Popular Mechanics Nomad Press (VT)

This eye-opening book offers a disturbing new look at Japan's post-war economy and the key factors that shaped it. It gives special emphasis to the 1980s and 1990s when Japan's economy experienced vast swings in activity. According to the author, the most recent upheaval in the Japanese economy is the result of the policies of a central bank less concerned with stimulating the economy than with its own turf battles and its ideological agenda to change Japan's economic structure. The book combines new historical research with an in-depth behind-the-scenes account of the bureaucratic competition between Japan's most important institutions: the Ministry of Finance and the Bank of Japan. Drawing on new economic data and first-hand eyewitness accounts, it reveals little known monetary policy tools at the core of Japan's business cycle, identifies the key figures behind Japan's economy, and discusses their agenda. The book also highlights the implications for the rest of the world, and raises important questions about the concentration of power within central banks.

Ker-SPLASH! is an up-to-date, comprehensive look at the hobby and sport of recreational boating and water skiing. It is intended as a guide for both the neophyte and the experienced recreational power boater. The book includes detailed instructions for: (1) Selecting and buying a boat; (2) Making an intelligent engine choice; (3) Selecting boating accessories; (4) Choosing skis, boards, and towables; (5) Selecting a personal slalom ski; (6) Learning to ski and towing a skier; (7) Learning to slalom; (8) Riding and towing other water toys; and (9) Maintenance and safety issues. Ker-SPLASH! covers these types of recreational powerboats: sterndrive runabouts, tournament ski boats, mini-jet boats, personal watercraft, offshore performance boats, deck and pontoon boats, outboard ski boats, fish 'n' ski boats, and cuddly cabins. Comparative descriptions and contact addresses of the major boat, ski, wakeboard, and accessory manufacturers are included. Ker-SPLASH is not only a reference guide, but it also includes down-to-earth information and entertaining boating stories.

Hearst Books

Don't cast this one aside. Anglers now have the ultimate fishing reference providing complete coverage of new gear, tackle, and equipment from the fishing industry and a directory of more than 1,400 leading fishing guides and charters. Provides fishing license fees and regulations for each state to help enthusiasts eliminate confusion when traveling. This comprehensive catalog lists rods, reels, depth finders, tackle boxes, boats, trailers, and other vital equipment available for fresh water, salt, and deep-sea fishing. It includes essential information for the traveling angler, such as top fishing resorts, state and national parks, and tourism resources for every state. Also included are contact information and brand names for every major manufacturer in the fishing and boating industries. Entertaining and information-packed articles report on salmon fishing, busting bass on the pro tour, saltwater success, Great Lakes trolling, Canadian getaways, recipes, fly-tying secrets, and more.

Boating Life

Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any

bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.
