FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD "In the spirit of Julian Barnes's Flaubert's Parrot and Alain de Botton's How Proust Can Change Your Life, Mr. Dyer's Out of Sheer Rage keeps circling its subject in widening loops and then darting at it when you least expect it . . . a wild book."--Christopher Lehmann-Haupt, The New York Times Geoff Dyer was a talented young writer, full of energy and reverence for the craft, and determined to write a study of D. H. Lawrence. But he was also thinking about a novel, and about leaving Paris, and maybe moving in with his girlfriend in Rome, or perhaps traveling around for a while. Out of Sheer Rage is Dyer's account of his struggle to write the Lawrence book--a portrait of a man tormented, exhilarated, and exhausted. Dyer travels all over the world, grappling not only with his fascinating subject but with all the glorious distractions and needling anxieties that define the life of a writer.

An Instant New York Times Bestseller From the Pulitzer Prize-winning author of *The Looming Tower*—a riveting thriller and “all-too-convincing chronicle of science, espionage, action and speculation” (*The Wall Street Journal*) At an internment camp in Indonesia, forty-seven people are pronounced dead with acute hemorrhagic fever. When epidemiologist Henry Parsons travels there on behalf of the World Health Organization to investigate, what he finds will have staggering repercussions. Halfway across the globe, the deputy director of U.S. Homeland Security scrambles to mount a response to the rapidly spreading pandemic leapfrogging around the world, which she believes may be the result of an act of biowarfare. And a rogue experimenter in man-made diseases is preparing his own terrifying solution. As already-fraying global relations begin to snap, the virus slashes across the United States, dismantling institutions and decimating the population. With his own wife and children facing diminishing odds of survival, Henry travels from Indonesia to Saudi Arabia to his home base at the CDC in Atlanta, searching for a cure and for the origins of this seemingly unknowable disease. *The End of October* is a one-of-a-kind thriller steeped in real-life political and scientific implications, filled with the insight that has been the hallmark of Wright's acclaimed nonfiction and the full-tilt narrative suspense that only the best fiction can offer.

National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's

clergy, signing up with a billion-year contract. In *Going Clear*, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

Millie's life as she knows it comes to a screeching halt, however, when her parents decide to separate. Her mother gets a new boyfriend, and her father moves into a new place - an apartment - with a big sign on the door that says NO DOGS ALLOWED. As she struggles to get her parents back together - not just for her sake, but for the sake of her future dog as well - Millie is elated when her father moves back in a short while later. She can't understand why her parents aren't happy at the reconciliation until she learns the truth: her father has moved back in because he has been diagnosed with cancer. Told through the diary entries of Millie, *Stay* is a moving portrait of a family in a time of crisis, whose pain is filtered through the thoughts and actions of an eleven-year-old girl, capturing the essence of what it means to grow up, confront your fears, support your family, and share in the wild optimism that only youth can harbour. Never one to shy away from tough issues, and constantly experimenting with form, acclaimed Saskatchewan poet Katherine Lawrence shifts successfully and beautifully into juvenile fiction with this moving story-in-verse. *Raising Jennifer Lawrence As Molly Brown* Da Capo Press

An intimate biography of the years that turned T. E. Lawrence into Lawrence of Arabia. Lawrence of Arabia's heroism during the Arab revolt and his disgust at the subsequent betrayal of the Arabs in the postwar negotiations have become the stuff of legend. But T. E. Lawrence's adventures in the Levant began long before the outbreak of war. This intimate biography is the first to focus on Lawrence in his twenties, the untold story of the awkward archaeologist from Oxford who, on first visiting "The East," fell in love with Arab culture and found his life's mission. Few people realize that Lawrence's classic autobiography, *Seven Pillars of Wisdom*, was not the first book to carry that iconic title. Lawrence himself burned his original draft. Anthony Sattin here uncovers the story Lawrence wanted to conceal: the truth of his birth, his tortuous relationship with a dominant mother, his deep affection for an Arab boy, and the personal reasons that drove him from student to spy. Drawing on surviving letters, diaries, and accounts from close confidantes, Sattin brings a biographer's eye for detail and a travel writer's verve to Lawrence's extraordinary journeys through the region with which his name is forever connected. In a masterful parallel narrative, *The Young T. E. Lawrence* charts the maturation of the man and the incipient countries he treasured, both coming of age at a time when the world's foundations were coming undone. D.H. Lawrence Rowman & Littlefield

The untold story of Dr. Oliver Sacks, his own most singular patient "[An] engrossing biographical memoir. This is Sacks at full blast: on endless ward rounds, observing his post-encephalitic patients . . . exulting over horseshoe crabs and chunks of Iceland spar." —Barbara Kiser, *Nature* The author Lawrence Weschler began spending time with Oliver Sacks in the early 1980s, when he set out to profile the neurologist for his own new employer, *The New Yorker*. Almost a decade earlier, Dr. Sacks had published his masterpiece *Awakenings*—the account of his long-dormant patients' miraculous but troubling return to life in a Bronx hospital ward. But the book had hardly been an immediate success, and the ruffled clinician was still largely unknown. Over the ensuing four years, the two men worked closely together until, for wracking personal reasons, Sacks asked Weschler to abandon the profile, a request to which Weschler acceded. The two remained close friends, however, across the next thirty years and then, just as Sacks was dying, he urged Weschler to take up the project once again. This book is the result of that tenuous relationship. Weschler sets Sacks' brilliant table talk and extravagant personality in vivid relief, casting himself as a beanpole Sancho to Sacks' capacious Quixote. We see Sacks rowing and ranting and caring deeply; composing the essays that would form *The Man Who Mistook His Wife for a Hat*; recalling his turbulent drug-fueled younger days; helping his patients and exhausting his friends; and waging intellectual war against a medical and scientific establishment that failed to address his greatest concern: the spontaneous specificity of the individual human soul. And all the while he is pouring out a stream of glorious, ribald, hilarious, and often profound conversation that establishes him as one of the great talkers of the age. Here is the definitive portrait of Sacks as our preeminent romantic scientist, a self-described “clinical ontologist” whose entire practice revolved around the single fundamental question he effectively asked each of his patients: How are you? Which is to say, How do you be? A question which Weschler, with this book, turns back on the good doctor himself.

