#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the “vast and sweeping” (The Washington Post) new novel in the epic Outlander series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of loss and heartbreak to find each other again. Now it's 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser's Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell's teakettle. Jamie knows that loyalties among his tenants are split and it won't be long before the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he's never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son's behalf and on his own, and far to the north, Young Ian Murray fights his own battle between past and future, and the two women he's loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. Jamie sharpens his sword, while Claire whets her surgeon's blade: It is a time for steel.

“An often poignant, and sometimes chilling, romance of the creative class.” —Edmund White In the three decades since Peter first moved into his Brooklyn apartment, almost every facet of his life has changed. Once a broke, ambitious poet, Peter is now a successful advertising executive. He's grateful for everything the years have given him—wealth, friends, security. But he's conscious too of what time has taken in return, and a busy stream of invitations doesn't dull the ache that remains since he lost the love of his life. Will is a young, aspiring journalist hungry for everything New York has to offer—culture, sophistication, adventure. When he moonlights as a bartender at one of Peter's parties, the two strike up a tentative friendship that soon becomes more important than either expected. In Peter, Will sees the ease and confidence he strives for, while Peter is suddenly aware of just how lonely his life has become. But forging a connection means navigating very different sets of experience and expectations, as each decides how to make a place for himself in the world—and who to share it with. Beautifully written, warm yet incisive, *Now and Yesterday* offers a fascinating exploration of two generations—and of the complex, irrefutable power of friendship—through the prism of an eternally changing city.

Addresses for the People, Etc. Series 1, 2 Soho Press

With a combination of song lyrics and reflective essays, Alabama author Frye Gaillard and recording artist Kathryn Scheldt pay tribute to the literary legacy of Alabama songwriters. Included here are reflections on the works of Hank Williams, Emmylou Harris, and W. C. Handy, among many others. Scheldt and Gaillard share Emmylou's view that the Americana music coming out of Alabama has been “the literature of the people.” In addition to writing about this tradition, these two authors are part of it. In these pages and on an accompanying CD are songs co-written by Scheldt and Gaillard.

The Preacher's Analyst Sunstone Press

The breakout horror/sci-fi series with over 1,000 5-star reviews is back and in a single collection for the first time. They thought they were alone. They were wrong... On October 15th, humanity went missing. A handful of scattered survivors wake to find the world empty of friends, family, and neighbors. Among them, a child searches for his family. A special agent turned enemy of the state survives a fiery plane crash with no way to reach his daughter. A serial killer discovers he's no longer at the top of the food chain. Now, these strangers must find the strength inside them to weather the new world. But they are not alone. In the absence of civilization,

a new threat emerges. In the stillness, it waits and watches, preying on their weakness. Their only hope is to find more survivors, rise above their fear, and face the oncoming darkness. ????? “After reading the first book, I went and got the whole series. After many weeks of enjoyment I kind of had withdrawals over being finished with the series.” -- Cynthia ????? “I loved the development of each character, honestly I could not put these books down!!! Sean Platt and David Wright are now my favorite sci-fi writers, I can't wait to read everything they've written!” -- Lenore Barszczuk ????? “Why did I like this book and give it five stars? Let me try to count the ways: 1) This is an apocalyptic story with a bonus - a second apocalyptic story embedded. I have never read any other book like this. 2) The characters in this book have more depth than you originally anticipate. 3) Just as you think you've discovered the hero, s(he) proves you wrong - all the way to the end of the book.” -- Clarkson ????? “This is the best apocalyptic thriller I have ever read. So gripping and terrifying at times. Loved it! I caught myself staying up til almost daylight because I couldn't make myself put it down.” -- Lisa P ????? “This is storytelling at its best. A compelling plot and great characters. I am thankful that I started this series after it was finished because it would have killed me to have to wait for more episodes!” -- booklovingmom ????? “A terrific tale...well written! Superbly paced with lots of action... nearly always something going on or about to happen.” -- R. Nicholson ????? “If you are a fan of the post apocalyptic, dystopian genre, and prefer epic sized tales, stop reading and just go buy the book. This is the kind of thing that has me completely mesmerized. I'm sneaking chapters at work, I'm up at 3am reading it, I'm reading before I leave in the morning, waiting to pick up kids... You get the idea.” -- D. T. Douglas ????? “This series is pure eye-ball crack for the reader... Great plot, realistic characters, heart-smashing action, it's just twenty levels of awesomesauce, as is the case with all of their stories... If you love drama, action, thriller and post-apocalyptic, you will love, YESTERDAY'S GONE.” -- Flint Macwood If you're looking for a tense post-apocalyptic thriller that will leave you guessing until the very end, *Yesterday's Gone* is for you! WARNING: This is a post-apocalyptic horror story where bad people do evil things, and as such, this series features disturbing scenes and foul language. While it is all within the context of the story, some listeners may find this content offensive.

