Final Fantasy Ultimania Archive Volume 3 authentically translates original Japanese source material to present unparalleled access for a Western audience. This incredible tome is a must-have addition to any Final Fantasy enthusiast's collection.

Xbox, PlayStation, Nintendo, Game Boy, Atari and Sega Dark Horse Comics

"[Ron Rosenbaum] is one of the most original journalists and writers of our time." -David Remnick In The Shakespeare Wars, Ron Rosenbaum gives readers an unforgettable way of rethinking the greatest works of the human imagination. As he did in his groundbreaking Explaining Hitler, he shakes up much that we thought we understood about a vital subject and renews our sense of excitement and urgency. He gives us a Shakespeare book like no other. Rather than raking over worn-out fragments of biography, Rosenbaum focuses on cutting-edge controversies about the true source of Shakespeare's enchantment and illumination-the astonishing language itself. How best to unlock the secrets of its spell? With quicksilver wit and provocative insight, Rosenbaum takes readers into the midst of fierce battles among the most brilliant Shakespearean scholars and directors over just how to delve deeper into the Shakespearean experience-deeper into the mind of Shakespeare. Was Shakespeare the one-draft wonder of Shakespeare in Love? Or was he rather-as an embattled faction of textual scholars now argues-a different kind of writer entirely: a conscientious reviser of his greatest plays? Must we then revise our way of reading, staging, and interpreting such works as Hamlet and King Lear? Rosenbaum pursues key partisans in these debates from the high tables of Oxford to a Krispy Kreme doughnut shop in a strip mall in the Deep South. He makes ostensibly arcane textual scholarship intensely seductive-and sometimes even explicitly sexual. At an academic "Pleasure Seminar" in Bermuda, for instance, he examines one

scholar's quest to find an orgasm in Romeo and Juliet. Rosenbaum shows us great directors as Shakespearean scholars in their own right: We hear Peter Brook—perhaps the most influential Shakespearean director of the past century—disclose his quest for a “secret play” hidden within the Bard's comedies and dramas. We listen to Sir Peter Hall, founder of the Royal Shakespeare Company, as he launches into an impassioned, table-pounding fury while discussing how the means of unleashing the full intensity of Shakespeare's language has been lost—and how to restore it. Rosenbaum's hilarious inside account of “the Great Shakespeare ‘Funeral Elegy’ Fiasco,” a man-versus-computer clash, illustrates the iconic struggle to define what is and isn't “Shakespearean.” And he demonstrates the way Shakespearean scholars such as Harold Bloom can become great Shakespearean characters in their own right. The Shakespeare Wars offers a thrilling opportunity to engage with Shakespeare's work at its deepest levels. Like Explaining Hitler, this book is destined to revolutionize the way we think about one of the overwhelming obsessions of our time. *Shadow Hearts: From the New World* Te Neues Publishing Group

The sixth episode of the the incredible story of Final Fantasy VI! In this book, you'll find everything you need to know about FFVI. You'll dive into its development, its story, its characters, and you will go further with in-depth analysis of

its themes, its soundtrack, its game design choices, and its impact on the J-RPG genre. A complete analysis of the famous saga in the world of video game! EXTRACT 1991: Hironobu Sakaguchi was elevated to vice-president at Squaresoft. The position was in addition to his role as the creative director of Final Fantasy. The dual role made him aware that he could not indefinitely keep the same position nor continue to be a full-time game designer. He would have to delegate. Following the release of Final Fantasy V in December 1992, the sixth installment was placed on the drawing board. Sakaguchi chose to retain the positions of producer and overall supervisor, and entrust the reigns of the project to Yoshinori Kitase and Hiroyuki Ito. Kitase had been involved in the writing and field planning of FF V; for this new game, he was put in charge of the story-telling. Meanwhile, Ito would supervise the game and battle systems. With this configuration, Sakaguchi hoped to bring the franchise to new heights. The artist Yoshitaka Amano and the composer Nobuo Uematsu, mainstays since the beginning of the series, were brought back in for this project. Many rising stars were also attached to the development, such as art director Hideo Minaba (who would take charge of the FF IX world), the graphic designers Tetsuya Takahashi (one of the creators of Xenogears, Xenosaga and Xenoblade) and Yusuke Naora (future art director of FF VII). There was also a certain very promising game designer by the name of Tetsuya Nomura, who needs no introduction. ABOUT THE AUTHOR Pierre Maugein, under the pen name Killy, wrote for Jeuxvideo.com from 2003 until 2006. Although he trained to be a graphic designer, he decided to move to video game journalism because of his love for the industry. He worked as a freelance contributor for JeuxActu and then wrote for the Ragemag website on various topics, from art and literature to science, cinema and video games. Since then, he has been a member of the staff at Journal du Gamer. He has written various articles for the Level Up collection which is also published by Third Éditions.
