### World War I Routledge

"The First World War was a pivotal event in world history but the importance of the involvement of the United States is often overlooked. This new Seminar Study provides a concise, comprehensive and engaging evaluation of the war's significance in American history by examining the causes of the war; mobilization on the homefront; key social reforms enacted during the war; military strategy; the experiences of common soldiers; the Versailles Peace Treaty and the lessons the Americans drew in their postwar years from their wartime experiences. The United States and the First World War contains these key features: Detailed analytical coverage of the political, social, military and diplomatic aspects of the American participation in the First World War A Documents Section containing fascinating primary source material A Glossary, Chronology, Bibliography and Guide to Key Personalities providing a wealth of additional information A number of black and white photographs that help bring the history of the period to life A Map Section that helps readers to visualize the tensions between countries as well as the progress on the battlefield Written in a lively style, the book offers a concise and illuminating history of a fascinating, yet often neglected, aspect of the history of the First World War. It is sure to be welcomed by students in departments of History as well as anyone trying to understand how the First World War dramatically changed the lives of millions of Americans." -- Publisher.

### How America Won World War I Quercus

In 1914, Europe plunged into the 20th century's first terrible act of self-immolation- what was then called The Great War. On the eve of its centenary, Max Hastings seeks to explain both how the conflict came about and what befell millions of men and women during the first months of strife. He finds the evidence overwhelming, that Austria and Germany must accept principal blame for the outbreak.

### America and the Great War Spark Notes

The horrors of the First World War released a great outburst of emotional poetry from the soldiers who fought in it as well as many other giants of world literature. Wilfred Owen, Rupert Brooke and W B Yeats are just some of the poets whose work is featured in this anthology. The raw emotion unleashed in these poems still has the power to move readers today. As well as poems detailing the miseries of war there are poems on themes of bravery, friendship and loyalty, and this collection shows how even in the depths of

despair the human spirit can still triumph.

### Authentic Happiness Daniel Turner

In this important, entertaining book, one of the world's most celebrated psychologists, Martin Seligman, asserts that happiness can be learned and cultivated, and that everyone has the power to inject real joy into their lives. In *Authentic Happiness*, he describes the 24 strengths and virtues unique to the human psyche. Each of us, it seems, has at least five of these attributes, and can build on them to identify and develop to our maximum potential. By incorporating these strengths - which include kindness, originality, humour, optimism, curiosity, enthusiasm and generosity -- into our everyday lives, he tells us, we can reach new levels of optimism, happiness and productivity. *Authentic Happiness* provides a variety of tests and unique assessment tools to enable readers to discover and deploy those strengths at work, in love and in raising children. By accessing the very best in ourselves, we can improve the world around us and achieve new and lasting levels of authentic contentment and joy.

### Catastrophe Amber Books Ltd

Why did the Ottoman Empire enter the First World War in late October 1914, months after the war's devastations had become clear? Were its leaders 'simple-minded,' 'below-average' individuals, as the doyen of Turkish diplomatic history has argued? Or, as others have claimed, did the Ottomans enter the war because War Minister Enver Pasha, dictating Ottoman decisions, was in thrall to the Germans and to his own expansionist dreams? Based on previously untapped Ottoman and European sources, Mustafa Aksakal's dramatic study challenges this consensus. It demonstrates that responsibility went far beyond Enver, that the road to war was paved by the demands of a politically interested public, and that the Ottoman leadership sought the German alliance as the only way out of a web of international threats and domestic insecurities, opting for an escape whose catastrophic consequences for the empire and seismic impact on the Middle East are felt even today.

### The United States and the First World War Independently Published

Explore the Captivating History of World War 1 *The First World War* was one of the most devastating conflicts in our history. The death toll was like nothing experienced before, and it is estimated that over 11 million soldiers were killed, wounded, or went missing, and many of those bodies have never been found. Regardless of how people remember the First World War, and whether or not they romanticize the life of a soldier on the front lines, it is important that the world never forgets this brutal and bloody conflict. The tumult and chaos that remained in the wake of the First World War had far-reaching and devastating consequences, not just for Europe and the survivors of the war, but for the entire world. The ruins of Europe provided a fertile breeding ground for fierce nationalism, which led to the rise of the Third Reich and allowed the evil of Adolf Hitler to go unchecked for far too long. In *World War 1: A Captivating Guide to the First World War, Including Battle Stories from the Eastern and Western Front and How the Treaty of Versailles in 1919 Impacted the Rise of Nazi Germany*, you will discover topics such as *The Fatal Shots That Set the Stage for War The Western Front and the First Battle of Marne War in the*

