Cheska Harlow-Wright was born into a life of luxury and privilege. She has never wanted for anything. A comfortable future as a married London socialite awaits her. But since the age of thirteen, Cheska has harbored a secret—an unshakeable fixation on a boy who could never offer her anything close to comfort. A boy steeped in sin and draped in depravity. A boy born into the possessive embrace of darkness. When Cheska's seemingly perfect world is ripped apart by an unknown but deadly enemy, there's only one person she can run to. One person in the world who has the power to keep her safe. The one person her weak and shattered heart craves. Arthur Adley. The new head of the most feared crime family in London. Forced too young to take the helm of the Adley firm, Arthur has

become even more ruthless, formidable, and cold than ever before. His enemies are circling, and he must fight—and kill—to maintain his family's place at the top of the London crime underworld. There is no room for weakness, emotion, or loss of control. But then Cheska smashes back into his life with the force of a wrecking ball. She has no place in this dark, vicious, and bloodthirsty world. And worse, she is the solitary chink in his impenetrable armor. He's already pushed her away once, but this time she desperately needs him. She's broken, lost, and in danger, and he is the only one who can help. Arthur must protect her. He must destroy those who dare to threaten her, hunt down those who would take what is his. He would raze all of London to the ground to keep her safe... but can he also protect himself? The infamous Dark Lord of London Town faces his most brutal battle yet—the crippling weight of the past, the unrelenting enemies lurking in the shadows... and the havoc that Cheska's presence is wreaking on the granite fortress that was once his heart.

A hang-onto-your-hat-and-heart thriller of triumph and tragedy that barrels along at F. Paul Wilson's trademark breakneck pace, Harbingers It starts off so simply: Jack, still feeling down after the tragic events of Infernal, is hanging in Julio's when a regular named Timmy asks him for help. His teenage niece has been missing since this morning; the police say it's too early to worry, but Timmy knows something bad has happened. Jack says he'll put the word out on the street. This innocent request triggers a chain of seemingly coincidental events that lead Jack into the darkest days of his life. As has become evident in the series, Jack has been singled out, unwillingly, as the champion of one of the two supernatural forces contending for control of all human life on Earth. Neither of these forces are good or

evil, just dangerous and amoral. They value and notice individual humans about as much as we do mosquitos. Jack is desperate . . . and the last thing you want to do is make Jack desperate. That's when things begin to blow up and people begin to die. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Part memoir, nutritional primer, and political manifesto, this controversial examination exposes the destructive history of agriculture â "causing the devastation of prairies and forests, driving countless species extinct, altering the climate, and destroying the topsoil â "and asserts that, in order to save the planet, food must come from within living communities. In order for this to happen, the argument champions eating locally and sustainably and encourages those with the resources to grow their own food. Further examining the question of what to eat from the perspective of both human and environmental health, the account goes beyond health choices and discusses potential moral issues from eating â "or not eating â "animals. Through the deeply personal narrative of someone who practiced veganism for 20 years, this unique exploration also discusses alternatives to industrial farming, reveals the risks of a vegan diet, and explains why animals belong on ecologically sound farms.

A Soldier Supporting Soldiers is the second in a series of works by distinguished U.S. Army logisticians that focus on firsthand experience in the organization of combat service support. These studies seek to describe and analyze problems still familiar to those who provide the materials and other support required by today's Army. Their authors also clearly underscore the challenges that their successors will face in an era of limited resources. With active careers that span the last half century of Army history General Carter B. Magruder, in the recently published Recurring Logistic Problems As I Have Observed Them and Lt. Gen. Joseph M. Heiser, Jr., in the pages that follow, have much to say to the student of military operations about what constitutes efficiency and effectiveness in military logistics. General Heiser's study marks a clear departure from the Center of Military History's policy of refraining from publishing biographies or memoirs. Although we believe that the compelling reasons for establishing such a policy fifty years ago still pertain, we also think an exception should be made in this case. General Heiser has a unique skill in conveying important logistical lessons through personal anecdotes. Especially in his early chapters, he uses specific incidents from his own career to illuminate for his reader larger principles of logistics. Thus in this special instance our audience is treated to an extended, personal account that in some ways has just as much to say about military leadership and ethic as it does about logistics. The logistical principles discussed in this study appear especially vital to today's military students, given the recent massive challenges tologisticians posed by operations in the Persian Gulf and possible future contingency operations. I urge them to study and reflect on the insights provided in the engaging chapters that follow. Harold W. Nelson Washington, D.C.Brigadier General, USA December 1990Chief of Milit

She boards a plane to Moscow. She never expected to fall for a man on the way. One with unexplained wealth, tattoos on his hands, and secrets in his eyes. But it doesn't take long for his caress to become a rough grasp muffling her screams. Revenge is a dish best served cold. Unfortunately, a Russian winter is the coldest of them all, and Mila soon learns the only way to escape intact is to do the impossible and thaw her captor's heart.

I'm too dark for her light. I am who I am, and I won't apologize for it. I don't know how to be... Normal. I have my reasons. I've been through hell. I've touched the flames themselves and I've danced with the devil. Intimately. Damnation torched my soul until it was black. Then I see her. I'm enthralled, but I can't speak to her. She's too pure. Too fragile. Too innocent. She doesn't need to see my torched soul. She doesn't need to taste my damnation. I watch what I can't have. I swear I'll protect her. Even if she doesn't know I'm there. I get more... Enthralled. She loves books. I wonder if I could love them too. She loves wine. I imagine us sharing a glass. Imagination. What a tease. Enthralled. Entranced. Obsessed. She feels me there. Sees me out of the corner of her eye. I'm the reason the hair on the back of her neck is standing up. But I stay in the shadows where I belong. Until I can't. Until the day I see her cry. Those tears feel like open wounds. I want to heal them. But all she does is run. So I follow. Enthralled. Entranced. Obsessed. RUTHLESS. I won't stop until she no longer has a reason to cry. Even if it means I have to ride through the fires of hell one more time.
