History begets legends. Swords versus sorcery.
And mortals cross paths with faeries. In THE
SONS OF CAMELOT SERIES, the Sons of the
Round Table take up the sword in the name of

King Arthur. An epic adventure of love, loss, treachery, and redemption juxtaposes the faery world against the mortal world. There will be dire consequences when the two worlds collide...FAE OF EON continues the noble tale as Rhys arrives at the family estate with a wound from a poisoned arrow. He stops to recover and to present heirloom gifts to his three sisters from his aunts, Morgana La Fae, Morgause, and Elaine. Rhys receives a birthright which signals patriarchal approval and impending adulthood. As he resumes the King's business, he calls to his beloved, Naida, and asks for the location of Eon, the faery world. What she tells him only raises more questions. Will he ever be able to make a

life with her? Dark forces await Rhys as he makes his way north. But the evil ones who follow him proclaim that Rhys must be stopped at all costs before he arrives at a certain destination--any heroic deeds will be punished by immediate death! In the faery world, they may also be headed toward war and the powers-that-be prepare for it. Will Rhys find himself torn between his love for a faery and his duty to his King? FAE OF EON is the second book in THE SONS OF CAMELOT SERIES, an epic medieval adventure series of knights and bravery--with a twist of faery magic.

Optical Engineering

This text provides a masterful and systematic treatment of all the basic analytic and geometric aspects of Bergman's classic theory of the kernel and its invariance properties. These include calculation, invariance properties, boundary asymptotics, and asymptotic expansion of the Bergman kernel and metric. Moreover, it presents a unique compendium of results with applications to function theory, geometry, partial differential equations, and interpretations in the language of functional analysis, with emphasis on the several complex variables context. Several of these topics appear here for the first time in book form. Each chapter includes illustrative examples and a collection of exercises which will be of interest to both graduate students and experienced mathematicians. Graduate students who have taken courses in complex variables and have a basic background in real and functional analysis will find this textbook appealing. Applicable courses for either main or supplementary usage include those in complex variables, several complex variables, complex differential geometry, and partial differential equations. Researchers in complex analysis, harmonic analysis, PDEs, and complex differential geometry will also benefit from the thorough treatment of the many exciting aspects of Bergman's theory.

When Life Falls Apart Sons of Camelot

This book will be helpful for any health care professional assisting the patient with diabetes to reach their target goals. The

various oral medications and their mechanisms, as well as the types and regimens of the various insulins are discussed. Reaching target goals has been shown to prevent the acute (hypoglycemia and hyperglycemia) and chronic (retinopathy, nephropathy, neuropathy, coronary heart disease and stroke) complications of diabetes. Therefore, it is critical that healthcare professionals have the knowledge to assist their patients in meeting their diabetes goals. This resourceful tool can be yours for just \$14.95. Additionally, nurses will be able to earn continuing education contact hours after reading this book.

Digging Up Texas Peachpit Press
Information science is the study of information phenomena, including the acquisition, storage, and manipulation of data, information, and knowledge. It is by nature an interdisciplinary field. Researchers, managers, system users, and students need access to tools, terms, and techniques that are spread out over a large literature in a number of different disciplines: information retrieval, database management, office information systems, information technology, communication and networking, relevant computer hardware, and

artificial intelligence. This work facilitates the cross-use terms from the various contributing sub-areas of information science. With definitions of one-thousand terms, in alphabetical order, the volume provides a unified, integrated, and concise guide to the field. Each term is annotated by one or more references to the literature. Where possible, the first reference directs the user to a basic or seminal discussion of the term and subsequent references show its usage in an information science-related application. This work will be an indispensable reference for students, researchers, and professionals. Contains one-thousand entries and more than 100 illustrations and tables. Many entries include enough information (examples, diagrams, and formulas) to allow the reader to make use of the term, model, or algorithm in his or her own application. An extensive bibliography (more than 300 references) guides the reader to the details of concepts described in the guide--nearly every entry is annotated by one or more references, both to seminal or

basic discussions of the concept and to works that demonstrate its usage in an information science-related application Each term is followed by a number "key" into the detailed subject outlines at the back of the book, so that each item is given a context within a subject area Entries focus on fundamental concepts, rather than specific technologies