Selected for *The Globe 100 Books* in 2013. With the 2013 CBC Massey Lectures, bestselling author Lawrence Hill offers a provocative examination of the scientific and social history of blood, and on the ways that it unites and divides us today. Blood runs red through every person's arteries and fulfills the same functions in every human being. The study of blood has advanced our understanding of biology and improved medical treatments, but its cultural and social representations have divided us perennially. Blood pulses through religion, literature, and the visual arts. Every time it pools or spills, we learn a little more about what brings human beings together and what pulls us apart. For centuries, perceptions of difference in our blood have separated people on the basis of gender, race, class, and nation. Ideas about blood purity have spawned rules about who gets to belong to a family or cultural group, who enjoys the rights of citizenship and nationality, what privileges one can expect to be granted or denied, whether you inherit poverty or the right to rule over the masses, what constitutes fair play in sport, and what defines a person's identity. *Blood: The Stuff of Life* is a bold meditation on blood as an historical and contemporary marker of identity, belonging, gender, race, class, citizenship, athletic superiority, and nationhood. *Spider, Spin Me A Web* North Point Press

From the famed publisher and poet, author of the million-copy-selling collection *A Coney Island of the Mind*, his literary last will and testament -- part autobiography, part summing up, part Beat-inflected torrent of language and feeling, and all magical. "A volcanic explosion of personal memories, political rants, social commentary, environmental jeremiads and cultural analysis all tangled together in one breathless sentence that would make James Joyce proud. . ." —Ron Charles, *The Washington Post* In this unapologetically unclassifiable work Lawrence Ferlinghetti lets loose an exhilarating rush of language to craft what might be termed a closing statement about his highly significant and productive 99 years on this planet. The "Little Boy" of the title is Ferlinghetti himself as a child, shuffled from his overburdened mother to his French aunt to foster childhood with a rich Bronxville family. Service in World War Two (including the D-Day landing), graduate work, and a scholar gypsy's vagabond life in Paris followed. These biographical reminiscences are interweaved with Allen Ginsberg-esque high energy bursts of raw emotion, rumination, reflection, reminiscence and prognostication on what we may face as a species on Planet Earth in the future. *Little Boy* is a magical font of literary lore with allusions galore, a final repository of hard-earned and durable wisdom, a compositional high wire act without a net (or all that much punctuation) and just a gas and an inspiration to read.

Michael Korda's *Hero* is an epic biography of the mysterious, Englishman whose daring exploits made him an object of intense fascination, known the world over as 'Lawrence of Arabia. An Oxford Scholar and archaeologist, T.E. Lawrence was sent to Cairo as an intelligence officer in 1916 and vanished into the desert in 1917. He united and led the Arab tribes to defeat the Turks and eventually capture Damascus, an adventure he recorded in the classic *Seven Pillars of Wisdom*. A born leader, utterly fearless and seemingly impervious to pain and danger, he remained modest, and retiring. Farsighted diplomat, brilliant military strategist, the first media celebrity, and acclaimed writer, Lawrence was a visionary whose achievements transcended his time: had his vision for the modern Middle East been carried through, the hatred and bloodshed that have since plagued the region might have prevented. The democratic reforms he would have implemented as British High Commissioner of Egypt, are those the Egyptians are now demanding, 91 years later. Ultimately, as this magisterial work demonstrates, Lawrence remains the paradigm of the hero in modern times.

You could describe D.H. Lawrence as the great multi-instrumentalist among the great writers of the twentieth century. He was a brilliant, endlessly controversial novelist who transformed, for better and for worse, the way we write about sex and emotions; he was a wonderful poet; he was an essayist of burning curiosity, expansive lyricism, odd humor, and radical intelligence, equaled, perhaps, only by Virginia Woolf. Here Geoff Dyer, one of the finest essayists of our day, draws on the whole range of Lawrence's published essays to reintroduce him to a new generation of readers for whom the essay has become an important genre. We get Lawrence the book reviewer, writing about Death in Venice and welcoming Ernest Hemingway; Lawrence the travel writer, in Mexico and New Mexico and Italy; Lawrence the memoirist, depicting his strange sometime-friend Maurice Magnus; Lawrence the restless inquirer into the possibilities of the novel, writing about the novel and morality and addressing the question of why the novel matters; and, finally, the Lawrence who meditates on birdsong or the death of a porcupine in the Rocky Mountains. Dyer's selection of Lawrence's essays is a wonderful introduction to a fundamental, dazzling writer.
