"In Trust Us, We're Experts! journalists Sheldon Rampton and John Stauber unmask the sneaky and widespread methods industry uses to influence opinion through bogus reports,

doctored data, and manufactured facts. Rampton and Stauber show how corporations and public relations firms have seized upon remarkable new ways of exploiting your trust to get you to buy what they have to sell: letting you hear their pitch from a neutral third party, such as a professor or a pediatrician or a soccer mom or a watchdog group." "The problem is, these third parties are usually anything but neutral. They have been handpicked, cultivated, and meticulously packaged in order to make you believe what they say. In many cases, they have been paid handsomely for their

stories are told with all the hilarity and intellect that

characterizes his comedy, while illuminating a dark and brutal period in South Africa ' s history that must never be forgotten. ” —Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah ' s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents ' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa ' s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man ' s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse

that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

World of Warcraft: Before the Storm DIANE Publishing

“Howerton writes unflinchingly about what it means to be raising children in today's world and how to liberate ourselves from the myth of perfect motherhood.” —Glennon Doyle, author of *Untamed* and *Love Warrior*, founder of *Together Rising* In this smart and subversively funny memoir, Kristen Howerton navigates the emotional and sometimes messy waters of motherhood and challenges the idea that there's a “right” way to raise kids. Recounting her successes, trials, mishaps, and hard-won wisdom, this mother of four advocates for letting go of the expectations, the guilt, and the endless race to be the perfect parent to the perfect child in the perfect family. This

book is for the parent who loves their kids like crazy but feels like parenting is making them crazy, too the parent who said

“ I will never . . . ” and now they have the parent who looks like they have it all together but feels like a hot mess on the inside the parent who looks like a hot mess on the outside, too the parent who asks Am I good enough? Doing enough? Doing it right? What ’ s wrong with me? What ’ s wrong with these children? Are they eighteen yet? With her signature blend of vulnerability, sarcasm, and insight, Howerton shares her unexpected journey from infertility to adoption to pregnancy to divorce to dealing with the shock and awe of raising teens. As a mom of a multiracial family and as a marriage and family therapist, she tackles the thorny issues parents face today, like hard conversations about racism, disciplining other people ’ s kids, the reality of Dad Privilege, and (never) attaining that elusive work/life balance. Rage Against the Minivan is a permission slip to let it go and allow yourself to be a “ good enough ” parent, focused on raising happy, kind, loving humans.
