Traces "garage" and "psychedelic" rock from the 50's through the sixties, unfolds the history and the sonic structures of some of rock's core repertoire

Design of Liquid Retaining Concrete Structures, Second Edition Storey Publishing

"This treasury surveys nearly three hundred years of quilt history, techniques, patterns, and styles. Traveling all over the country to conduct research and to collect quilts, the authors have assembled a richly illustrated study of traditional quilts." "From the simple, serviceable quilts of the early colonists to the work of twentieth century quilters, this volume surveys virtually every type of quilt and pattern, detailing the techniques, tools, fabrics, and dyes. The abundant historical and practical information offers guidelines for establishing the age of antique quilts and provides careful instructions for cleaning and care of heirloom quilts."--BOOK JACKET.

The Handmade Marketplace Amazon Pub

From the author of *Serial Killers: The Method and Madness of Monsters* comes an in-depth examination of sexual serial killers throughout human history, how they evolved, and why we are drawn to their horrifying crimes. Before the term was coined in 1981, there were no "serial killers." There were only "monsters"--killers society first understood as werewolves, vampires, ghouls and witches or, later, Hitchcockian psychos. In *Sons of Cain*--a book that fills the gap between dry academic studies and sensationalized true crime--investigative historian Peter Vronsky examines our understanding of serial killing from its prehistoric anthropological evolutionary dimensions in the pre-civilization era (c. 15,000 BC) to today. Delving further back into human history and deeper into the human psyche than *Serial Killers*--Vronsky's 2004 book, which has been called the definitive history of serial murder--he focuses strictly on sexual serial killers: thrill killers who engage in murder, rape, torture, cannibalism and necrophilia, as opposed to for-profit serial killers, including hit men, or "political" serial killers, like terrorists or genocidal murderers. These sexual serial killers differ from all other serial killers in their motives and their foundations. They are uniquely human and--as popular culture has demonstrated--uniquely fascinating.

The advantages of selling your products online are many--low overhead, global markets, twenty-four-hour shopping--but perhaps most important is the level playing field offered by the internet. With a distinctive product and professional-looking website, you stand as much of a chance at success as anyone, even if others have more money to invest. In *Create Your Own Online Store in a Weekend*, Alannah Moore guides entrepreneurs through the process of setting up an online business and creating a website that fits both their products and their budget. This accessible primer provides detailed information on how to set up and provide content for your site as well as the right storefront and payment solutions. Moore addresses all aspects of running an online business, including marketing, order management, and boosting sales. Whether you are selling goods, services, or downloadable files, this guide will help you find the e-commerce solution that's right for you.

Even More Parts Penguin

(Book). If you have questions about guitar amplifiers--how to fix them, how to restore them, or how to hot-rod them--this book has the answer. This book is written for the guitarist or collector who desires a common sense approach to understanding the essence of vintage tube amps and vintage tube tone. Not written for engineers, it does not contain engineering formulas, polar mathematic equations, or abbreviations that are assumed you should know. Gerald Weber, a regular columnist for *Vintage Guitar* magazine, shares the knowledge he has accumulated over the years of repairing and building his line of Kendrick amps.

2010 Australian Sky Guide John Wiley & Sons

This popular guide is a must for 2010, when people around the world will be encouraged to discover their place in the universe through the observation of the day and night skies.

How to Fix Everything For Dummies Amacom

From the New York Times bestselling author of *Sepulchre and Labyrinth*--a compelling story of love, ghosts and remembrance. World War I robbed England and France of an entire generation of friends, lovers and futures. In Freddie Watson's case, the battlefields took his beloved brother and, at times, his peace of mind. In the winter of 1928, still seeking some kind of resolution, Freddie is travelling through the beautiful but forbidding French Pyrenees. During a snowstorm, his car spins off the mountain road. Freezing and dazed, he stumbles through the woods, emerging in a tiny village, where he finds an inn to wait out the blizzard. There he meets Fabrisa, a lovely young woman also mourning a lost generation. Over the course of one night, Fabrisa and Freddie share their stories. By the time dawn breaks, Freddie will have unearthed a tragic mystery that goes back through the centuries, and discovered his own role in the life of this old remote town. By turns thrilling, poignant, and haunting, this is a story of two lives touched by war and transformed by courage.

Quilts in America University of Illinois Press

This book is a comprehensive primer to both traditional and emerging E-Commerce technologies. Students with no prior technical knowledge will be able to grasp complex topics such as networking, Internet security, Web languages and other important subjects in a way that illustrates their use through case studies and practice by completing Web projects.

Make Your Mark Voyageur Press (MN)

(Book). For this follow-up to his popular *A Desktop Reference of Hip Vintage Guitar Amps*, Gerald Weber has compiled his articles and "Ask Gerald" columns that have appeared in *Vintage Guitar* from 1993 to 1996. As a special bonus, Ken Fischer's "Trainwreck Pages" from *Vintage Guitar* are also included. This book assumes that the reader has at least a working knowledge of tube guitar amplifiers, and it will be helpful and interesting whether or not guitarists intend to perform their own servicing.

Web Copy That Sells Hal Leonard Corporation

This book has become established as the primary source of information about reversible methods of contraception. It represents a dialogue between general practitioner and reproductive health specialist and builds up information in a question-and-answer format. This enables the book to focus on giving practical guidance to a busy clinician when faced with a patient who wants help choosing and using their best means of controlling their own fertility. Most chapters conclude with questions asked by patients, which can be demanding for the unprepared.

The Handy Bible Answer Book Chronicle Books

Get More from the Bible The Bible is a beloved text owned by nearly all Americans. It's probably on your reading list, but it can be a daunting work to master. The Handy Bible Answer Book illuminates the secrets and reveals the wisdom of the Bible. Through easy-to-understand explanations to common questions, this book examines, story-by-story, the origins and history of the meanings of chapters, verses, and parables. Offering enlightening explanations and defining key terms, people, places, and events, this user-friendly guide is for anyone interested in learning more about the Bible. It brings context to readers by answering more than 1,700 commonly asked questions about the Good Book, including: • How has archeology contributed to understanding the Bible? • What are some of the most notable Bible translations through the ages? • What was the Day of Atonement? • How did Gideon obey God's call? • According to Peter, what was the benefit of faith? • What is the Apocrypha? This comprehensive resource provides concise, straightforward information, drawing from five different translations of the Bible and other sources, it's designed to let even casual readers dig deeply into the Bible. It helps bring the Good Book's parables, stories, history, and power to your life.

Click Millionaires Penguin

This guidebook shows owners and dreamers the basics of getting the best sound possible out of their Fender amp with simple and advanced modifications. These include essential and fundamental tips like selecting tubes, capacitors, pots, and other electronic equipment, as well as biasing and setting up your amp. It also covers great hot-rodding enhancements to give you the tone of the pros at your fingertips, such as making one channel into an overdrive channel, modifying tone controls, making one channel either a Marshall or Vox channel (changing preamp and tone arrangement—not a permanent, destructive mod), building splitter boxes to run two amps simultaneously, creating splitter speaker setups within one amp, building the perfect gig amp (something light and portable, but with big sound, like an early Mesa Boogie), and more.
