**Nakama** John Benjamins Publishing Company

Japanese is a wonderful language, very different from European languages. It is also the gateway to the rich culture of the exciting and complex island nation of Japan. Some people get intimidated by the prospect of speaking Japanese—worried that it's just too complex and different—but these fears are unfounded. While you can devote a lifetime to the study of this or any language, picking up the basics of Japanese doesn't require any more than an interest and a willingness to try something new. Japanese For Dummies has everything you need to get off the ground with speaking the language. Author and Professor of Japanese Eriko Sato starts you off with the essentials of grammar and pronunciation, giving you a working sense of the language, before showing you Japanese in action. You'll then explore vocabulary and expressions through dialogues taking place in situations such as: Introductions and greetings Eating and drink ing Shopping Exploring the town Talking on the telephone Asking directions Getting around Staying at a hotel You'll also discover social customs, formalities, and manners, from how and when to bow to how to unwrap a present. Whether you simply want to introduce yourself to the Japanese language, say a few words to a neighbor or coworker, or you're planning a major trip or study abroad in Japan, Japanese For Dummies will enable you to get the basics fast and work towards your own goal at your own pace. You'll also find out about: How to use karaoke to help you learn Japanese Movies that will introduce you to Japanese culture and language Learning Japanese the "gourmet" way When ignoring "no, thank you" shows good manners Proper table manners Proper body language How to sound fluent And much more! With helpful vocabulary summaries, a mini-dictionary at the end, and an audio CD full of conversations and pronunciations, Japanese For Dummies assumes no prior knowledge of Japanese on your part—providing the perfect guide for a quick-but-thorough, lighthearted-but-not-lightweight introduction to the language. The Facts on File Dictionary of Proverbs Cengage Learning Japanese From Zero! is an innovative and

Queer Japanese Andrew Sheldon A two-volume introduction to written and spoken Japanese, comprising fifty-two lessons with exercises and vocabularies. The Veiled Suite Japan Times Publishing, Limited After fifteen printings, the Learn Japanese:

College Text series has been substantially revised. The incorporated revisions grew out of the authors' decade and more of classroom experience. Revisions were also made in accordance with recommendations proposed by instructors who have used the Learn Japanese series. The new edition, which reflects recent trends in language teaching, continues to emphasize an integrated approach in which speaking, hearing, reading, and writing Japanese all contribute to the language learning process. - The most significant improvement is the addition of Culture Notes to help clarify the sociolinguistic context in which the language is used. Since Japanese modes of communication are highly situational, the student of Japanese needs to be made aware of the different contexts in which speakers interact. Culture Notes, used in conjunction with Grammar Notes, Dialogs, and Useful Expressions, show how an understanding of cultural values and human relationships can enhance the student's mastery of language skills. - A new approach to language learning is used throughout the revised edition. The new sociolinguistic approach (which encourages the "generation of discourse") is integrated with the original pattern approach (which encourages the "generation of sentences"). - Many components of the first edition, such as Sentence Patterns, Grammar Notes, and Reviews, have been revised and/or rearranged. The result is a clearer, more natural, and more functional presentation of the Japanese language. The four volumes of Learn Japanese: New College Text were prepared by the Asian Division of the University of Maryland University College and are published by the University of Hawaii Press.

Japanese For Dummies Kodansha Amer Incorporated From the very earliest stages of study until far into the intermediate level, students of the Japanese language are continually scratching their heads over the usage of verbs. It is no wonder that they should feel the need for a solid reference book, one they can continually turn to throughout their studying careers. The Handbook of Japanese Verbs is just that book. The

Introduction takes the first step toward comprehension by pointing out the features of Japanese verbs that stand in contrast to their English counterparts, such as tense, politeness level, auxiliaries, and transitive and intransitive forms. Part 1 shows through tables and concise commentary how Japanese verbs are categorized, conjugated, and combined with auxiliaries. Each form is followed by a short exercise, reinforcing the points just made. Part 2 takes up the forms described in the first part and shows how they function in full-fledged sentences. Each discussion is followed by examples and exercises, ensuring that the student has understood the forms under discussion. In the appendices, the student is offered a number of look-up methods, including an English-Japanese verb dictionary. This completes the apparatus necessary for a solid handbook on Japanese verbs, a book students can rely on for many years to come

practiced in the United States.

