Now out in tradepaper is *The Sugar Brain Fix* (a revised and updated edition of *Diet Rehab*), in which best-selling author and brain-health expert, Dr. Mike Dow, shows how sugar affects brain chemistry and provides new research on dieting and hypnosis. What makes a healthy brain? The answer is simpler than you think. In *Diet Rehab*, Dr. Mike Dow shared a simple, yet powerful plan to help readers kick their food addictions. Since then, Dr. Dow has gone on to become a New York Times best-selling author and has continued to research and publish books extensively on improving brain health. Over the past five years, he's gathered even more data that shows how our standard American diet is harming our brains and our bodies--and what we can do about it. In 2015, the first human study linking the blood-sugar spiking Western diet and a smaller hippocampus was published. There is now scientific proof that sugar is shrinking the brain! With *The Sugar Brain Fix*, Dr. Dow takes a closer look at how sugar affects brain chemistry, and the ways we can fix it. The book features cutting-edge research

and Dr. Dow's modified Mediterranean diet--the best diet for brain health and wellness. The *Sugar Brain Fix* will also incorporate research about hypnosis, and other activities to naturally boost brain health. At its core, *The Sugar Brain Fix* is a cognitive behavioral guide for boosting serotonin and dopamine levels in the brain with a new-and-improved diet and natural mind-set shifts, while improving overall health. The diet has a clinically proven, 3-prong approach: 1) eliminate sugar, 2) boost Mediterranean-diet-friendly fats, 3) increase probiotics.

A comprehensive guidebook for dog owners that includes seventy-seven great hikes from the Adirondacks through the Catskills. Much more than a guidebook showing readers great places to hike with their canine companions in upstate New York, *Doghiker* is a dog owner's operating manual and tool kit. A lifelong dog owner, Alan Via makes a strong case for responsible ownership and offers guidance on selecting a canine hiking companion, training, safety, appropriate gear, canine first aid, and keeping your dog fit and healthy. Covering the Adirondacks through the Catskills, and areas in between, this unique guidebook includes seventy-seven beautiful hikes that are great for dogs. Each hike has a custom topographic map showing parking areas, trails, viewpoints, water sources, and other points of interest. Included are a peak-finder map and chart showing every hike and a summary of rating categories, as well as information on total mileage, elevation gain, ratings for views, difficulty level, dog safety and hazards, hiker traffic, trail conditions, and whether a leash is suggested or required. Detailed driving directions for each outing, including GPS coordinates

for key intersections and trailheads, are also provided. By presenting all of this information, drawn from Via's forty-plus years of hike leadership, readers can easily evaluate which hike fits their needs and get outside and explore the great outdoors with their four-legged friends.

This new IFSTA manual details the training required of Company Officers according to NFPA® 1021, Standard for Fire Officer Professional Qualifications, 2014 Edition. The manual is divided into two sections to make a clear distinction between the information needed for Fire Officer Level I and Fire Officer Level II. Both print and eBook formats are available. There is no shortage of issues that a company officer might face in the everyday operation of a fire company or unit. This manual addresses the wide range of topics and issues encountered by a company officer, from leadership and supervision to health and safety issues. Great attention was given to focus on the job performance requirements of NFPA® 1021. The fifth edition of *Fire and Emergency Services Company Officer* builds on the previous edition of the manual while presenting the material in a more concise manner to make it easier for students to read and instructors to teach. By merging related topics, the number of chapters was reduced from 32 in the fourth edition to 17 in the new manual while preserving the material related to the NFPA® standard. The number of appendices was reduced from 20 to 4 by removing information that can be found in other media. Along with reducing the volume of material from the fourth edition, the fifth edition of *Fire and Emergency Services Company Officer* offers several new features. The manual features a new look with IFSTA's single-column format and upgraded and updated curriculum components. Learning activities are included to help instructors present the material to their students. Case Histories open each chapter to illustrate important lessons learned in the real world. Photographs, illustrations, and tables are included throughout the manual to illustrate key points and improve the overall instructional value of the material.

Secrets of the Best Chefs Haynes Manuals N. America, Incorporated
Learn to cook from the best chefs in America Some people say you can only learn to cook by doing. So Adam Roberts, creator of the award-winning blog The Amateur Gourmet, set out to cook in 50 of

America's best kitchens to figure out how any average Joe or Jane can cook like a seasoned pro. From Alice Waters's garden to José Andrés's home kitchen, it was a journey peppered with rock-star chefs and dedicated home cooks unified by a common passion, one that Roberts understands deeply and transfers to the reader with flair, thoughtfulness, and good humor: a love and appreciation of cooking. Roberts adapts recipes from Hugh Acheson, Lidia Bastianich, Roy Choi, Harold Dieterle, Sara Moulton, and more. The culmination of that journey is a cookbook filled with lessons, tips, and tricks from the most admired chefs in America, including how to properly dress a salad, bake a no-fail piecrust, make light and airy pasta, and stir-fry in a wok, plus how to improve your knife skills, eliminate wasteful food practices, and create recipes of your very own. Most important, Roberts has adapted 150 of the chefs' signature recipes into totally doable dishes for the home cook. Now anyone can learn to cook like a pro!

From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire. Long Way Round is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.

Liberals worldwide invoke Scandinavia as a promised land of equality, while most conservatives fear it as a hotbed of liberty-threatening socialism. But the left and right can usually agree on one thing: that the Nordic system is impossible to replicate elsewhere. The US and UK are too big, or too individualistic, or too . . . something. In *Viking Economics*—perhaps the most fun economics book you’ve ever read—George Lakey dispels these myths. He explores the inner-workings of the Nordic economies that boast the world’s happiest, most productive workers, and explains how, if we can enact some of the changes the Scandinavians fought for surprisingly recently, we, too, can embrace equality in our economic policy.