Academic Press

‘will have you gripped from start to finish, so much so that you really don’t want to stop reading!’ (5 stars) Reader review ‘I was hooked straight in from the first chapter and it really didn’t let up. Fast paced and thrilling.’ (5 stars) Reader review ‘You know everything about your husband. Don’t you? He loves you. He loves your children. He’d never put his family in danger. One of these is a lie. It started like any other day at the hairdressers where Sally works as a stylist... until her first client innocently shows her a family photograph; a photograph that causes Sally to collapse in shock. In one moment, Sally discovers that Tom has been hiding an explosive secret – one that could tear apart

the life they’ve built together. Faced with an impossible dilemma - search for the truth, or keep her contented life? – Sally is about to discover that even those closest to us have secrets... and that sometimes the truth is the last thing we want to hear. A completely gripping, suspenseful psychological thriller that fans of T.M. Logan, My Lovely Wife and K.L. Slater won’t be able to put down. Readers can’t get enough of *The Secrets He Kept*: ‘I read this in one sitting, loved it!! Quickly paced, great story!! Kept me guessing to the very end!!’ (5 stars) Reader review ‘I loved, loved this book. It was engaging from the first page and kept me up half the night.’ Reader review ‘Every few chapters provide a new twist in this story, all ending with a very satisfying conclusion...I could not recommend this book more!’ (5 stars) ‘Wow, this was one gripping read!...A roller coaster of a read that thrills and excites.’ (5 stars) Reader review ‘a fast paced and twisty ride that kept me gripped from start to finish...kept me addicted till the very last page.’ Reader review ‘A fast paced, twisty domestic thriller...an engrossing read with a likable character and

a host of thrilling twists and turns, enjoy!’ Reader review ‘I was intrigued by this book from the start... A highly recommended and enjoyable read’ Reader review ‘a very compelling thriller...I would definitely recommend this book to those who enjoy psychological thrillers.’ Reader review ‘The moment the first jaw-dropping bombshell landed in the first chapter, I was hooked... Clever cliff-hangers...and a twist you couldn’t guess even if you tried. A gripping, hard-hitting read’ (5 stars) Reader review ‘a splendid thriller that will leave you guessing until the end...I would recommend this book to anyone who loves psychological thrillers.’ (5 stars) Reader review ‘What a brilliant fast paced book. I was guessing all the way through.’ (5 stars) Reader review ‘Fantastic read! Great plot that grabs you from the very beginning. A masterful story that keeps you endlessly intrigued...HIGHLY RECOMMEND!’ (5 stars) Reader review ‘A brilliant roller coaster of a read...full of twists and turns and I was gripped from the very first page’ Reader review ‘The characters were well drawn and the story flowed seamlessly. Highly recommended.’ (5 stars) Reader

review 'kept me fully engaged from beginning to end...a riveting and twisty tale that will have you racing to get to the bottom of it all.' Reader review 'The story is full of twists and turns and kept me hooked throughout...will have you flying through the chapters to see how it will all unravel.' Reader review 'loved all the twists and turns; kept me guessing! I really enjoyed this, read it in one sitting!' (5 stars) Reader review

Dynamical Paleoclimatology Hera books Ltd

Travis King is the worst kind of asshole. He taunts me for being a good girl and mocks my high standards. He's cruel, crass, and has enough confidence to last two lifetimes. And I hate him. It wouldn't matter so much if he were avoidable. But considering he's my older brother's best friend and roommate, I see him more than I'd ever want to. His sculpted abs and gorgeous eyes are wasted on such an arrogant man, which makes me hate him even more. Even though I've had a crush on him since I was ten, the feelings weren't mutual and he's always made that very clear. He's always loved getting under my skin and one night against my better judgment, I let him in my bed. I've succumbed to his manwhore ways, but that doesn't change a thing. Because the King is about to get played at his own game-and lose. Checkmate.

