*Exploring Writing* Houghton Mifflin

Quick, comprehensive writing guidance at a low cost—the At a Glance series can be paired with any developmental title or used independently. This flexible series includes a separate textbook for sentences, paragraphs, essays, and a reader. Each book features clear, concise instruction reinforced by extensive practice, exercises, and examples. At a Glance: Paragraphs guides students through the basics of prewriting, paragraph structure, and developing a paragraph in various rhetorical modes. The Third Edition includes a handbook section with units on diction, sentence variety, and omissions. A clear, concise discussion of writing strategies includes examples from student writing to illustrate all stages of the writing process. Classroom-tested exercises help students with sentence, paragraph and essay organization. Career-related and reading-related writing assignments capture students' interest, and questions on the readings stimulate discussion, writing, and critical thinking. A self-evaluation chart helps students measure their own writing progress and identify their difficulties. A writer's checklist at the end of every chapter outlines the stages of the writing process.

Let the College Essay Guy take the stress out of writing your college admission essay. Packed with brainstorming activities, college personal statement samples and more, this book provides a clear, stress-free roadmap to writing your best admission essay. Writing a college admission essay doesn't have to be stressful. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? College Essay Essentials will help you with: The best brainstorming exercises Choosing an essay structure The all-important editing and revisions Exercises and tools to help you get started or get unstuck College admission essay examples Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun. The perfect companion to The Fiske Guide To Colleges 2020/2021. For high school counselors and college admission coaches, this is an essential book to help walk your students through writing a stellar, authentic college essay.

Jensen's Format Writing is concerned with developing expository writing skills for high school students. This type of writing exposes, puts forth, explains, reveals, or exhibits in detail about something. It has a purpose to inform, clarify, and perhaps even to persuade. Such writing may simply describe, or it may give a series of reasons. In any case, there is a fundamental point that is made. How that point is made may often determine whether the piece is accepted or rejected. Students completing this course will learn valuable skills. the secret of cutting your work in half when it comes to writing a paper.how to order your presentation for its most powerful effect on the reader.a technique for getting the essence of what you read down on paper for future reference.how to stack up your ideas so that they flow together in a natural fashion.how to move ideas from sentence to sentence by following a simple rule.all about what and how to document your sources when doing research and writing.

Real Reading and Writing puts both reading skills and writing skills in a real-world context, showing students that good writing, reading, and thinking skills are both achievable and essential to their success in college and beyond. Miriam Moore, a developmental and ESL specialist from Lord Fairfax Community College, collaborated with Susan Anker to provide students with an integrated reading and writing package. Students connect reading and writing with their real lives through practical examples, model writing samples, and readings that are both engaging and relevant to their lives. To keep students from getting overwhelmed, the book focuses first on the most important concepts in each area, such as the Four Basics of the Reading and Writing Process; Four Basics of each rhetorical

strategy; the Four Most Serious Errors in the grammar section; and the academic skills of summary, analysis, and synthesis

*Writing First with Readings* Bedford/St. Martin's

An important challenge to what currently masquerades as conventional wisdom regarding the teaching of writing. There seems to be widespread agreement that—when it comes to the writing skills of college students—we are in the midst of a crisis. In *Why They Can't Write*, John Warner, who taught writing at the college level for two decades, argues that the problem isn't caused by a lack of rigor, or smartphones, or some generational character defect. Instead, he asserts, we're teaching writing wrong. Warner blames this on decades of educational reform rooted in standardization, assessments, and accountability. We have done no more, Warner argues, than conditioned students to perform "writing-related simulations," which pass temporary muster but do little to help students develop their writing abilities. This style of teaching has made students passive and disengaged. Worse yet, it hasn't prepared them for writing in the college classroom. Rather than making choices and thinking critically, as writers must, undergraduates simply follow the rules—such as the five-paragraph essay—designed to help them pass these high-stakes assessments. In *Why They Can't Write*, Warner has crafted both a diagnosis for what ails us and a blueprint for fixing a broken system. Combining current knowledge of what works in teaching and learning with the most enduring philosophies of classical education, this book challenges readers to develop the skills, attitudes, knowledge, and habits of mind of strong writers.

*Along These Lines* McGraw-Hill Humanities/Social Sciences/Languages

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

*Why I Write* Macmillan Higher Education

Best-selling authors and veteran college writing instructors Laurie Kirsznner and Stephen Mandell believe that students learn to write best when they use their own writing as a starting point. In *Writing First with Readings: Paragraphs and Essays*, the authors take a simple yet effective approach to helping students improve their writing skills: visual writing prompts open every chapter and get students writing immediately. Then, throughout the chapter, students move between their own writing, writing models and instruction, and workbook-style mastery exercises so that they continually revise, rewrite, and improve their own writing. It is this formula that makes writing instruction meaningful and accessible for students. Thoughtful chapters on academic writing and success, research, and critical reading, along with high-interest essays, round out this new edition, making it the perfect introduction to college writing.

