This book contains most of the papers presented at the 7th International Conference on Environmental Problems in Coastal Regions. The conference provides a forum for the discussion of problems that are related to coastal regions, which are increasingly being affected by population growth and industrial and tourism activities. The pressure of these developments generates social, ecological and economic problems, the solution of which requires an interdisciplinary approach. Effective strategies for the management of coastal areas should therefore consist of dynamic and integrated solutions in order to control their environmental quality. The contributions included in this book are listed in the following sections: Ecology and the Coastal Environment; Coastal Deterioration; Management of Risk; Water Quality Issues; Sediment Transport; Coastal Dunes

Popular Mechanics Seloc Yamaha 4-stroke Outboards 2005-10 Repair Manual

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.