Calendar of State Papers, Domestic Series, of the Reign of Charles I, 1628 - 1629 Kensington Books

This book argues that videogames address contemporary, middle-class anxieties about poverty in the United States. The early chapters consider gaming as a modern form of slumming and explore the ways in which titles like *The Elder Scrolls V: Skyrim* and *World of Warcraft* thematize poverty. The argument turns to the field of literary studies to identify analytical frameworks for addressing and understanding these themes. Throughout, the book considers how the academic area of inquiry known as game studies has developed over time, and makes use of such scholarship to present, frame, and value its major claims and findings. In its conclusion, the book models how poverty themes might be identified and associated for the purpose of gaining greater insights into how games can shape, and also be shaped by, the player's economic expectations.

Out of the Cradle Sterling & Stone LLC

In this witty but historically accurate book, Simmons takes readers on a fact-filled but fun journey into Santa Fe, New Mexico, unusual past. He is known for his ability to ferret out true but little-known episodes in New Mexican history such as those recounted in this fascinating book.

The Chinese Earth O'Reilly Media, Inc.

This book is a compilation of seventy weekly sermons that follow the Lutheran Church Calendar Year. Written by Reverend Eldore F. Messerschmidt over fifty to sixty years ago, the things he discussed in his sermons back then still pertain to what is happening in our world today. Thus the name *Yesterday's Sermons for Today's World*. This is a great book for the shut-ins who no longer can attend weekly worship services or for the average person who needs a weekly inspirational pick-me-up.

Leaves of Healing Sterling & Stone LLC

With the iOS 6 software and the new iPhone 5, Apple has two world-class hits on its hands. This sleek, highly refined pocket computer comes with everything—cellphone, iPod, Internet, camcorder—except a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5. This book unearths all the secrets of the newest iPhone. Taller screen, faster chip, 4G LTE Internet, thinner than ever. The iOS 6 software. Older iPhones gain Do Not Disturb, the new Maps app, shared Photo Streams, camera panoramas, smarter Siri, and about 197 more new features. It's all here. The apps. That catalog of 750,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

A Guide to Theological Reflection Columbia University Press
This 250,000-word “full saga” collection includes ALL NINE BOOKS

in the Unicorn Western Series! Cast out from the magical kingdom of The Realm and into the dying desert of the Sands beyond, Marshal Clint Gulliver and his unicorn Edward have finally found peace in the small and dusty town of Solace. But when both the fracturing worlds and Clint's bride-to-be are thrust into peril by an old foe, the gunslinger must come out of retirement and aim his seven-shooters at the dark magic and those who bring it. An epic quest hurls marshal and unicorn across the endless desert in pursuit of the dark rider Dharma Kold and his unicorn of a different color, where they must battle their way back toward The Realm to uncover the truth...and mayhap save the worlds that hang in the balance. From the creators of *Yesterday's Gone* (Platt) and *Fat Vampire* (Truant) comes this reinvention of both the western genre and unicorn lore. Written for children and teens - but complex and awesome enough for adult readers - Unicorn Western is “Harry Potter without wizards but with gunslings, talking unicorns, epic fights, and more turkey pie.” Get the ebook of this book for free through Kindle Matchbook when you buy the paperback!

A Wedding Morn, a Story Delacorte Press

It's 2134 in a dystopian America, one century after a series of zombie plagues first infected then obliterated much of the world's population. The survivors formed six walled Cities throughout the continent, all under the rule of a totalitarian government that enforces strict control over its populace. You must obey your government. You must be a good citizen. You must be a productive citizen. You must not break the law. Or The City Watch will find you and arrest you. Jonah Lovecraft, a former Watcher, was arrested for the murder of his wife. Like most criminals, he has one chance at freedom? to participate in The Darwin Games, a televised survival show pitting two players from each city against one another in The Barrens, the uninhabited areas outside the City Walls. He'll also have to face another enemy? the zombies still roaming The Barrens. As he fights for his freedom against impossible odds, his daughter, Anastasia, stumbles into people who have information about her father? information that will change her life forever. While putting her in the crosshairs of her father's enemies. Z 2134 is the first book of a dystopian trilogy from the bestselling authors of *Yesterday's Gone*. This book was initially released in episodes as a Kindle Serial.

