All in all, the  
Yamaha Portasound  
PSS-480 packs a  
surprising amount of  
power and can deliver  
both mainstream and  
experimental sounds  
that go way beyond  
its price point. It's  
annoying to program  
while you're trying  
to play it, but it's  
easy to get familiar  
with, and it allows  
for total access to  
the hardware inside.