Field Guide to Laser Pulse Generation

Revell

Emery Hazard has pretty much everything under control. He and his fiancé, John-Henry Somerset, are more in love than ever, despite the stress of wedding preparations hanging over them. His business as a private investigator is growing. He's even enjoying time with his growing circle of friends. The only major problem on the horizon is whether or not he and Somers will be dancing at the wedding reception. When Mitchell Martin shows up in his office, though, everything changes. The year before, Mitchell was abducted and tortured by a sadistic killer known only as the Keeper of Bees. Now Mitchell is convinced that the Keeper has come back, and he wants to hire Hazard to protect him. While Hazard works to keep Mitchell safe, Somers must adjust to changes at work. A spate of new hires has disrupted the Wahredua Police Department, and Somers finds himself locked in a struggle to determine how the department will grow and evolve, with long-term consequences that will affect the town for years to come. Then a woman is found murdered, and she has been staged and posed in a way that is

eerily similar to the Keeper of Bee's former victims. As Hazard and Somers race to prevent more deaths, Hazard fears they are already too late; the Keeper of Bees has been ahead of them the whole time.

From Sets and Types to Topology and Analysis
Bloomsbury Publishing

The book discusses the ideas and creates a framework for building toward a theory of paleoclimate. Using the rich and mounting array of observational evidence of climatic changes from geology, geochemistry, and paleontology, Saltzman offers a dynamical approach to the theory of paleoclimate evolution and an expanded theory of climate. Saltzman was a distinguished authority on dynamical meteorology. This book provides a comprehensive framework based on dynamical system ideas for a theory of climate and paleoclimatic evolution which is intended for graduate students and research workers in paleoclimatology, earth system studies, and global change research. The book includes an extensive bibliography of geological and physical/dynamical references. Written by the late Barry Saltzman who was a distinguished authority on dynamical meteorology This book provides a comprehensive framework based on dynamical system ideas for a theory of climate and paleoclimatic evolution The book includes extensive bibliography of geological and physical/dynamical references

Pop Quiz: You just banged a rock star you vowed to loathe until the end of time.

What’s next? Hint: You don’t agree to be his fake girlfriend. And you certainly don’t fall in love... Once upon a time, Cutter Comstock was the hot older boy who tormented me in high school. Fast forward thirteen years and I find myself in his bed, riding him like the last stud at the sex rodeo... Needless to say, mistakes have been made... But as a chef, I turn food flops around all the time. I can turn this around, too. All I have to do is ignore the insufferably gorgeous (and generally insufferable) Cutter until he goes on tour.

Too bad my nemesis has other plans. Cutter wants my help winning back the one who got away and he knows just the bait to dangle—the chance to open my own restaurant in a dream location. I can pull off pretending to be the devil’s devoted girlfriend in order to make my dreams come true. Right? But what happens when my dreams start to include the clever, funny, unexpectedly sweet man Cutter has

become?

Manual on selective placement of the disabled worker - covers administrative aspects of specialized employment services for the disabled, classification and registration, interviewing techniques, vocational guidance, obstacles in finding employment opportunities, management attitudes, relevant international labour standards, employers' and trade unions' role in the placement process, disabled workers induction, etc.

Geometric Analysis of the Bergman Kernel and Metric Penguin Random House South Africa

It’s a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret “play” room in the basement. Never mind that she’s never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can’t stay...

Difference Equations Ballantine Books

We live in a reactionary culture where divisive issues arise, people on either side throw stones, and everyone ends up more entrenched in their opinions than in reaching common ground--or

even exhibiting common courtesy! If there ever was a time for Christians to understand and communicate God's truth about controversial and polarizing issues, it is now. Believers must develop convictions based on research, reason, and biblical truth--and be able (and willing) to communicate these convictions with a love and respect that reflects God's own heart. In *Culture Shock*, bestselling author, pastor, and radio personality Chip Ingram shows readers how they can bring light rather than heat to the most controversial and divisive issues of our day. Covering topics such as right and wrong, sex, homosexuality, abortion, politics, and the environment, *Culture Shock* is every engaged believer's must-have guidebook to replacing reactionary hate with revolutionary love.