Yesterday's Sermons for Today's World Rowman & Littlefield

Where will we get our electricity when the oil and coal are gone? Why should I care? Abundant cheap electricity is a key element in getting and maintaining high human living standards around the globe. Stated another way, electricity is the foundation of modern technology. Without it, we go back to sailing ships and the horse. Anyone who thinks for a moment that we could feed and clothe our 21st century population using 18th century technology is nuts. Everything in your world depends on electricity either directly or indirectly. The food you eat, the water you drink, the car you drive, are all possible because of electricity. This cannot be overstated. Electricity is civilization. The world consumed 20.1 trillion kilowatt hours of energy in 2010, up over 3% from the year before. Of this, 13.9 trillion kw-hrs comes from hydrocarbons, 2.6 trillion from nuclear, and 3.1 trillion from hydroelectric. Earth-bound renewables hardly make a dent. The EIA predicts world net electrical consumption will increase to 25.5 trillion kw-hrs by 2020 and 35.2 trillion kw-hrs by 2035. Even if you don't fully understand the enormity of the numbers, just remember that we are using more energy today than we did yesterday, by a lot. I repeat, where will we get our electricity when the oil and coal are gone? I wrote this book to draw attention to this disaster looming on the horizon. Electrical energy is the one thing our civilization cannot live without and sooner or later the oil and the coal will be gone. Nuclear isn't the answer on many levels and the conventional earthbound alternative energy sources are simply not capable of sustaining our present demand. So what are we to do? I suggest we need to think big now so that we don't crash big later. Building a system of satellites capable of delivering 50 trillion-kilowatt-hours of pollution free solar power from space every year will also produce a robust global economy. It will be like Columbus rediscovering America but instead of just another continent, we will open up other worlds for us to conquer. Open up the High Frontier and we open up our children's future to endless new horizons. There is only one power source capable of meeting humanities energy needs and all future demands, the SUN, and the best place to harness its power is collecting sunlight in SPACE. Without it our civilization will collapse but does America have the political will to even attempt such a project? Or have we already started? Find out when you order your copy of *Out of the Cradle*.

Yesterday's Gone: The Complete Series Something Shiny Press
The #1 bestselling horror/sci-fi series with over 1,000 5-star reviews continues here with *Yesterday's Gone: Season Three*. Who's afraid of The Darkness... The fight is on, and the surviving humans don't know if they're on the winning side. As they battle The Darkness

and fight to find their way home, the future has never felt more uncertain. Will they survive, or will The Darkness finally overwhelm them? The past is revealed, and as the remaining survivors discover the truth behind the mysterious disappearances, they uncover a danger far greater than anything they ever imagined. In Season Three of Yesterday's Gone by Sean Platt and David W. Wright, the truth is finally yours. As this gripping post-apocalyptic series intensifies, your questions will be answered and new ones will arise. Elements of The Stand and LOST, with a dash of alien invasion, make this series one for the ages. ????? "The writing is fun and fast paced and really tweaks boundaries of genres, so it isn't easy to pigeon-hole as just a scifi book, or a horror book. There are lots of twists and turns and the plot keeps you guessing. Do yourself a favor and pick up Yesterdays Gone, and treat yourself to some great entertainment. You will not regret it." -- Fredrick Von Kindle ????? "This is an addicting series filled with great characters. I'm in the Love Boricio Wolfe camp. His profanity laced, rapid-fire speech pattern is entertaining and sometimes downright laugh out loud funny. I assume the authors had fun creating him and his various incarnations." -- Robin Surface ????? "Everything comes to fruition in this season and while it may have a bit more dialogue and drama than the 1st two seasons. It uses them well and blends them perfectly with action scenes. By the end of the season you will be tearing through the pages to see what happens next. Season 4 cannot come soon enough." -- Matthew R ????? "I am a Goner. I loved it so much, that I have now bought everything I know Sean Platt & David Wright have written. All their other books are just as exciting. Like the Authors, I love Stephen King, The Walking Dead, Breaking Bad & Mad Men. The serial just keeps getting better." -- Lynda Nelson ????? "Luca and Boricio are my two favorite characters ever and seeing them unfold into this powerful season of Yesterday's Gone was exactly what I was hoping for! I couldn't put this Season down - but that's what I've come to expect from Platt and Wright and their work." -- Tania Dakka Join Team Boricio by Grabbing your copy of Yesterday's Gone today! WARNING: This is a post-apocalyptic horror story where bad people do evil things, and as such, this series features disturbing scenes and foul language. While it is all within the context of the story, some listeners may find this content offensive.

Now and Yesterday Writers Cramp Publishing

Jake Cameron is facing the struggle of his life. A helicopter crash in Vietnam leaves Jake with total amnesia, and the young Green Beret returns home to a family he doesn't know and a life he can't remember. Unable to be the son and brother his family has lost, Jake sets out to learn whatever he can about the man he was. When he uncovers a dark family secret, he decides to protect the people he loves by disappearing.

Time For Yesterday Time in the galaxy has stopped running its normal course. That can only mean one thing -- the Guardian of Forever is malfunctioning. To save the universe, Starfleet command reunites three of its most legendary figures -- Admiral James T. Kirk, Spock of Vulcan, and Dr. Leonard McCoy -- and sends them on a desperate mission to contact the Guardian, a journey that ultimately takes them 5,000 years into the past. They must find Spock's son Zar once again -- and bring him back to their time to telepathically communicate the Guardian. But Zar is enmeshed in troubles of his own, and soon Kirk, Spock and McCoy find themselves in a desperate struggle to save both their world -- and his!

