop Doing That** Henry Holt and Company

Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Whatever Doesn't Kill You Allen & Unwin

The Princess Bride meets *Game of Thrones* in this commercial YA trilogy from acclaimed fantasy author Sarah Henning. Princess Amarande is finally on the verge of having everything she wants. To be with her true love Luca, no one nor law standing in the way. To rule Ardenia as queen outright, no marriage necessary, as Luca does the same with the reformed Torrence. To rebuild the continent of The Sand and Sky into a place not defined by

archaic, patriarchal laws, but by the will of its people. However, threats await in the shadows of Amarande's hoped-for happily ever after. One expected and deadly to both her love and every one of her objectives. The other, unexpected, and arising with a vicious aim: revenge at any cost. Against the princess who killed him, the boy whose love made her do it, and the continent cruel enough to deserve his rage. *The King Will Kill You* is the epic, pulse-pounding conclusion to Sarah Henning's *Kingdoms of Sand and Sky* trilogy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*The FAA Will Kill You Twelve*

"A book to overcome stress with humor"--Page [1] cover.

*This Lie Will Kill You* Atlantic Books

NPR and "Vanity Fair" contributor Alford asks, what do "good" manners look like in our day and age? Troubled by the absence of good manners in his day-to-day life, Alford embarks on a journey to find out how things might look if people were on their best behavior a tad more often.

You've heard about the latest studies and you've read the conflicting reports. You were right to be suspicious—the strange reality is that everything is bad for you. Everything from carpets to camping to water to Norman, Oklahoma, endangers your health, your sense of well-being and ultimately, your sanity. Discover the disturbingly amusing truth: sunscreen is bad for you whether you use it or not—and so is everything else!

**Rise and Kill First** Chronicle Books

So you can make a bomb out of chewing gum and a matchstick and you know how to swing Swedish porn as a tax deduction. You're a little iffy on Gucci vs Prada, but you can certainly tell Tiffany bling from a Bangkok Fugazi. You are familiar with the maze of modern living and the import of the question, 'What's in it for me?' But do you know the courteous formula for declining casual sex? Or the exact stage of a party at which nudity becomes a social obligation? Can you construct a gracious evasion when the government wants to know how much your estranged father earns? *Would It Kill You to Say Please?* is more than just a manners guide, it's a lifesaver—an antidote to the failure of conventional etiquette to equip us for the anxieties of modern life. A book for people who need advice more relevant than how to reply to a birth announcement and more in-depth than 'He's just not that into you'. Alice Williams is set to become the manners guru of the new millennium.

*Love Me Or I'll Kill You* Glitterati

This "fact-filled and amusing trek through nature's dark side" (Kirkus

Reviews) reveals the fascinating, weird, and often perverted ways that Mother Nature fends only for herself. It may be a wonderful world, but as Dan Riskin (host of the Animal Planet's TV show *Monsters Inside Me*) explains, it's also a dangerous, disturbing, and disgusting one. At every turn, it seems, living things are trying to eat us, poison us, use our bodies as their homes, or have us spread their eggs. In *Mother Nature Is Trying to Kill You*, Riskin is our tour guide through the natural world at its most gloriously ruthless. Using the seven deadly sins as a road map, Riskin offers dozens of jaw-dropping examples that illuminate how brutal nature can truly be. From slothful worms that hide in your body for up to thirty years to wrathful snails with poisonous harpoons that can kill you in less than five minutes to lustful ducks that have orgasms faster than you can blink, these fascinating accounts reveal the candid truth about "gentle" Mother Nature's true colors. Riskin's passion for the strange and his enthusiastic expertise bring Earth's most fascinating fauna and flora into vivid focus. Through his adventures—which include sliding on his back through a thick soup of bat guano just to get face-to-face with a vampire bat, befriending a parasitic maggot that has taken root in his head, and coming to grips with having offspring of his own—Riskin makes unexpected discoveries not just about the world all around us but also about the ways this brutal world has shaped us as humans and what our responsibilities are to this terrible, wonderful planet we call home.

**Things That Might Kill You** Andrews McMeel Publishing

Hypochondriacs have long had to satisfy their needs for self-diagnosis with medical reference materials written for the masses, but this revolutionary book is dedicated entirely to the hypochondriac's unique perspective on health. The world's worst maladies, conveniently organized by symptom (real or imagined), will ignite even the mildest hypochondriac's fantasy life. We're all going to die of something—why not choose an ailment that's rare and hard to pronounce?

Seven Things Not to Do When Everyone's Trying to Kill You Simon and Schuster

My mom always said, "A jealous person will kill you." At the time, I didn't quite fully understand what this meant, until I was faced with the realities of being hated by people to whom I had not done anything wrong. At this point in my life, I saw firsthand that there was true evil in this world. I was hurting, and my life was consumed by pure anguish. I was not perfect, and neither was anyone else. If I was hated by the choices that I'd made, "then so be it." Despite my choices in life, this still neither justified nor gave them the right to do the things they did to me. It is so easy for someone to sit on their high

mountain, judging others, but become blinded by their own faults and shortcomings. Daddy said, "You don't have to do wrong to a person for them to not like you," and from experience, I know that you don't have to do wrong to a person for them to want you dead either! God saved me, and he sent his angels here to protect me. I am still here because God has a bigger and better plan for my life that no one can ever comprehend. I would ask God why I was going through so many troubles and why my life was so difficult. Now I ask God, "What is it that I am supposed to learn from this?" The things that I've gone through drew me closer to God. I experienced hearing God's voice for myself, and when he is speaking to me, I now listen. I no longer view life from worldly eyes. God had always protected me from things that, at times, I didn't know I needed protection from. The voice of the Lord is powerful. The voice of the Lord is majestic. There is true majesty in the Lord's voice . . . Supreme Greatness indeed.

*I Don't Want to Kill You* Orca Book Publishers

Nothing makes Portland detective Archie Sheridan happier than knowing that Gretchen Lowell—the serial killer whose stunning beauty is belied by the gruesome murders she's committed—is locked away in a psych ward. Archie can finally heal from the near-fatal physical and emotional wounds she's inflicted on him and start moving on with his life. To this end, Archie throws himself into the latest case to come across his desk: A cyclist has discovered a corpse in Mount Tabor Park on the eastern side of Portland. The man was gagged, skinned, and found hanging by his wrists from a tree. It's the work of a killer bold and clever enough to torture his victim for hours on a sunny summer morning in a big public park and yet leave no trace. And then Archie gets a message he can't ignore—Gretchen claims to have inside knowledge about this grisly murder. Archie finally agrees to visit Gretchen, because he can't risk losing his only lead in the case. At least, that's what he tells himself . . . but the ties between Archie and Gretchen have always been stronger, deeper, and more complex than he's willing to admit, even to himself. What game is she playing this time? And even more frightening, what long-hidden secrets from Gretchen's past have been dredged up that someone would kill to protect? At once terrifying and magnetic, "Beauty Killer" Gretchen Lowell returns with a vengeance in *Kill You Twice*, Chelsea Cain's latest razor-sharp psychological thriller.