review.' Goodreads reviewer, 5 stars

Wanted: Company Daughters. Virtuous

young ladies to become the brides of

industrious settlers in a foreign land. The

Company will pay the cost of the lady's

dowry and travel. Returns not permitted,

orphans preferred. Amsterdam, 1620. Jana

Beil has learned that life rarely provides

moments of joy. Having run away from a

violent father, her days are spent searching

for work in an effort to stay out of the city

brothels, where desperate women trade

their bodies for a mouthful of bread. But

when Jana is hired as a servant for the

wealthy and kind Master Reynst and his

beautiful daughter Sontje, Jana's future

begins to look brighter. Then Master

Reynst loses his fortune on a bad

investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about *The Company Daughters*: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I

loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading *The Company Daughters*, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The *Company Daughters* is a beautifully written love story... a perfect example of the power of human will and the endurance and hope

that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

Culture Shock "O'Reilly Media, Inc." This is today's most complete and practical guide to modern marketing analytics methods and tools. Through real case studies, you'll learn how to connect marketing inputs to customer behavior, use predictive models to develop forward-looking, what-if scenarios, and effectively apply analytics to strategic decision making in marketing. Covering the three core areas of marketing analytics - statistical analysis, experiments, and managerial intuition - the book is organized to help you apply the right analytics processes to each strategic marketing question. For each challenge, the

authors fully describe the needed methodology, illuminating it with case studies that show the appropriate quantitative and data analysis tools at work. Each chapter mirrors a module within a typical masters-level Marketing Analytics course. For each marketing problem, the authors help you: Identify the right data and analytics techniques Conduct the analysis and obtain insights from it Outline what-if scenarios and define optimal solutions Connect your insights to strategic marketing decisions As you proceed, you'll gain an in-depth understanding of: The importance of marketing analytics for forward-looking and systematic allocation of marketing resources How to integrate quantitative analysis with managerial sensibility How to conduct strategic marketing data analysis via linear regression, logistic regression, cluster analysis, and Anova models The role of careful experimental design in marketing analytics and resource allocation Each chapter contains technical notes that provide the statistical knowledge you'll need to conduct the analysis, paired with case studies of real companies addressing marketing issues, and real data you can use

to apply the concepts and perform the analysis yourself.

The Keeper of Bees Becca Jameson

So you've heard about Facebook—maybe your friends have invited you to join or it's the hot topic around the water cooler—but you're not sure what it's all about. Relax and join in. There are more than 110 million members of Facebook these days, and adults are the fastest-growing segment of users. And it's about more than just kid stuff; Facebook can actually be a good business tool as well as a great way to promote creative projects. In *Facebook Me!* Dave Awl shows you around the newly redesigned Facebook and helps you take full advantage of all it has to offer, while helping you avoid some of its pitfalls. • Find out what you can do on Facebook, and what it can do for you. Reconnect with old friends and make new ones, let your friends know what you're up to, send greetings, share photos or video, or just goof around with applications like SuperPoke. • Learn Facebook etiquette: how and why to friend someone, how to socialize politely, and whether to friend your boss. • Publicize

your projects, business, or causes: Post to your Wall, set up a Page, put up a Marketplace listing, or invite friends to Events. Look for the official Facebook Me! Group on Facebook, to connect with the author and other readers of this book. Facebook Me! A Guide to Having Fun with Your Friends and Promoting Your Projects on Facebook International Labour Organisation A divorced criminal lawyer. Her first love. The island she abandoned for a better life over twenty years ago. Susan Sheridan knows Martha's Vineyard like the back of her hand. She grew up there as the eldest of the three Sheridan Sisters, their father the longtime owner of the Sunrise Cove Inn in Oak Bluffs. The Inn, the water, the sun all spun with laughter, and love, with the most important people-- her family and friends. It was her glittering, perfect life--until it wasn't. Tragedy struck over twenty years ago, and Susan has hardly said a word to her sisters or her father or anyone else she ever loved. Not until now. Her father and Sunrise Cove Inn are both falling apart, just like Susan's life. Her husband left her for the secretary at their shared law firm, and her children have their separate lives. And she's keeping her own secrets. Now it's time to go back to the island she once loved so much. Time to face the horrors and secrets of

her past, everything she's tucked away since she left the Vineyard and started a family of her own. But as she digs deeper into the dark psyche of her past, she digs up old truths, lost loves, and regrets--all with the once-familiar backdrop of this gorgeous island. The Vineyard has been waiting for her. But can she handle what she finds there? Can she forgive and never again regret? Dive into this new women's fiction series by heading to Martha's Vineyard-- a backdrop of white sand and crystal blue waters that follow the stories of the Sheridan sisters. A heartwarming journey of friendship, loss, and love that will have you wanting the next book. For fans of Pamela Kelley, Caroline Brown, Debbie Macomber, and Jan Moran.
