Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

In 2011, at the height of tension between the British and Iranian governments, travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London: ... I wish that you will visit Iran so you will see for yourself about my country. **WE ARE NOT TERRORISTS!!!** Please come to my city, Shiraz. It is very famous as the friendliest city in Iran, it is the city of poetry and gardens and wine!!! Your Persian friend, Habib Intrigued, Lois decides to ignore the official warnings against travel (and the warnings of her friends and family) and sets off alone on a 3,000 mile ride from Tabriz to Shiraz, to try to uncover the heart of this most complex and incongruous country. Along the way, she meets carpet sellers and drug addicts, war veterans and housewives, doctors and teachers - people living ordinary lives under the rule of an extraordinarily strict Islamic government. *Revolutionary Ride* is the story of a people and a country. Religious and hedonistic, practical and poetic, modern and rooted in tradition - and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom - this is real contemporary Iran.

De jeune délinquant à instructeur commando, un incroyable parcours ! Alors qu'il était bien parti pour se faire une place au sein de la petite voyoucratie marseillaise, le jeune Alain rompt avec son milieu pour rejoindre l'armée. Cette expérience l'a métamorphosé. Il devient un autre homme : Marius, soldat de légende de l'armée française, puis instructeur commando. Plus qu'un récit autobiographique, *Parcours Commando* est l'histoire extraordinaire d'un homme qui a su combattre ses démons intérieurs pour aller chercher la foi et vivre un destin hors du commun. Un best-seller au cœur de l'action militaire ! **EXTRAIT** Nos gestes sont secs, économes, précis et efficaces. La plupart des stagiaires ont développé un instinct animal qui leur permet de faire preuve d'une extrême vigilance, le regard aux aguets, l'ouïe sensible au moindre bruit. Telle une meute de loup en situation d'insécurité permanente, nous avons pris l'habitude de cohabiter et nous avons développé les réflexes nécessaires à notre survie collective. Notre corps s'est transformé en machine prête à réagir au moindre signe d'alerte. Nous avons adopté de nouvelles attitudes et nous analysons tout ce qui nous entoure, sur le qui-vive en permanence. **CE QU'EN PENSE LA CRITIQUE** Un ouvrage à ne pas rater pour tous ceux qui aiment les aventures humaines. - Sécurité Défense Un livre qui raconte un parcours choc, qui commence dans les armes et finit dans les armes, mais qui a permis à Marius de se découvrir et de devenir un exemple. Un livre que je ne peux que conseiller ! - Le Grand Lecteur, Babelio C'est un témoignage fort: sur la fraternité des

armes, qui offre une seconde famille à des garçons perdus, sur la part d'ombre et d'obscurité issue de l'histoire de chacun, sur l'utilité qui peut être faite de ces deux parts pour forger son destin. - LisbethK, Sens critique Un livre très instructif qui nous livre une partie de la réalité des forces spéciales françaises à travers le témoignage de la vie d'un homme aujourd'hui. - Mick85, Booknode Une biographie très touchante, un parcours très spécial. Un commando unique. Je le recommande vivement ! - Toradiha, Booknode À PROPOS DE L'AUTEUR Marius a mené une carrière comme commando au sein de la Marine nationale française. Il a également été instructeur militaire et s'est fait connaître du grand public grâce à sa participation au documentaire À l'école des bérets verts sur France 2 et à l'émission de télé-réalité Garde à vous, diffusée sur M6. Il est également apparu dans certaines productions cinématographiques.

From the scorching deserts of Western Australia to the harsh vastness of Mongolia, Overland is the true story of a journey from Sydney to Switzerland without flying. It is a funny and honest account of rewarding successes and frustrating failures. It is also a vivid illustration of modern Asia and the people who live there: young Indonesian fishermen, backpackers and a slow train through southern Burma; eating grubs in Thailand and an armed confrontation in Laos; lullabies from middle-aged Chinese businessmen and a cold night on the Great Wall of China; encounters with wolves and reindeer herders in Mongolia; thieves, nomads, Russian scientists; and one ancient, stubborn motorcycle travelling through the world's wild places.

Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGreggor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure,

passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.
