APOLOGUE A young painter, indulging a vein of pleasantry, sketched a kind of conversation piece, representing a bear, an owl, a monkey, and an ass; and to render it more striking, humorous, and moral, distinguished every figure by some emblem of human life. Bruin was exhibited in the garb and attitude of an old, toothless, drunken soldier; the owl perched upon the handle of a coffee-pot, with spectacle on nose, seemed to contemplate a newspaper; and the ass, ornamented with a huge tie-wig (which, however, could not conceal his long ears), sat for his picture to the monkey, who appeared with the implements of painting. This whimsical group afforded some mirth, and met with general approbation, until some mischievous wag hinted that the whole—was a lampoon upon the friends of the performer; an insinuation which was no sooner circulated than those very people who applauded it before began to be alarmed, and even to fancy themselves signified by the several figures of the piece. Among others, a worthy personage in years, who had served in the army with reputation, being incensed at the Supposed outrage, repaired to the lodging of the painter, and finding him at home, "Hark ye, Mr. Monkey," said he, "I have a good mind to convince you, that though the bear has lost his teeth, he retains his paws, and that he is not so drunk but he can perceive your impertinence." "Sblood! sir, that toothless jaw is a

d—ned scandalous libel—but don't you imagine me chopfallen as not to be able to chew the cud of resentment." Here he was interrupted by the arrival of a learned physician, who, advancing to the culprit with fury in his aspect, exclaimed, "Suppose the augmentation of the ass's ears should prove the diminution of the baboon's—nay, seek not to prevaricate, for, by the beard of Aesculapius! there is not one hair in this periwig that will not stand up in judgment to convict thee of personal abuse. Do but observe, captain, how this pitiful little fellow has copied the very curls—the colour, indeed, is different, but then the form and foretop are quite similar." While he thus remonstrated in a strain of vociferation, a venerable senator entered, and waddling up to the delinquent, "Jackanapes!" cried he, "I will now let thee see I can read something else than a newspaper, and that without the help of spectacles: here is your own note of hand, sirrah, for money, which if I had not advanced, you yourself would have resembled an owl, in not daring to show your face by day, you ungrateful slanderous knave!"

"My name is unimportant, but you can call me Jack. I'm a musician by choice, a magician by profession, and a bastard by disposition. I'd been doing the magic thing for about five years when they found me. They said I had a talent, that I was smart enough and fit enough and enough of a shit that I could serve my country in a way most people never even get to hear about. And I did want to serve my country, didn't I? I didn't really want to contemplate what might happen if I said no." And so Jack found himself on the front line of a secret war that most people simply wouldn't believe was possible. Working for a secret organisation tasked with defending our country from whatever supernatural threat faces it. MI5 know nothing about and would laugh if they found out. Well at first they would ... Whether wiping out a group of demon summoners, infiltrating a coven determined to assassinate the PM or rooting out a neo-nazi sect who are trying to bring back Hitler from the dead Jack is a very modern sort of magician - trained in a variety of the dark arts but also a dab

hand with a Heckler and Koch, skilled in unarmed combat and electronic surveillance. David Devereux has combined the action writing of McNab and Ryan with dark supernatural thrills and produced a blistering new breed of supernatural thriller. This is Dennis Wheatley for the 21st century.

"A Season on the Allegheny" is a rollicking account of a year spent hunting on the Allegheny National Forest. Author Robert Hilliard tracks down more than deer, turkey, and grouse - he captures the Forest's magnificent past and finds the people who are still making history on the Allegheny today. He also pursues the many controversies that swirl around Pennsylvania's only National Forest, including anti-logging protests, Wilderness designations, and ecoterrorism. "A Season on the Allegheny" also uncovers the quiet but powerful impact of hunter-based conservation groups on National Forests. It documents the many ways - from habitat improvements to legal aid - in which groups such as the Ruffed Grouse Society, National Wild Turkey Federation, and Pheasants Forever have spent countless hours and dollars making the Allegheny National Forest a better place.