The Quilter's Daughter Redhook

Feedback and evaluation, both of oneself and by others, are the lifeblood of a successful ministry experience. In *A Guide to Theological Reflection*, experienced practical ministry professors Jim Wilson and Earl Waggoner introduce the processes and tools of theological reflection for ministry. Effective evaluation includes critique and potential course correction for the honest and willing minister, as well as positive affirmation of how one's desires influence good ministry decisions. *A Guide to Theological Reflection* introduces tools by which a minister can interact with his or her own thoughts, beliefs, and feelings; external feedback, such as that of a ministry supervisor; and Scripture to inform deep and transformative theological reflection. Designed as a textbook for practical ministry courses and theological field education, *A Guide to Theological Reflection* can also be used in ministry contexts. It provides guidance for students, ministers-in-training, mentors, and advisors, laying a theoretical foundation for theological reflection and demonstrating step-by-step how to practice it well.

Man with No Yesterdays DigiCat

An incredible work by Sheila Kaye-Smith, an English writer famous for her numerous novels set on the frontiers of Sussex and Kent in the English regional tradition. Filled with interesting characters and a gripping storyline, this work makes an engaging read. Excerpt from "A Wedding Morn" "Ivy slept with the lodger, who went by the name of Miss Peach Grey, forgetting some baptismal Maud or Mabel, and worked as mannequin at a small but aspiring dressmaker's. She was still asleep, and Ivy felt glad, for she did not want talk or company just yet. She wanted to feel herself alone, to gather some sort of strength with which to face the day."

The Shatzkin Files Yesterday's Gone: Season Three

"Kill or be killed historical romance with bandits, Pinkerton agents, bounty hunters, mystery and more. Melissa Lenhardt writes with passion and does not hold anything back." -RT Book Reviews Laura Elliston and William Kindle are on the run-from the Army and from every miscreant in the West eager to claim the \$500 bounty for Laura's capture as their own. But the danger isn't just from those pursuing them. Laura and Kindle each have demons of their own and a past that won't stay dead. Exhausted, scared, scarred, and surrounded by enemies, neither realizes the greatest danger is yet to come. Blood Oath is the second novel in a gripping historical fiction series.

"Packs a big punch with grit and raw passion. There is mystery, murder, Indians, bounty hunters and intrigue. The women are brave, intelligent and don't take crap from anyone. Lenhardt is a talented, creative writer; she has a grand slam out of the park with Sawbones." -- RT Book Reviews (Top Pick!) 4.5 stars "Raw, gritty and sometimes graphic, Melissa Lenhardt has crafted a page-turner. In Sawbones, the women are smart, brave and at times 'incorrigible.' The plot twists, unique characters and intriguing story of passion and betrayal make this a book well worth discovering." -- Jane Kirkpatrick, New York Times bestselling author of *A Light in the Wilderness* "Absolutely loved it! I couldn't tear myself away from Sawbones. An epic story of love and courage that sweeps from east to west, Sawbones will rip right through you." - Marci Jefferson, author of *Girl on the Golden Coin* "You will fall in love with Catherine, as I did, as she struggles to assert herself in a violent and treacherous world, fighting not only prejudice but evil."-- Sandra Dallas, New York Times bestselling author "Sawbones is a thoroughly original, smart and satisfying hybrid, perhaps a new subgenre: the feminist Western." -- Lone Star Literary Life Laura Elliston novelsSawbonesBlood Oath Badlands Z2134 Barbour Publishing

From the bestselling authors of Yesterday's Gone, Karma Police, WhiteSpace, and more comes a new tense post-apocalyptic thriller that will leave you guessing until the very end. On October 15, Elizabeth Coombs wakes up from one nightmare to find herself in another ... Her husband and son have gone on a midnight fishing trip and the world outside has changed in subtle but unmistakable ways. There's a freak storm, strange lights in the sky, sounds that don't seem right, and something lurking outside her rental cabin — something that should not be. At first, Liz tries to tell herself it's all in her head, symptoms of her mental illness, symptoms she tries to treat with pills. The same pills her abusive husband derides her for taking. Maybe she's just on edge because, in two days, she secretly plans to take her son and leave with her best friend, going far away where her husband can never hurt them again. Everything will be okay, she tells herself. But then her son returns home alone with no idea where his father is. Just one problem, she knows her son is lying. The boy KNOWS what happened. Why isn't he telling her? October's Gone is a new stand alone book written within the multi-dimensional, post-apocalyptic world of Yesterday's Gone. Read it today!
