The room is crowded with men, shouting, cursing, laughing, singing—a confused, inchoate uproar swelling into a sort of unity, a meaning—the bewildered, furious, baffled defiance of a beast in a cage. Nearly all the men are drunk. Many bottles are passed from hand to hand. All are dressed in dungaree pants, heavy ugly shoes. Some wear singlets, but the majority are stripped to the waist.

Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of Gitanjali and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry" remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

In 1956 John Osborne's *Look Back in Anger* changed the course of English theatre. 'Look Back in Anger presents post-war youth as it really is. To have done this at all would be a significant achievement; to have done it in a first play is a minor miracle. All the qualities are there, qualities one had despaired of ever seeing on stage - the drift towards anarchy, the instinctive leftishness, the automatic rejection of "official" attitudes, the surrealist sense of humour . . . the casual promiscuity, the sense of lacking a crusade worth fighting for and, underlying all these, the determination that no one who dies shall go unmourned.' Kenneth Tynan, *Observer*, 13 May 1956 'Look Back in Anger . . . has its inarguable importance as the beginning of a revolution in the British theatre, and as the central and most immediately influential expression of the mood of its time, the mood of the "angry young man".'
