You look different in real life. [Jennifer Castle] -- "Five teens starring in a documentary film series about their ordinary lives must grapple with questions of change and identity under the scrutiny of the camera"--
[Actors who look different in real life - Good Housekeeping](#)
Because of the proximity of your face to the camera, the lens can distort certain features, making them look larger than they are in real life. Pictures also only provide a 2-D version of ourselves. Depending on your features, if you have a soft, round face, photos can flatten your features and further distort the "real" you.
