The Sundance Writer: A Rhetoric, Reader, and Research Guide, Brief Macmillan

Organized around common rhetorical situations that occur all around us, **INVENTING ARGUMENTS** shows students that argument is a living process rather than a form to be modeled. The text's focus on invention teaches students to recognize the rhetorical elements of any argumentative situation and apply the tools of argument effectively in their own writing. Students are introduced to the basic layers of argument in early chapters, with material arranged into increasingly sophisticated topics beginning with the most obvious or explicit layers (claims) and moving to the more implied layers of assumptions, values, beliefs, and ideology. By the time they finish Part I, your students will have a thorough understanding of argument, which they can then apply to the invention projects in Chapters 7 – 12. This edition has been updated to reflect guidelines from the 2016 MLA **HANDBOOK**, Eighth Edition. The College Writer: A Guide to Thinking, Writing, and Researching Cengage Learning
WRITING: TEN CORE CONCEPTS is based on ten fundamental lessons-the Core Concepts-that student writers must learn to become sophisticated writers. The thorough integration of these Core Concepts distinguishes the book from all other writing guides. Most composition textbooks present far more material than students could ever grasp and retain in a single semester. That approach ultimately waters down the most essential lessons students need to learn for their different writing tasks. Emphasizing writing as an interaction between a writer and a reader, WRITING: TEN CORE CONCEPTS offers students guidance in three main aims of writing and a way to participate in the important conversations that shape our lives. Each student text is packaged with a free Cengage Essential Reference Card to the MLA HANDBOOK, Eighth Edition. Developed for emerging academic writers, *Primary Research and Writing* offers a fresh take on the nature of doing research in the writing classroom. Encouraging students to write about topics for which they have a passion or personal connection, this text emphasizes the importance of primary research in developing writing skills and abilities. Authors Lynée Lewis Gaillet and Michelle F. Eble have built a pedagogical approach that makes archival and primary research interesting, urgent, and relevant to emerging writers. Students are able to explore ways of analyzing their findings and presenting their results to their intended readers. With in-text features to aid students in understanding primary research and its role in their writing, chapters include special elements such as: Communities in Context - Profiles of traditional and digital communities that help students understand the characteristics of communities and group members Profiles of Primary Researchers - Spotlights on professionals, giving an illuminating look into the role primary research plays in real-world research and writing Student Writing - Examples of exemplary student writing that demonstrate how research can be relevant, engaging, and interesting, with annotations. Invention Exercises - Exercises designed to help students locate primary investigation within communities that they already understand or find appealing Writing Exercises - Writing exercises that offer students practice in exploring communities and investigating primary materials. Readings - Annotated readings with questions to guide analysis, pulled from a variety of rich sources, that give students inspiration for undertaking their own research projects. This text has a robust companion website that provides resources for instructors and students, with sample syllabi, chapter overviews, lecture outlines, sample assignments, and a list of class resources. *Primary Research and Writing* is an engaging textbook developed for students in the beginning stages of their academic writing careers, and prepares its readers for a lifetime of research and writing.

In this fourth edition of *WRITING IN THE WORKS*, the authors have maintained their dual focus on writing as both an academic and practical tool. At the same time, they have updated the content and the spirit of the book for the contemporary writing environment. Students learn to write for the digital world—where visual and verbal messages are inseparable—and do so by exploring serious ideas that will engage a real-world audience. Throughout the book, and in three new chapters, the authors emphasize the skills of synthesizing, defining, and evaluating—skills central to the development of good academic writing and good real-world writing. Students are encouraged to take chances, think big thoughts, and practice skills which will prepare them to ride the global communications wave as more confident, capable writers. This edition has been updated to reflect guidelines from the 2016 MLA *HANDBOOK*, Eighth Edition. Bless Me, Ultima Macmillan

Michel Foucault was one of the most influential philosophical thinkers in the contemporary world, someone whose work has affected the teaching of half a dozen disciplines ranging from literary criticism to the history of criminology. But of his many books, not one offers a satisfactory introduction to the entire complex body of his work. The *Foucault Reader* was commissioned precisely to serve that purpose. The Reader contains selections from each area of Foucault's work as well as a wealth of previously unpublished writings, including important material written especially for this volume, the preface to the long-awaited second volume of *The History of Sexuality*, and interviews with Foucault himself, in the course of which he discussed his philosophy at first hand and with unprecedented candor. This philosophy comprises an astonishing intellectual enterprise: a minute and ongoing investigation of the nature of power in society. Foucault's analyses of this power as it manifests itself in society, schools, hospitals, factories, homes, families, and other forms of

organized society are brought together in The Foucault Reader to create an overview of this theme and of the broad social and political vision that underlies it.

This concise handbook helps educators write for the rhetorical situations they will face as students of education, and as preservice and practicing teachers. It provides clear and helpful advice for responding to the varying contexts, audiences, and purposes that arise in four written categories in education: classroom, research, credential, and stakeholder writing. The book moves from academic to professional writing and chapters include a discussion of relevant genres, mentor texts with salient features identified, visual aids, and exercises that ask students to apply their understanding of the concepts. Readers learn about the scholarly and

qualitative research processes prevalent in the field of education and are encouraged to use writing to facilitate change that improves teaching and learning conditions. "At the heart of this book is a commitment to the value of teachers' voices." -From the Foreword by Mya Poe, director, Writing Program, Northeastern University "This book is one tool to help prospective educators embrace all the writing that is to come." -Anne Elrod Whitney, Penn State College of Education "The authors know the questions students might ask and the places where they might misstep. The book is supportive, analytical, logically sequenced, clear, and student friendly." -Tim Dewar, UC Santa Barbara
