Writing for the Internet

This Pulitzer Prize-winning novel follows two American academics in London—a young man and a middle-aged woman—as they each fall into unexpected romances. In her early fifties, Vinnie Miner is the sort of woman no one ever notices, despite her career as an Ivy League professor. She doubts she could get

a man's attention if she waved a brightly colored object in front of him. And though she loves her work, her specialty—children's folk rhymes—earns little respect from her fellow scholars. Then, alone on a flight to London for a research trip, she sits next to a man she would never have viewed as a potential romantic partner. In a

Western-cut suit and a rawhide tie, he is a sanitary engineer from Tulsa, Oklahoma, on a group tour. He's the very opposite of her type, but before Vinnie knows it, she's spending more and more time with him. Also in London is Vinnie's colleague, a young, handsome English professor whose marriage and self-esteem are both on

the rocks. But Fred Turner is also about to find consolation—in the arms of the most beautiful actress in England. Stylish and highborn, she introduces Fred to a glamorous, yet eccentric, London scene that he never expected to encounter. The course of these two relationships makes up the story of Foreign Affairs—a finalist for the National

Book Award and National Book Critics Circle Award as well as a Pulitzer Prize winner, and an entertaining, poignant tale from the author of *The War Between the Tates* and *The Last Resort*, “one of this country’s most able and witty novelists” (The New York Times). Three accomplished,

globe trotting siblings in crisis take refuge in the last place they would ever expect—back home in Chicago, with one another—in this razor-sharp debut for readers of *The Nest*, *Commonwealth*, and *Imagine Me Gone* “A vivid literary thrill ride . . . Take the journey. The pages will fly by.”—Matthew Quick, *New York Times* bestselling author of *The Silver Linings Playbook* The three Brennan siblings are well on their way in the world. Samantha, the youngest, is a ballerina who recently joined the ranks of a Russian dance company; her brother Jonah is a grad student studying elephants in the rainforest of Gabon; and the eldest, Gavin,

has stayed closer to home, living in Los Angeles and acting in a television series. But as the holidays draw near, all three find themselves in profoundly troubling, though distinctly different, predicaments. Samantha is losing the battle to keep her drug addiction from ruining her career; Jonah, in his attempts to protect his elephants, gets in way too deep with a gang of ivory poachers; and Gavin’s TV show is canceled the same day his girlfriend moves out. With their lives run aground, they reunite in their parents’ home for the holidays, where they discover that the bonds between siblings are unshakable. But with their personal

problems threatening to derail their nascent careers and possibly their very survival, the three embark on a trip to West Africa in a perilous attempt to right their crooked paths. *The Resolutions* is a contemporary look at three young people in the defining moments of their lives, by a talented author just getting started on a promising literary career.

and moral truth. A wealthy man's greed and avarice lead him to treat his servant in a spectacularly cruel manner. Will he continue with his evil ways, or will he have a change of heart before it's too late?

International standards for resolving banks have evolved after the global financial crisis, culminating in the Financial Stability Board's ("FSB") Key Attributes of Effective Resolution Regimes for Financial Institutions. This paper examines the applicability of the Key Attributes to the resolution of Islamic banks. It concludes that a

number of issues would need to be addressed, owing to Islamic banks' unique governance structures and balance sheets. It recommends international guidance for the design of robust Shari`ah-compliant resolution frameworks for jurisdictions with Islamic banks.

"Writing well is not the result of

luck or innate talent. Writing is a skill you can learn, just as you learned nursing skills such as venipuncture and suctioning. However, nurses often find it challenging to write. After all, as Margaret McClure says in *Words of Wisdom From Pivotal Nurse Leaders*, "One of nursing's biggest handicaps is that we are in a field where your basic practice requires that you never write in complete sentences" (Houser & Player, 2008, p. 70). This book is designed to help you bridge the gap

between incomplete sentences and a published manuscript. The book's contributors include the best and the brightest from publishing today. Many of the contributors have experience as editors of nursing journals, where their role is to decide which articles to accept for publication. These decision-makers share important insights that will enhance the likelihood your manuscript is accepted for publication. You also can draw a wealth of

knowledge from the many years of writing experience that the contributors bring to this book. These authors have a long history of success in having their work published; the important tips they share will set you on track to seeing your work in print or online"--
