Readers are taken through a series of carefully constructed exercises, designed to simplify the mathematics and give them a full understanding of how this relates to the chemistry. This second edition contains a new chapter on the projection operator method. This is used to calculate

the form of the normal modes of vibration of a molecule and the normalised wave functions of hybrid orbitals or molecular orbitals. The features of this book include: \* A concise, gentle introduction to symmetry and group theory \* Takes a programmed learning approach \* New material on projection operators, and the calculation of normal modes of vibration and normalised wave functions of orbitals This book is suitable for all students of chemistry taking a first course in symmetry and group theory.

The new study of Igor Nebolsin provides end to end combat history of the Soviet 6th Guards Tank Army from its formation in January 1944 till the defeat of Nazi Germany in May 1945 and capitulation of Japan in September 1945. The 6th TA had its combat baptism at Cherkassy (Korsun) in January-February 1944 where it first played an important role in encircling units of German XI and XLII Army Corps'. Then army was on the

path of the German III. Panzer Corps relief attacks of Cherkassy Pocket. In March 1944 in adverse weather conditions (rasputitsa) Army crossed South Bug, Dnestr and Prut rivers and in April 1944 was one of the first Soviet units entered Bessarabia (Romania). During April - June 1944 6th Tank Army conducted heavy offensive and defensive battles in the area of Jassy in Northern Romania against armor units of Group Army South Ukraine which included 23. Panzer Division, 24. Panzer Division, 14. Panzer Division, Gross Deutschland Division. Although Army failed to capture Jassy and penetrate Romania it managed to withstand German attempt to destroy it in a strong counteroffensive. In August 1944 6th TA played a decisive role in the Jassy - Kishinev operation which resulted in the destruction of the 6th German Army, knocking out Romania from the WW2 as an ally of Nazi Germany, capturing Ploesti oil fields, and Bucharest. In September-October 1944 6th Tank Army was engaged in the heavy combats in

---

Transylvania and Hungary including tank battle at Debrecen. The day by day coverage of events, honest views of the Soviet & German commanders, statistical data from both Russian and German viewpoints, and the 'human element' based on the exciting firsthand recollections of Soviet tank officers all make this study an incredibly valuable source of information. The text is fully supported by specially-commissioned color maps and an extensive selection of photographs, many from private collections.

Time to go....I've taken enough of  
your time..... My life has been  
a good life. I think I handled  
everything that was thrown at me.  
I know others were involved in  
some of the trials and  
tribulations that came my way and  
I hope I handled them OK. If I  
didn't, I'm truly sorry. Growing  
up I thought my childhood was bad  
in some respects. But a couple of  
things have changed that idea. One  
was writing this story. The other  
was back into the 80's when my  
mother moved to Seattle and I

listened to her talk to my  
daughters about my childhood. When  
I listened to her tell those  
stories, I realized I had built a  
wall around my upbringing and I was  
steadfast in thinking, "it wasn't  
as good as it could have been".  
Those stories made me realize, "I  
did have a good childhood", and  
just maybe..... I could have been  
a better son.
