Explores the deep, internal work necessary for the effective practice of tai chi • Reveals the Taoist principles that gave birth to the Yang-style tai chi forms • Shows how tai chi can circulate powerful healing energies through the body Taoist adepts developed tai chi as both a martial art and a way to cultivate their physical body, energy body, and spirit body. Like all Taoist exercises, its main purpose is to form a connection to the basic energy that is the foundation of all life: chi. Until the beginning of the twentieth century, tai chi was considered a secret practice that was passed down only within a closely knit structure of family and loyal disciples. Despite its widespread growth in popularity as a martial art and health exercise, many of its underlying internal practices remain unknown. The Inner Structure of Tai Chi explores the deep, internal work necessary for the effective practice of tai chi. Designed for practitioners at every level, the book contains step-by-step illustrated instructions for mastering the 13 forms of early Yang-style tai chi, also known as Tai Chi Chi Kung. The authors demonstrate the relationship of the inner structure of tai chi to the absorption, transformation, and circulation of the three forces that animate all life--the Universal force, the Cosmic force, and the Earth force--revealing the principles and practices necessary to receive the full spectrum of physical, psychological, and spiritual benefits that tai chi can bring.

This attractive two-volume, slip-cased edition of *The Second Coming of Christ*, presents Paramahansa Yogananda's unique perspective on the real meaning of Jesus' teachings, and takes the reader on a revelatory journey, verse by verse, through the four Gospels. Dispelling centuries old misconceptions and dogma, this monumental work is destined to leave an indelible mark on the way the world views the teachings of Jesus Christ. In titling this work *The Second Coming of Christ*, I am not referring to a literal return of Jesus to earth. He came two thousand years ago and, after imparting a universal path to God's kingdom, was crucified and resurrected; his reappearance to the masses now is not necessary for the fulfillment of his teachings. What is necessary is for the cosmic wisdom and divine perception of Jesus to speak again through each one's own experience and understanding of the infinite Christ Consciousness that was incarnate in Jesus. That will be his true Second Coming.

This is a book for tall people, those who relate to them, and anyone interested in height in general. Being tall coincides with considerable professional, athletic, and social benefits. Yet there are also some problems, and these raise some questions. For instance, if longer levers and more cells really are behind increased risk of injuries and cancer, then how is it that giraffes get by? And why is it that society reveres tall stature but then compromises our safety with cramped cars and other things? And, as tall women might be pondering, where have all the tall, dark, and handsome men gone? Lastly, what can be done about all this? These questions and more will all be answered by a tall protagonist over eight chapters: Evolution, Scaling, Spine, Manufactured, Ergonomics, Growth, Longevity, and Society.

From master Reiki teacher Lisa Campion comes *The Art of Psychic Reiki*, a one-of-a-kind, step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful, hands-on energy healing method from Japan that's been gaining in popularity over the last century—not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power. Born from the author's decades of experience with Reiki healing and her own methods, *The Art of Psychic Reiki* provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you're drawn to the healing art of Reiki, you might be a highly sensitive person, with high levels of empathy, intuition, and latent psychic abilities (a combination of intuition and inner knowing, plus the ability to connect with higher wisdom). And since Reiki is a form of energy healing, many new practitioners may experience what's called a psychic opening as they learn or practice. For this reason, it's important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work—and this book can help. Whether you're new to Reiki or you're a practitioner seeking to deepen your knowledge and enhance your skills, with this guide you'll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art.
