Spears. Wounds of Honour Marcus Aquila has  
scarcely landed in Britannia when he has to run  
for his life - condemned to dishonorable death  
by power-crazed emperor Commodus. The plan  
is to take a new name, serve in an obscure  
regiment on Hadrian's Wall and lie low until he  
can hope for justice. Then a rebel army sweeps  
down from north of the Wall, and Marcus has to  
prove he's tough enough to lead a century in the  
front line of a brutal war. Arrows of Fury The  
new Roman governor of Britannia must stamp  
out the northern rebellion or risk losing the  
province. For Marcus - Centurion Corvus of the  
1st Tungrians - the campaign has become  
doubly dangerous. As reinforcements flood into  
Britannia he is surrounded by new officers with  
no reason to protect him. Death could result  
from a careless word as easily as from an  
enemy spear. Worse, one of them is close on his

heels. The prefect of the 2nd Tungrians has discovered his secret. Only a miracle can save Marcus from disgrace and death . . . Fortress of Spears Marcus Aquila - burning for revenge on an enemy that has killed one of his best friends - rides north with the Petriana cavalry. Pitiless assassins who know his real name, and too much about his friends.

Nebula and Hugo Award nominees Daniel Abraham and Ty Franck--writing as James S. A. Corey--make their Star Wars debut in this old school, action-packed, Space Opera epic. This brand-new, classic adventure stars the irrepressible Han Solo and his new friends, Luke Skywalker and Princess Leia Organa, just after the destruction of the Death Star in Star

Wars: Episode VI A New Hope! When a rebel spy needs extraction from under the nose of the Empire, who better to send than master smuggler, Han Solo? But rescuing a friendly spy is just the start of a wild adventure as the intel the spy uncovers leads Han and Leia to an ancient and deadly secret that threatens to be the Empire's ultimate--and likely successful--weapon against the Rebel Alliance. Add in the chance to lose Luke Skywalker to this horrific threat, and Han and Chewbacca may have finally met a trap even they can't escape...

'A master of the genre' The Times The Tungrians have no sooner returned to Rome than they find themselves tasked with a very different mission to their desperate exploits in Parthia. Ordered to cross the river Rhenus into barbarian Germany and capture a tribal priestess who may be the most dangerous person on the empire's northern border, they are soon subject to the machinations of an old

---

enemy who will stop at nothing to sabotage their plans before they have even set foot on the river's eastern bank. But after their Roman enemy is neutralised they face a challenge greater still. With two of the Bructeri tribe's greatest treasures in their hands they must regain Roman territory by crossing the unforgiving wilderness that was the graveyard of Roman imperial strategy two hundred years before. And capture by the Bructeri's vengeful chieftain and his warband can only end in one way - a horrific sacrificial death on the tribe's altar of blood.

Jorsk. A simple metalsmith and farmer turned warrior, he has become the most unlikely of heroes to the conquerors of his own people, the Caerfolk. Yet there is a growing faction of Jorskians who believe that if he were truly anointed as Chosen One by the Gods, then the immortals would have given him the Sword of Light as proof of his calling. Missing for generations, the sword is more myth than reality. But Devlin knows where to find it. Lost in battle after the Jorskians' brutal massacre of Caerfolk, it has remained in Duncaer, a souvenir of one of the land's

darkest days. Feeling more than ever a pawn of fate—and a plaything of the Gods who drive him—Devlin must return to the land of his birth, back to the people who have denounced him. For he is bound by an oath he has no choice but to obey...a promise he may have to die to keep.

bestseller from Simon Scarrow (author of the bestsellers BRITANNIA and CENTURION) and T. J. Andrews, co-author of the bestselling INVADER. Featuring the Roman army officer Figulus in first-century Britannia, INVADER is not to be missed by readers of Conn Iggulden and Bernard Cornwell. Roman Britain, AD 44. The land is far from tamed. A puppet king is doing little to calm the hatred of the native tribes. Fighting is in Optio Horatius Figulus' blood. His Celtic ancestry gives him the toughness essential for survival. That toughness will be tested to the very limit when he is sent on a mission deep in hostile territory. And Figulus knows that, even utterly crushed in battle, their warriors routed and the Druids driven from their hill forts, the tribesmen of Britannia will sooner die than surrender. Figulus fought alongside Macro and Cato in Simon Scarrow's bestselling Eagles of the Empire series. In INVADER, he stands alone. INVADER has previously been published in five separate ebook novellas.
