Read James Wesley, Rawles's posts on the Penguin Blog In the vein of Sam Sheridan's *The Disaster Diaries*, a comprehensive guide to preparing for the apocalypse! With the recent economic crisis, formerly unimaginable scenarios have become terrifyingly real possibilities- learn how to prepare for the worst Global financial collapse, a terrorist attack, a natural catastrophe-all it takes is one event to disrupt our way of life. We could find ourselves facing myriad serious problems from massive unemployment to a food shortage to an infrastructure failure that cuts off our power or water supply. If something terrible happens, we won't be able to rely on the government or our communities. We'll have to take care of ourselves. In *How to Survive the End of the World as We Know It*, James Rawles, founder of SurvivalBlog.com, clearly explains everything you need to know to protect yourself and your family in the event of a disaster-from radical currency devaluation to a nuclear threat to a hurricane. Rawles shares essential tactics and techniques for surviving completely on your own, including how much food is enough, how to filter rainwater, how to protect your money, which seeds to buy for your garden, why goats are a smart choice for livestock, and how to secure your home. It's the ultimate guide to total preparedness and self-reliance in a time of need.

THE CLASSIC BOOK THAT HAS INSPIRED MILLIONS A penetrating

examination of how we live and how to live better Few books transform a generation and then establish themselves as touchstones for the generations that follow. *Zen and the Art of Motorcycle Maintenance* is one such book. This modern epic of a man ’ s search for meaning became an instant bestseller on publication in 1974, acclaimed as one of the

most exciting books in the history of American letters. It continues to inspire millions. A narration of a summer motorcycle trip undertaken by a father and his son, *Zen and the Art of Motorcycle Maintenance* becomes a personal and philosophical odyssey into fundamental questions on how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austere beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, this classic is a touching and transcendent book of life. This new edition contains an interview with Pirsig and letters and documents detailing how this extraordinary book came to be.

Electronic Musician Ballantine Books

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell ' s Angels, that is—in this short work of nonfiction. “ California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again. ” Thus begins Hunter S. Thompson ' s vivid account of his experiences with California ' s most notorious motorcycle gang, the Hell ' s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America.

Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, “ For all its uninhibited and sardonic humor, Thompson ' s book is a thoughtful piece of work. ” As illuminating now as when originally published in 1967, *Hell ' s Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.