*Exploring Writing* Bedford/St. Martin's

*Paragraphs and Essays with Integrated Readings*—the higher level of Lee Brandon's two-level series that also includes *Sentences, Paragraphs, and Beyond*—provides extensive writing instruction in a fun, engaging manner. Written in Lee Brandon's unique style and voice, the text incorporates coverage of reading, a three-stage writing process, and in-depth instruction on different essay patterns. The last chapter (Chapter 16) covers research writing; and a Handbook section provides grammar, mechanics, and punctuation review for students to brush up on their skills. New to this edition are 12 full-color photographs that provide writing prompts for student essays, a wide variety of brand-new readings, and new "Mindset" features that emphasize key concepts and point to additional exercises on the accompanying Online Study Center. Also new to this edition is Lee Brandon's co-author, son Kelly Brandon, who also teaches developmental writing. Strong emphasis on the writing process covers three separate stages of writing. Three chapters cover the writing process in detail: the exploring, experimenting, and gathering information stage; writing the controlling idea, organizing, and developing support stage; and writing, revising, and editing. Engaging writing samples by both professionals and students are integrated throughout the text. This edition incorporates more examples of text-based writing and stresses the importance of locating and qualifying sources, as well as incorporating and documenting sources. Intriguing topics such as cheating on papers, low-wage jobs, flirting, and the dangers of steroids, engage students' interest; paired readings in several chapters encourage critical thinking about the pros and cons of an issue. New!Writing across the disciplines and in the workplace is emphasized in every chapter. Every chapter begins with a consideration of how a particular type of writing can be helpful in college courses across the curriculum, as well as in the workplace.

New!Application exercises are now linked with four-color photographs to provide critical thinking opportunities as well as writing prompts. These Application exercises can be used for individual or group consideration and discussion, or assigned as essay topics. The effective pedagogy includes a number of student exercises in every chapter for immediate review of chapter concepts; writing process worksheets to help students develop their essays; many annotated readings; and suggested writing topics. New to this edition are special features that point students to the Online Study Center, which contains self-study quizzes with immediate feedback and rejoinders for every chapter and "Mindset" features that provide additional questions and suggestions before many of the readings. A handbook of grammar, mechanics, and punctuation helps students refresh their understanding of parts of speech, sentence structure, and mechanics such as spelling and punctuation. Also included in the handbook is a brief guide for ESL students, with additional information on subjects such as idioms.

*Get Writing* McGraw-Hill Humanities/Social Sciences/Languages

*Power Paragraphs* is a writing workbook that uses a simple and memorable analogy: that the parts of an essay are like the parts of a sandwich. The "bread" at the top and bottom represents the main idea; the "meat" of the essay is the topic sentences; the "lettuce" develops with supporting ideas; the "mayo" and "mustard" are transitional elements. Add a "garnish" at the top for an interest statement and your sandwich is complete, delicious, satisfying, and easy to read and understand. The book is ideal for writers at all levels because, in one memorable picture, the organizational pattern of any piece of writing can be easily stated and easily understood. Use this book to improve your personal communications or in classes for English language speakers at any level.

*Writing Essays. Student's Book* HOUGHTON MIFFLIN

---

Takes a step-by-step approach that centers on the essential processes and organizational strategies of teaching students how to effectively transition from paragraphs to essays.

**Great Writing 3** HOUGHTON MIFFLIN

With a contemporary, open design, over 60 images and additional tables, charts, and graphs, "The Writer's World" supports visual learners like no other text. Many chapter-opening photos are linked to concepts to help students retain key information. The Visualizing Writing CD-Rom, included in every copy of "The Writer's World," features 55 audio and animated "mini-lectures" on key writing and grammar topics. These mini-lectures help engage visual and audio learners by providing pertinent information in additional format.

Using methods he developed through grant-funded research, award-winning instructor Chris Juzwiak has documented a 15% increase in basic writers' success rates on his campus. These methods serve as the foundation for Touchstones, a paragraph-to-essay level book that begins with a focus on academic paragraphs and essays, then moves to higher-level skills such as using precise language and working with sources. Like Stepping Stones, Juzwiak's book for the sentence-to-paragraph level, Touchstones includes scaffolded exercises and instruction, color-coded parts of speech, and creative activities that keep students engaged. By moving progressively from simple to more complex skills in each part of the book — and in each chapter — Touchstones ensures that all students feel confident in what they're learning and empowered to continue.

Good writing is a network of skills that can be taught, practiced, and mastered. These books present paragraph development and composition skills in clear, teachable steps. Each book offers students dependable strategies as well as opportunities to bring their own ideas and talent to the writing process. Important features of the series: Presents important organizational principles of good academic writing, including topic sentences, maintaining unity and coherence, making and supporting a point, providing clear transitions, and writing clear introductory and concluding paragraphs. Shows students how to apply these organizational principles to major rhetorical forms: classification, cause and effect, comparison and contrast, problem and solution, writing a summary, personal expression, and essays for college applications. Offers extensive practice in every step of the writing process, including prewriting, drafting, revision, and editing. Provides individual practice on additional topics in AOn Your OwnA sections. Offers effective error correction and editing practice in AYou Be the EditorA sections. "Ready to Write: " Presents paragraph development and the fundamental compositions skills needed for successful academic work, with more model paragraphs and expanded emphasis on process writing. Updated content contextualizes writing in real-world tasks such as writing letters, reports, newspaper articles, and advertising copy.
