The Complete Sentence Workout Book aids with the acquisition of skills in grammar, punctuation, and mechanics through an unparalleled assortment of exercise activities and an emphasis on learning these skills in the context of longer pieces of writing. The book works to make grammar and punctuation accessible. Although traditional terminology is used, activities are focused on an application of grammatical forms rather than the memorization of rules. The book's goal is to make readers confident about sentence skills so that they can focus on writing. The book is carefully sequenced. Each chapter builds upon skills mastered in previous chapters. Beginning with the sentence core, subjects and verbs, readers learn to develop their sentence writing abilities through increasingly complex levels. Self-contained chapters can easily be adapted to the needs of individuals. Each chapter progresses in a developmental sequence. Chapter objectives and benefits to help link the value of grammar to good writing are at the start of each chapter. Sentence exercises following explanatory material help readers apply newly learned concepts, and later exercises encourage them to use their own writing and to put grammar concepts in their own words. Chapters conclude with review exercises which provide sentence level work initially and then progress to paragraphs and essays for editing and revision. For anyone interested in basic writing and grammar.

Effective Sentences uses high-interest readings, useful vocabulary, and straightforward grammar lessons to teach sentence writing. The text targets students--both traditional ESL/ESOL students and Generation 1.5--who write English at a basic level but need help producing accurate sentences with a complexity that matches their thoughts. *Effective Sentences* has a two-part structure. First, students learn to recognize basic sentence structure and closely examine elements to take the mystery out of English sentences. Then, they learn to use adjectives, objects, and prepositional phrases to create compound and complex sentence structures from simple sentences. Grammar presented is driven by the students' needs and the stories--written by language students at this level--within each chapter. Vocabulary is open-ended and highlights words in the readings that students may find difficult. Paragraph structure is also introduced, along with topic sentences, general to specific movement, and sentence variety within paragraph structure.

Writing with Confidence, a value-priced developmental writing worktext, provides essential instruction and practice in basic writing skills at the sentence and paragraph level. The first developmental text

to incorporate high-interest, connected discourse subject matter in its exercises, *Writing with Confidence* retains and expands on this feature. Most chapters pursue a theme throughout the exercises the dreams and premonitions surrounding the death of Abraham Lincoln; animal facts and oddities; the gustatory achievements of Diamond Jim Brady, the world's greatest eater; the voyage of the Kon-Tiki; and so on. The text's six-unit structure includes 30 short chapters on the writing process, paragraph organization and development, the shape of the essay, all the rhetorical modes, and all the sentence skills. The writing chapters are fully process-oriented, showing the development of a paragraph in six steps, from planning and outlining through drafting, revising, editing, and proofreading. Optional collaborative activities are provided in the margins of each chapter. This focus on writing is balanced with equal attention to sentence skills, not only for native speakers of English who need help, but for non-English-dominant speakers as well. ESL boxes provide help for students whose first language is not English, as do the two final chapters of the book, which address troublesome matters such as verb phrases, word order, articles, and prepositions. The reading-writing connection throughout the book has been expanded, with sixteen additional readings in the last unit of the book, including several written by students. And the popular "Blueprints for Writing" found in the rhetorical chapters have been carried into unit-ending "Blueprints for Success," in which the most important concepts and practices are summarized in graphs and charts.