Nakama 1: Japanese Communication Culture Context Jones & Bartlett Learning  
NAKAMA 1 is a complete, flexible introductory program designed to present the fundamentals of the Japanese language to users. The NAKAMA 1 program focuses on proficiency-based language learning, emphasizes practical communication and student interaction, and fosters the development of all four language skills and cultural awareness. Thematically organized chapters focus on high-frequency communicative situations and introduce students to the Japanese language and its three writing systems: hiragana, katakana, and kanji. Maintaining the program's balanced approach, the new edition features updated technology resources, updated culture, and contemporary vocabulary to enhance both teaching and learning. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Mapping the Social Landscape Yesjapan Corporation

Yookoso!, meaning welcome in Japanese, is the second volume of a two-volume series for beginning Japanese courses. Based on modern principles of second-language acquisition, it was the first beginning Japanese text to integrate the teaching of all four language skills (reading, writing, listening, speaking) and to be accompanied by a full complement of ancillary materials. Grammar is treated as a tool for developing the ability to communicate in Japanese, not as the focal point of the text. The illustration program (photographs, line drawings, realia) and the two-color, hard-cover format is unique in this field, providing an attractive context for language learning.

Korean from Zero! 1 Springer

NAKAMA 2 Enhanced is the second part of a two-year proficiency-oriented program that emphasizes practical communication and the development of listening, reading, writing, and speaking skills. The eleven thematic chapters, plus one preliminary chapter, focus on high-frequency communication situations; while chapter dialogues illustrate typical daily events representative in Japanese life and provide realistic contexts in which to learn vocabulary and grammar. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This interactive CD-ROM program is a powerful tool for beginning learners of Japanese. It is based on the popular textbook Japanese: The Spoken Language, Part I (Yale University Press, 1987). The two-disc set -- available in Macintosh and PC formats -- reflects JSL's sound methodology and, in a rich multimedia environment, complements the textbook with an innovative, interactive, and user-friendly design. It contains 125 "Core Conversation" video clips, activities for practice in context, helpful explanations about language and culture, and tools for student review and assessment, with native conversation models throughout. Whether used in the classroom or for self-study, the CD-ROM program helps students to communicate successfully in Japanese and makes learning both enjoyable and rewarding. A User's Guide, included with the CD-ROMS (and also sold separately), offers clear, concise instructions for the program's most effective use. In addition, it provides comprehensive guidance for learners of Japanese and answers to some of their commonly asked questions. A Faculty Guide is also available to help instructors incorporate into their curricula the components of Japanese: The Spoken Language, Multimedia Collection -- a grouping of new and previously published text, audio, video, and CD-ROM materials that together form a complete package for learning and teaching spoken Japanese at the beginning level.

Japanese from Zero! 4 Penguin Books India  
Japan Foreclosed Property is a guide for English-speaking foreigners to avail of the opportunities to buy foreclosed property in Japan at a substantial discount through court-administered tenders. The guide provides the reader with a broad array of resources inclusive of the political, economic, social pretext for investing in property in Japan, as well as how to participate in the process, how to research, strategies, what you need to do, and how to fix up properties. The guide is targeted at English speakers, because the author purchased several foreclosed properties in Japan, and he saw the opportunity for a guide for those people who wish to live, retire or holiday in Japan, because the country is highly regarded by expatriates.

Particles are an essential component of the Japanese language, and a facility with their use is essential for a mastery of both spoken and written forms. This new workbook will help students acquire that facility. It introduces 60 particles and their 188 basic functions in order of frequency of usage. Each function is illustrated with example sentences, and exercises are presented every few lessons to allow users to test their understanding, writing directly in the workbook and checking their work against the answers provided. A basic vocabulary is employed throughout to allow students to concentrate fully on one important goal--the mastery of Japanese particles.
