“ Start with Douglas Adams ’ s comic science fiction (A Hitchhiker ’ s Guide to the Galaxy) and J.R.R. Tolkien ’ s alternative worlds, mix in James Ellroy ’ s gritty realism and Jonathan Swift ’ s unflinching satire and, if you ’ re lucky, you ’ ll get something like Terry Pratchett ’ s Thud! ” —Wall Street Journal City Watch Commander Sam Vimes must solve the murder of a prominent dwarf or watch as Discworld is plunged into a bloody civil war in Terry Pratchett ’ s delightful Discworld satire, a brilliant tale of prejudice, ancient feuds, and tender fatherhood. Long, long ago, in a gods-forsaken hellhole called Koom Valley, trolls and dwarfs met in bloody combat. Centuries later, each side still views the other with simmering animosity that has been heightened of late because of one Grag Hamcrusher. The

influential dwarf has been fomenting unrest among a section of Ankh-Morpork ’ s citizenry—a volatile situation made far worse when the petite provocateur is discovered bashed to death . . . with a troll club lying conveniently nearby. If he doesn ’ t solve the murder of just one dwarf, Commander Sam Vimes of Ankh-Morpork City Watch is going to see it fought again, right outside his office. But more than one corpse is waiting for Vimes in the eerie, summoning darkness of a labyrinthine mine network being secretly excavated beneath Ankh-Morpork ’ s streets. With war-drums beating ever louder, Vimes must unravel every clue, outwit every assassin, and brave any darkness to find the solution. And the darkness is following him, pulling him deep into the muck and mire of superstition, hatred, and fear—and perhaps all the way to Koom Valley itself. Until six o ’ clock every day, when without fail, the Commander goes home to read Where ’ s My Cow?, with accompanying farmyard noises, to his little boy. Because there are some things you must do. The story of Fray, sweeping a trail of destruction across the Carpet. The New Discworld Companion Harper Collins

Terry Pratchett's fantasy classic *Wyrd Sisters*, a novel in the Discworld series, is the story of Granny Weatherwax, the most highly regarded non-leader a coven of non-social witches could ever have. Generally, these loners don't get involved in anything, much less royal intrigue. But then there are those times they can't help it. As Granny Weatherwax is about to discover, though, it's a lot harder to stir up trouble in the castle than some theatrical types would have you think. Even when you've got a few unexpected spells up your sleeve.

Granny Weatherwax teams with two other witches — Nanny Ogg and Margat Garlick — as an unlikely alliance to save a prince and restore him to the throne of Lancre, in a tale that borrows — or is it parodies — some of William Shakespeare's best-loved works.

Even if their field of expertise is magic rather than biology. With the best and most interfering minds of Unseen University somehow left in charge at a critical evolutionary turning point, the Discworld's last continent needs a saviour... Who is this hero striding across the red desert? Sheep shearer, beer drinker, bush ranger, and someone who'll even eat a Meat Pie Floater when he's sober. In fact, it's Rincewind, a wizard so inept he can't even spell wizard. He's the only hero left. Still...no worries, eh?
