1997 Yamaha TDM 850 Review - YouTube
The Yamaha TDM is an 849 cc DOHC parallel-twin motorcycle that heralded the modern "Sport touring" category. The TDM was first manufactured by the Yamaha Motor Company of Japan in 1991. The TDM has a pressed-steel frame and a dry sump engine with five valves per cylinder, (three inlet and two exhaust).

Yamaha TDM Owners Manuals -
MyBikeManuals.com
 I have a 1991 Yamaha TDM 850
 that one of my friends gave to
 me in boxes. Do you have any
 complete parts manuals that
 list every part by a number and
 by manufactures part number so
 I can order anything that is
 missing and I can also see how
 it is to go back together. A
 PDF file would be the best.
 Thanks

TDM850 (1999) Service Manual

Workshop Manual Yamaha TDM 850 '96 (4TX). (Download from the great JBX site) Here I have the same problem. I can't seem to find the workshop manual for the '91 model. I'm guessing this one is also used for the '91 model. I have the '91 Workshop Manual photo copied, but it's an awful copy.

Yamaha TRX 850 Review (1996-2000) - Used Buying Guide

Yamaha TRX 850 (1996-2000) Brakes. The brakes of the TRX 850 are a major talking point for owners. The original 1995 Japan bikes (which were white with red frames or red with white frames, again mimicking the Ducati 900SS), of which some made it to the UK as grey imports, which were

popular at the time, came with proper, Italian style Brembo brake calipers.
