The Line Penguin

“A fascinating, detailed and moving account on the life and work of a truly genius artist. A must read for anyone interested in Art.”

—João Leonardo, artist Sol

LeWitt (1928–2007), one of the most influential artists of the twentieth century, upended traditional practices of how art is made and marketed. A key figure in minimalism and conceptualism, he proclaimed that the work of the mind is much more important than that of the hand. For his site-specific work—wall drawings and sculpture in dozens of countries—he created the idea and basic plan and then hired young artists to install the pieces. Though typically enormous and intricate, the physical works held no value. The worth was in the pieces of paper that certified and described them. LeWitt championed and financially supported colleagues, including women artists brushed aside by the bullies of a male-dominated profession. Yet the man himself has remained an enigma, as he refused to participate in the culture of celebrity. Lary Bloom's book draws on personal recollections of LeWitt, whom he knew in the last years of the artist's life, as well as LeWitt's letters and papers and over one hundred original interviews with his friends and colleagues, including Chuck Close, Ingrid Sischy, Philip Glass, Adrian Piper, Jan Dibbets, and Carl Andre. This absorbing chronicle brings new information to our understanding of this important artist, linking the extraordinary arc of his life to his iconic work. Includes twenty-eight illustrations. "An insightful and intimate portrait of the artist, the man and his times." —Saul Ostrow, Founder of Critical Practices Inc.

Wreck This Journal (Black Expanded Edition) Penguin
A deceptively simple adventure into the unknown using only paper, a pencil and a single line *Wreck This Journal* had a simple premise: destroy the book in all the ways you can imagine. The Line is even simpler: find pencil, start a line. As you move through the pages of Keri Smith's newest book, you'll be asked to let your line meander, explore the book's gutter, and jump around the edges of the pages. You'll hide

your line, cut your line and even let someone else take over your line for a bit. The farther you get into the book, however, the more you'll discover that maybe things aren't as simple as they first seemed. The line has a mind of its own, and it's up to you to discover what's at the end of the line (hint: it's just the beginning).
