Late-night texts. Mixed signals. Dead-end relationships. This doesn't have to be your love life. Welcome to dating in the digital world--where phone conversations followed by dinner and a movie have been replaced by last-minute texts, ambiguous relationships, and vague group hangouts. While technology makes it faster and easier to connect than ever before, it has also created confusion . . . And heartbreak. Ruthie and Michael Dean have heard the same story from thousands of women: the disappearing men, the cryptic messages, the disappointing relationships, and the false intimacy of on-screen connection. In a no-holds-barred narrative style, the husband-and-wife team chronicles their dating mishaps, hilarious attempts to find love, and many mistakes--helping women understand just what men are thinking and how to attract Mr. Right. Real Men Don't Text offers game-changing perspectives, bringing a fresh approach to love, sex, and dating. You don't need to spend one more night staring at a phone screen. It's time to take back your love life!