**American Armies and Battlefields in Europe** Independently Published

Immediately after the armistice was signed in November, 1918, an American journalist asked Paul von Hindenburg who won the war against Germany. He was the chief of the German General Staff, co-architect with Erich Ludendorff of Germany's Eastern Front victories and its nearly war-winning Western Front offensives, and he did not hesitate in his answer. "The American infantry," he said. He made it even more specific, telling the reporter that the final death blow for Germany was delivered by "the American infantry in the Argonne." The British and the French often denigrated the American contribution to the war, but they had begged for US entry into the conflict, and their stake in America's victory was, if anything, even greater than that of the United States itself. But How America Won WWI will not litigate the points of view of Britain and France. The book will accept as gospel the assessment of the top German leader whose job it had been to oppose the Americans directly - that the American infantry won the war - and this book will tell how the American infantry did it.

*The Western Front 1917-1918* Palgrave Macmillan

World War I is infamous for revolutionizing modern warfare as we know it. It is well known that World War I was kicked off by the assassination of Austrian Archduke Franz Ferdinand. The world superpowers engaged in the bloodiest conflict in history at that time, with millions of casualties on either side. World War I transformed the socio-political landscape of the early 20th century and shaped the lives of countless people for decades to come. However, there is much more to World War I than Franz Ferdinand's assassination and the clash of the Entente and Central Powers. It was a conflict deeply rooted in hateful rivalries of the world's most powerful states and came as a somewhat logical conclusion to the endless balancing and political maneuvering of the late 19th and early 20th centuries. And it would change the course of history forever. This book will dive into the Great War, exploring what caused it, how it unfolded, and its short- and long-term consequences. Here are some of the things you will learn about in this book: The long nineteenth century and how it affected the political landscape Germany and Italy's unification The state of European power politics New technological advancements that shaped the war The Austro-Hungarian problem and the start of WWI Military activities in all theaters of the war The influential battles of Verdun, the Somme, Isonzo, and Gallipoli Trench warfare and new tactics used in the war The entry of the United States and the Russian Revolution The final moments of the war The Paris Peace Conference and the new world order And much, much more! Scroll up and click the "add to cart" button to begin learning about one of the most influential wars in history!

**World War I** Random House

A quick guide to the causes, offensives, air & sea wars, trench warfare and US involvement and Treaty of Versailles related to World War I.

*United States Army in the World War, 1917-1919: Training and use of American units with the British and French* Gale, Cengage Learning

Choice Magazine Outstanding Academic Titles of the Year for 2017 "A uniquely colorful chronicle of this dramatic and convulsive chapter in American--and world--history. It's an epic tale, and here it is wondrously well told." --David M. Kennedy, Pulitzer Prize-winning historian and author of *FREEDOM FROM FEAR* From August 1914 through March 1917, Americans were increasingly horrified at the unprecedented destruction of the First World War. While sending massive assistance to the conflict's victims, most Americans opposed direct involvement. Their country was immersed in its own internal struggles, including attempts to curb the power of business monopolies, reform labor practices, secure proper treatment for millions of recent immigrants, and expand American democracy. Yet from the first, the war deeply affected American emotions and the nation's commercial, financial, and political interests. The menace from German U-boats and failure of U.S. attempts at mediation finally led to a declaration of war, signed by President Wilson on April 6, 1917. America and the Great War commemorates the centennial of that turning point in American history. Chronicling the United States in neutrality and in conflict, it presents events and arguments, political and military battles, bitter tragedies and epic achievements that marked U.S. involvement in the first modern war. Drawing on the matchless resources of the Library of Congress, the book includes many eyewitness accounts and more than 250 color and black-and-white images, many never before published. With an introduction by Pulitzer Prize-winning historian David M. Kennedy, *America and the Great War* brings to life the tempestuous era from which the United States emerged as a major world power.
