What do you do when life throws you a wild  
pitch? You either get out of the way or you  
take a shot to the ribs and continue the game  
a little bruised. Are You F\*\*\*ing Kidding Me?  
follows Jennifer as she experiences a series  
of wild pitches that keep her off balance and  
bruised for 20 years of her life. However, we  
also watch as she picks herself up and learns  
from each experience. Are You F\*\*\*ing  
Kidding me? is the story of escape from a  
controlling relationship, the catastrophe of

dating as a single mom, the healing process  
after losing someone to cancer, and the ability  
to laugh through the toughest circumstances.  
Jennifer navigates each situation always with  
determination, consistently with humor, and  
often with epic failure. It is the story of one  
woman's fortitude to protect the people closest  
to her and a love story of two people who  
needed each other in ways they never  
expected.

In establishing Gumball 3000 in 1999,  
Maximillion Cooper created an event which  
swiftly showed its potential to defy  
conventions and categories. Like its founder,  
Gumball 3000 refuses to be pigeonholed; it is  
a rally and a car show offering live music and  
action sports. It truly defines the word "event"  
in superlative style. Every year, a million  
visitors join the Gumball tour, with a further  
100 million households tuning in via TV and  
internet broadcasts in 60 countries worldwide.  
The eight-day long road covers 3,000 miles  
across different countries and has had host  
stations in Europe, Asia, and North America.  
The list of participating celebrities is glittering  
and, of course, genre-defying: David  
Hasselhoff, Snoop Dogg, David Guetta, Steve  
Aoki, Johnny Knoxville, Tony Hawk, Adrien  
Brody, Daryl Hannah, Dennis Rodman, Lewis  
Hamilton, Eve, deadmau5, and many more.

The suspension expert's illustrated, comprehensive troubleshooting guide for dirt, street, and supermoto—with a solution to virtually any problem. Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's

handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance.

"A proper travelogue - a joyful, moving and stereotype-busting ride." - National Geographic Traveller, Book of the Year In 2011, at the height of tension between the British and Iranian governments, travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London:

... I wish that you will visit Iran so you will see for yourself about my country. WE ARE NOT TERRORISTS!!! Please come to my city, Shiraz. It is very famous as the friendliest city in Iran, it is the city of poetry and gardens and wine!!! Your Persian friend, Habib Intrigued, Lois decides to ignore the official warnings against travel (and the warnings of her friends and family) and sets off alone on a 3,000 mile ride from Tabriz to Shiraz, to try to uncover the heart of this most complex and incongruous country. Along the way, she meets carpet sellers and drug addicts, war veterans and housewives, doctors and teachers - people living ordinary lives under the rule of an extraordinarily strict Islamic

government. *Revolutionary Ride* is the story of a people and a country. Religious and hedonistic, practical and poetic, modern and rooted in tradition - and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom - this is the true story of real contemporary Iran.
