Death in the Family Harmony

NEW YORK TIMES BESTSELLER • “An unflinching examination of how our drinking culture hurts women and a gorgeous memoir of how one woman healed herself.”—Glennon Doyle, #1 New York Times bestselling author of *Untamed* “You don’t know how much you need this book, or maybe you do. Either way, it will save your life.”—Melissa Hartwig Urban, Whole30 co-founder and CEO The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. We live in a world

obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol’s ubiquity—in fact, the only thing ever questioned is why someone doesn’t drink. It is a qualifier for belonging and if you don’t imbibe, you are considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What’s more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don’t need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an

alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, *Quit Like a Woman* is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

Wall Street Journal Bestseller CNN news anchor Brooke Baldwin explores the phenomenon of "huddling," when women lean on one another—in politics, Hollywood, activism, the arts, sports, and everyday friendships—to provide each other support, empowerment, inspiration, and the strength to solve problems or enact meaningful change. Whether they are facing adversity (like workplace inequity or a global pandemic) or organizing to make the world a better place, women are a highly potent resource for one another. Through a mix of journalism and personal narrative, Baldwin takes readers beyond the big headline-making huddles from recent years (such as the Women's March, #MeToo, Times Up, and the record number of women running for public office) and embeds herself in groups of women of all ages, races, religions and socio-economic backgrounds who are banding together in America. *Huddle* explores several stories including: The benefits of all-girls learning environments, such as Karlie Kloss's Kode with Klossy and Reese Witherspoon's Filmmaker Lab for Girls in which young women are given the freedom to make mistakes, and find their confidence. The tactics employed by huddles of women who work in male-dominated industries including a group of US veterans/Democratic Congresswomen, a huddle of African-American judges in Harris County, Texas, and an all-female writers room in Hollywood. The wisdom

of huddling from trusted pioneers such as Gloria Steinem, Billie Jean King, and Madeleine Albright as well as contemporary trailblazers like Stacey Abrams and Ava DuVernay. How professionals such as Chef Dominique Crenn and sports agent Lindsay Colas use their success to amplify other women in their fields. The ways huddles of women are dedicated to making seismic change, including a look at Indigenous women saving the planet, the women who founded Black Lives Matter, the mothers fighting for sensible gun laws, America's favorite female athletes (Megan Rapinoe, Hilary Knight, and Sue Bird to name a few) agitating for equal pay, and female teachers rallying to improve their working conditions. The bond between women who practice self-care and trauma healing together, including the women who courageously survived sexual abuse, and the women who heal together in *The Class* and *GirlTrek*. The ways women are becoming more intentional about the life-saving power of friendship, including the bonds between military wives, new moms, and nurses getting through the time of Covid. Throughout her examination of this fascinating huddle phenomenon, Baldwin learns about the periods of huddle "droughts" in America, as well as the ways that Black women have been huddling for centuries. She also uncovers how huddling can be the "secret sauce" that makes many things possible for women: success in the workplace, effective

grassroots change, confidence in girlhood, and a better physical and mental health profile in adulthood. Along the way, Baldwin takes readers through her own personal journey of growing up in the South and climbing the ladder of a male-dominated industry. Like so many women in her field, she encountered many sharp elbows on her career path, but became an early believer in adding more seats to the table and huddling with other women for strength and solidarity. In the process of writing *Huddle*, Baldwin learns that this seemingly new phenomenon is actually something women have been doing for generations—a quiet, collective power she learns to unlock in her transformation from journalist to champion for women. *The Rabbit Who Wants to Fall Asleep* Visible Ink Press Discover one of the greatest true crime stories in music history, as only James Patterson can tell it. With the Beatles, John Lennon surpasses his youthful dreams, achieving a level of superstardom that defies classification. "We were the best bloody band there was," he says. "There was nobody to touch us." Nobody except the original nowhere man, Mark David Chapman. Chapman once worshipped his idols from afar—but now harbors grudges against those, like Lennon, whom he feels betrayed him. He's convinced Lennon has misled fans with his message of hope and peace. And Chapman's not staying away any longer. By the summer of 1980, Lennon is recording new music for the first time in years, energized and ready for it to be " (Just Like) Starting

Over.” He can’t wait to show the world what he will do. Neither can Chapman, who quits his security job and boards a flight to New York, a handgun and bullets stowed in his luggage. The greatest true-crime story in music history, as only James Patterson can tell it. Enriched by exclusive interviews with Lennon’s friends and associates, including Paul McCartney, *The Last Days of John Lennon* is the thrilling true story of two men who changed history: One whose indelible songs enliven our world to this day—and the other who ended the beautiful music with five pulls of a trigger.

One of the top bobsledders in the world and leader of the four-man American team, Steven Holcomb had finished sixth in the 2006 Olympics and medaled in nearly every competition he entered. He was considered a strong gold contender for the 2010 Vancouver Olympic Winter Games. Talented, aggressive, and fearless, he was at the top of his game. But Steven Holcomb had a dangerous secret. Steven Holcomb was going blind. In the prime of his athletic career, he was diagnosed with keratoconus—a degenerative disease affecting 1 in 1,000 and leaving 1 in 4 totally blind without a cornea transplant. In the world of competitive sports, it was a dream killer. Not a sport for the timid, bobsledding speeds approach 100 miles per hour through a series of hairpin turns. Serious injuries—even deaths—can result. But Holcomb kept his secret from his coach, sled mates, and the public for months and continued to drive the legendary sled *The Night Train*. When he finally told his coach, Holcomb was led to a revolutionary treatment, later named the Holcomb C3-R. With his sight restored to 20/20, Holcomb became the first American in 50 years to win the International Bobsled and Skeleton Federation World Championship, and the first American bobsledder since 1948 to win the Olympic gold medal. With a foreword by Geoff Bodine, NASCAR champion and founder of the Bo-Dyn Bobsled Project, *But Now I See* is the intimate portrait of a man's pursuit of a dream, laced with humility and the faith to find a way when all

seems hopeless. It's about knowing anything is possible and the gift of a second chance.

A page-turning narrative about Marissa Mayer's efforts to remake Yahoo as well as her own rise from Stanford

University undergrad to CEO of a \$30 billion corporation by the age of 38. When Yahoo hired star Google executive Mayer to be its CEO in 2012 employees rejoiced. They put posters on the walls throughout Yahoo's California headquarters. On them there was Mayer's face and one word: HOPE. But one year later, Mayer sat in front of those same employees in a huge cafeteria on Yahoo's campus and took the beating of her life. Her hair wet and her tone defensive, Mayer read and answered a series of employee-posed questions challenging the basic elements of her plan. There was anger in the room and, behind it, a question: Was Mayer actually going to be able to do this thing? Marissa Mayer and the Fight to Save Yahoo! is the inside story of how Yahoo got into such awful shape in the first place, Marissa Mayer's controversial rise at Google, and her desperate fight to save an Internet icon. In August 2011 hedge fund billionaire Daniel Loeb took a long look at Yahoo and decided to go to war with its management and board of directors. Loeb then bought a 5% stake and began a shareholder activist campaign that would cost the jobs of three CEOs before he finally settled on Google's golden girl Mayer to unlock the value lurking in the company. As Mayer began to remake Yahoo from a content company to a tech company, an internal civil war erupted. In author Nicholas Carlson's capable hands, this riveting book captures Mayer's rise and Yahoo's missteps as a dramatic illustration of what it takes to grab the brass ring in Silicon Valley. And it reveals whether it is possible for a big lumbering tech company to stay relevant in today's rapidly changing business landscape.

A Great and Noble Scheme: The Tragic Story of the Expulsion of the French Acadians from Their American Homeland Hachette UK

A critical cultural materialist introduction to the study of global entertainment media. In *Global Entertainment Media*, Tanner Mirrlees undertakes an analysis of the ownership, production, distribution, marketing, exhibition and consumption of global films and television shows, with an eye to political economy and cultural studies. Among other topics, Mirrlees examines: Paradigms of global entertainment media such as cultural imperialism and cultural globalization. The business of entertainment media: the structure of capitalist culture/creative industries (financers, producers, distributors and exhibitors) and trends in the global political economy of entertainment media. The "governance" of global entertainment media: state and inter-state media and cultural policies and

regulations that govern the production, distribution and exhibition of entertainment media and enable or impede its cross-border flow. The new international division of cultural labor (NICL): the cross-border production of entertainment by cultural workers in asymmetrically interdependent media capitals, and economic and cultural concerns surrounding runaway productions and co-productions. The economic motivations and textual design features of globally popular entertainment forms such as blockbuster event films, TV formats, glocalised lifestyle brands and synergistic media. The cross-cultural reception and effects of TV shows and films. The World Wide Web, digitization and convergence culture.

A course in happiness: an authentic happiness formula for well-being, meaning and flourishing Hachette UK

"Altogether superb: an accessible, fluent account that advances

scholarship while building a worthy memorial to the victims of two and a half centuries past." —Kirkus Reviews (starred review) In 1755, New England troops embarked on a "great and noble scheme" to expel 18,000 French-speaking Acadians ("the neutral French") from Nova Scotia, killing thousands, separating innumerable families, and driving many into forests where they waged a desperate guerrilla resistance. The right of neutrality; to live in peace from the imperial wars waged between France and England; had been one of the founding values of Acadia; its settlers traded and intermarried freely with native Mikmaq Indians and English Protestants alike. But the Acadians' refusal to swear unconditional allegiance to the British Crown in the mid-eighteenth century gave New Englanders, who had long coveted Nova Scotia's fertile farmland, pretense enough to launch a campaign of ethnic cleansing on a massive scale. John Mack Faragher draws on original research to weave 150 years of history into a gripping narrative of both the civilization of Acadia and the British plot to destroy it.
